**The Index Card** Helaine Olen,Harold Pollack,2016-01-05 “The newbie investor will not find a better guide to personal finance.” —Burton Malkiel, author of A RANDOM WALK DOWN WALL STREET TV analysts and money managers would have you believe your finances are enormously complicated, and if you don’t follow their guidance, you’ll end up in the poorhouse. They’re wrong. When University of Chicago professor Harold Pollack interviewed Helaine Olen, an award-winning financial journalist and the author of the bestselling Pound Foolish, he made an offhand suggestion: everything you need to know about managing your money could fit on an index card. To prove his point, he grabbed a 4 x 6 card, scribbled down a list of rules, and posted a picture of the card online. The post went viral. Now, Pollack teams up with Olen to explain why the ten simple rules of the index card outperform more complicated financial strategies. Inside is an easy-to-follow action plan that works in good times and bad, giving you the tools, knowledge, and confidence to seize control of your financial life.

Card Control Arthur H. Buckley,2012-04-30 This profusely illustrated book demonstrates step by step the astonishing card magic cultivated by one of the premier sleight-of-hand artists of the 20th century. It presents maneuvers that have left theater audiences amazed and that card-playing professionals have used to great advantage. It is not a book for beginners, but will help those with basic card expertise reach new levels of performance in their art. Among the moves are shifts, palms, glides, false shuffles, cuts, fans, and steals. You'll learn how to do the false table riffle shuffle, how to deal from the bottom, how to know an opponent's hole card, how to warm up a cold deck, and much more. In addition, the author presents forty dazzling deceptions guaranteed to amaze your audience: Confusion, Birds of a Feather, The Ambitious Card, A Brilliant Climax, Your Favorite Ace, A Quickie, The Obtrusive Queens, and many more. Over 300 photographs show the practitioner's exact hand positions during each critical move. Australian-born Arthur H. Buckley became well known in America for the magic he worked with cards on the major vaudeville circuits of the 1920s. Schooled by the great sleight-of-hand artists he met in the entertainment business and by professional gamblers he met in his early years touring Australia, his absolute mastery of the most artful and demanding card-handling routines was legendary. In 1946, he wrote this practical guide revealing in detail the secrets of his art. Inspiration. Success. Confidence. Passion. No one is born with these qualities, but they are the key ingredients for reaching goals, building careers, or taking a blueprint and turning it into a breathtaking skyscraper. In The Trump Card, Ivanka Trump recounts the compelling story of her upbringing as the ultimate Apprentice, the daughter of Donald and Ivana Trump, and shares the life lessons and hard-won insights that have made her a rising star in the business world. Whether it’s landing that first job, navigating the workplace, or making a lasting impact, Ivanka’s valuable, practical advice for young women shows how to: • Use uncertainty to your advantage—thrive in any environment • Step up and get noticed at work—focus and efficiency will open doors • Create a strong and consistent identity—your name and reputation are your best assets • Know what you want—get the most out of any negotiation. Ivanka also taps into the wisdom of today’s leaders, including Arianna Huffington, Russell Simmons, and Cathie Black, with “Bulletins” from her BlackBerry. “We’ve all been dealt a winning hand,” she writes, “and it is up to each of us to play it right and smart.”

**Red Card** Ken Bensinger,2019-06-11 The definitive, shocking account of the FIFA scandal—the biggest corruption case of recent years—involving dozens of countries and implicating nearly every aspect of the world’s most popular sport, soccer, including the World Cup is “an engrossing and jaw-dropping tale of international intrigue...A riveting book” (The New York Times). The FIFA case began small, boosted by an IRS agent’s review of an American soccer official’s tax returns. But that humble investigation eventually led to a huge worldwide corruption scandal that crossed continents and reached the highest levels of the soccer’s world governing body in Switzerland. “The meeting of American investigative reporting and real-life cop show” (The Financial Times), Ken Bensinger’s Red Card explores the case, and the personalities behind it, in vivid detail. There’s Chuck Blazer, a high-living soccer dad who ascended to the highest ranks of the sport while creaming millions from its coffers; Jack Warner, a Trinidadian soccer official whose lust for power was matched only by his boundless greed; and the sport’s most powerful man, FIFA president Sepp Blatter, who held on to his position at any cost even as soccer rotted from the inside out. Remarkably, this corruption existed for decades before American law enforcement officials began to secretly dig, finally revealing that nearly every aspect of the planet’s favorite sport was corrupted by bribes, kickbacks, fraud, and money laundering. Not even the World Cup, the most-watched sporting event in history, was safe from the thick web of corruption, as powerful FIFA officials extracted their bribes at every turn. “A gripping white-collar crime thriller that, in its scope and human drama, ranks with some of the best investigative business books of the past thirty years” (The Wall Street Journal), Red Card goes beyond the headlines to bring the real story to light.

*There Is No Good Card for This* Kelsey Crowe,Emily McDowell,2017-01-17 The creