Can't Hurt Me David Goggins,2021-03-03 New York Times Bestseller Over 2.5 million copies sold For David Goggins, childhood was a nightmare -- poverty, prejudice, and physical abuse colored his days and haunted his nights. But through self-discipline, mental toughness, and hard work, Goggins transformed himself from a depressed, overweight young man with no future into a U.S. Armed Forces icon and one of the world's top endurance athletes. The only man in history to complete elite training as a Navy SEAL, Army Ranger, and Air Force Tactical Air Controller, he went on to set records in numerous endurance events, inspiring Outside magazine to name him The Fittest (Real) Man in America. In Can't Hurt Me, he shares his astonishing life story and reveals that most of us tap into only 40% of our capabilities. Goggins calls this The 40% Rule, and his story illuminates a path that anyone can follow to push past pain, demolish fear, and reach their full potential.

Things You Can't Say Jenn Bishop,2020-03-03 Perfect for fans of See You in the Cosmos and Where the Watermelons Grow, author Jenn Bishop's latest novel tells the moving story of a boy determined to uncover the truth. Nothing is going right this summer for Drew. And after losing his dad unexpectedly three years ago, Drew knows a lot about things not going right. First, it's the new girl Audrey taking over everything at the library, Drew's sacred space. Then it's his best friend, Filipe, pulling away from him. But most upsetting has to be the mysterious man who is suddenly staying with Drew's family. An old friend of Mom's? Drew isn't buying that. With an unlikely ally in Audrey, he's determined to get to the bottom of who this man really is. The thing is, there are some fears—like what if the person you thought was your dad actually wasn't—that you can't speak out loud, not to anyone. At least that's what Drew thinks. But then again, first impressions can be deceiving.

Who Says Women Can't Be Computer Programmers? Tanya Lee Stone,2018-02-20 A picture book biography of Ada Lovelace, the woman recognized today as history's first computer programmer—she imagined them 100 years before they existed! In the early nineteenth century lived Ada Byron: a young girl with a wild and wonderful imagination. The daughter of internationally acclaimed poet Lord Byron, Ada was tutored in science and mathematics from a very early age. But Ada's imagination was never meant to be tamed and, armed with the fundamentals of math and engineering, she came into her own as a woman of ideas—equal parts mathematician and philosopher. From her whimsical beginnings as a gifted child to her most sophisticated notes on Charles Babbage's Analytical Engine, this book celebrates the woman recognized today as the first computer programmer. This title has Common Core connections. Christy Ottaviano Books

God Can't Thomas Jay Oord,2019-01-05 Hurting people ask heart-felt questions about God and suffering. Some answers they receive appeal to mystery: “God’s ways are not our ways”. Some answers say God allows evil for a greater purpose. Some say evil is God's punishment. The usual answers fail. They don't support the truth that God loves everyone all the time. God Can't gives a believable answer to why a good and powerful God doesn't prevent evil. Author Thomas Jay Oord says God’s love is inherently uncontrolling. God loves everyone and everything, so God can't control anyone or anything. This means God cannot prevent evil singlehandedly. God can’t stop evildoers, whether human, animal, organism, or inanimate objects and forces. In God Can't, Oord gives a plausible reason why some are healed, but many others are not. God always works to heal everyone, but sometimes our bodies, organisms, or other creatures do not cooperate with God's healing work. Or the conditions of creation are not right for the healing God wants to do. Some people think God causes or allows suffering to teach us lessons or build our character. God Can't disagrees. Oord says God squeezes good from the evil God didn’t want in the first place. God uses pain and suffering without willing or even allowing it. Most people think God can overcome evil singlehandedly. In God Can't, Oord says God needs cooperation for love to reign now and later. This leads to a better view of the afterlife called “relentless love.” It rejects traditional ideas of heaven, hell, and annihilation. Relentless love holds to the possibility all creatures and all creation will respond to God’s love. God Can't is written in understandable language. As a world-renown theologian, Thomas Jay Oord brings credibility to the book’s radical ideas. He explains these ideas through true stories, illustrations, and scripture. God Can't is for those who want answers to tragedy, abuse, and other evils that make sense! What They're Saying... “If conventional notions of God make less and less sense to you, you’ll find Thomas Jay Oord’s new book a breath of fresh air. Simply put, “God Can’t” presents an understanding of God that thoughtful, ethical people can believe in.” -- Brian D. McLaren, author of The Great Spiritual Migration I did not want this book to end. I wish Dr. Oord had written it 100 years ago, or 1000 years ago... To find your understanding of life and your love for God renewed, read this book. -- Dr. Karen Strand Winslow, Ph.D., Biblical and Jewish Studies Professor of Bible, Azusa Pacific University As a clinical psychologist working with people in trauma, I owe Thomas Jay Oord an enormous debt of gratitude for recasting the so-called problem of evil in terms that are conceptually satisfying, theologically consistent, and pastorally liberating.” -- Dr Roger Bretherton- Principal Lecturer at the University of Lincoln (UK), Chair of the British Association of Christians in Psychology “Victims of trauma sometimes hear theological responses that imply their suffering is somehow “God’s will. A more careful theological reflection on the nature of the power of a God who is love can help. Oord gives us a clear and compelling alternative in this profoundly insightful and admirably concrete and accessible book.” -- Dr. Anna Case-Winters, Professor of Theology at McCormick Theological Seminary “I know of no book that speaks to suffering with the depth of theological sophistication and psychological sensitivity as God Can’t. This book is a rare combination of depth and accessibility, truly written for the wounded. I recommend it to my students, parishioners, and therapy clients.” -- Dr. Brad D. Strawn, Professor of the Integration of Psychology and Theology, Fuller Theological Seminary

No Such Thing as Can't Lisa Sexton,Tyler Sexton,2020-03-03 There are many books about overcoming obstacles, but this quintessential story of victory over limitations is unique. How many doctors have cerebral palsy? Not many. Yet this disability was part of the Great Physician's plan for Tyler Sexton. Because of it, Tyler has become a role model for others facing adversity, including his patients. He has also become a humble healer who uses his heart and faith along with his intellect and training to help kids and give them hope. Tyler's story has been featured on ABC's 20/20 and was the basis for many episodes of ABC's new show The Good Doctor. This is a story of a man who says, "I'd rather walk with a limp in Christ than with a strut in the world"; who wears superhero T-shirts and tells his little patients they're "super" too, despite their physical problems; and whose stint at a medical school in the Caribbean completely erased the islanders' negative view of disability. Through this inspiring true story, people will be encouraged to face adversity with hope, determination, and the strength of Christ.

Can't Go Home Melinda Di Lorenzo,2022-01-20 "Do you remember Savannah?" How could she forget? Two decades ago, Trinity Calhoun's best friend—18-year-old Savannah Stuart—went missing. Just weeks later, Savannah's body was found brutally slain outside the mountain town. With no suspects or leads, the local authorities dismissed the murder as a tragic one-off, likely perpetrated by a tourist. But Trinity wasn't convinced. Determined to do better for other victims, she left town and settled in Vancouver, rising through the ranks to become a detective. She's never looked back. But now, an unexpected phone call from her former lover has her barreling down the highway to face the past. Another young woman has disappeared under eerily similar circumstances. Allegedly. But the local police are disinterested. Trinity's ex has a tenuous—at best—hold on his mental and physical health. And Savannah's secretive and handsome brother is in town, asking an awful lot of questions. Trinity's focus is clouded. Maybe her judgment, too. As she wades through her past, she needs to answer a potentially life-threatening question: is there a dangerous, repeat criminal on the loose, or is she just desperate for closure?

We Can't Be Friends Cyndy Etler,2017-10-03 The companion to The Dead Inside, [An] unnerving and heartrending memoir (Publishers Weekly) This is the story of my return to high school. This is the true story of how I didn't die. High school sucks for a lot of people. High school extra sucks when you believe, deep in your soul, that every kid in the school is out to get you. I wasn't popular before I got locked up in Straight Inc., the notorious tough love program for troubled teens. So it's not like I was walking around thinking everyone liked me. But when you're psychologically beaten for sixteen months, you start to absorb the lessons. The lessons in Straight were: You are evil. Your peers are evil. Everything is evil except Straight, Inc. Before long, you're a true believer. And when you're finally released, sent back into the world, you crave safety. Crave being back in the warehouse. And if you can't be there, you'd rather be dead.

You Can't Go Home Again Thomas Wolfe,2011-10-11 Now available from Thomas Wolfe's original publisher, the final novel by the literary legend, that "will stand apart from everything else that he wrote" (The New York Times Book Review)—first published in 1940 and long considered a classic of twentieth century literature. A twentieth-century classic, Thomas Wolfe's magnificent novel is both the story of a young writer longing to make his mark upon the world and a sweeping portrait of America and Europe from the Great Depression through the years leading up to World War II. Driven by dreams of literary success, George Webber has left his provincial hometown to make his name as a writer in New York City. When his first novel is published, it brings him the fame he has sought, but it also brings the censure of his neighbors back home, who are outraged by his depiction of them. Unsettled by their reaction and unsure of himself and his future, Webber begins a search for a greater understanding of his artistic identity that takes him deep into New York's hectic social whirl; to London with an uninhibited group of expatriates; and to Berlin, lying cold and sinister under Hitler's shadow. He discovers a world plagued by political uncertainty and on the brink of transformation, yet he finds within himself the capacity to meet it with optimism and a renewed love for his birthplace. He is a changed man yet a hopeful one, awake to the knowledge that one can never fully "go back home to your family, back home to your childhood...away from all the strife and conflict of the world...back home to the old forms and systems of things which once seemed everlasting but which are changing all the time."

Can't Erase My Thoughts Makeida Safiyyah Reed,2013 Sometimes you feel that there is no one on this earth you can talk to that will understand what you're feeling and/or going through: writing seems to be the only outlet. Not one's life is exactly the same as another's, yet as human beings, we experience similar emotions and situations. Just when you think you're the only one feeling a certain way, you can watch a movie or a television show, listen to a song, or just read this book and you'll see that you aren't alone. Enclosed in this book is a collection of the author's many thoughts and feelings; a record of in-the-moment, raw emotion. The poems are mainly about love, but also touch upon family, death, education, relationships, etc. These poems offer a glimpse of the author's personal life as she reflects on themes from childhood to the present. The author has written over two hundred poems but has selected an arrangement of those pieces she finds most inspiring to be included in her first published work. So, go ahead and enjoy this distinctive take on life.

If Satan Can't Steal Your Joy... Jerry Savelle,2002-06-01 The Joy of the Lord is Your Strength! We read this verse in the Bible, we hear about it in sermons, we even sing about it. But what does this really mean? Simply this: The devil can't defeat a joyful believer! No matter how bleak your problem looks or how bad your circumstances are, if you can read your Bible, you can rejoice. And if you can...

Can't Stop Believing Jodi Thomas,2013 In New York Times-bestselling author Thomas's small town of Harmony, Texas, a generations-old feud is about to come to a head. And the stakes couldn't be higher with two hearts on the line. Original.

Can't Eat, Won't Eat Brenda Legge,2002-01-15 Finding out that your child has Asperger's Syndrome or Autism can be devastating enough, but when you discover that he or she won't eat 99.9 per cent of all food and drink in the known universe, the fun really starts. This was the situation the author found herself in a decade ago when her son first took a dislike to milk, and then to virtually every other substance she attempted to feed him. Her book was written to reassure other parents that there are lots of people out there in the same boat, and to suggest practical methods of dealing with the problem. As well as drawing on her own experience, the author has spoken to parents, children, and professionals with first-hand knowledge of dietary difficulties, and their advice and comments form a key part of the book.

Can't Stop The Feeling Janet Elizabeth Henderson,2022-11-18 The local branch of the Scottish Women's Institute want to use Kintyre Mansion to hold their annual fundraising ball. There's only one problem—its owner. Duncan Stewart is a young widower, still reeling from grief two years after losing his wife, and making the town suffer while he does it. The artist doesn't paint anymore—he's become a bad-tempered recluse. The only person he can tolerate for any length of time is his housekeeper—whom he feels overly protective toward, in a professional sort of way...mostly. It seems his grief is coming to an end, and the only woman who interests him in the slightest is the one who's off limits. The one who works for him. And, the one who's very much up to something... Donna Sinclair, the mansion's housekeeper, is well known for her three weaknesses: being a sucker for a good sob story, an injured animal and a lost soul. And there are days when her boss is all three—and it makes him a little cranky. Which is why she hasn't told him that she's given the Women's Institute permission to hold their fundraising ball at the mansion. Now all she needs to do is get him out of the building for the weekend of the party. There's only one problem with her plan—Duncan is practically a hermit and has barely set foot out of the mansion since his wife died. But Donna has a secret weapon on her side—her crazy sisters who would do just about anything to help her out!
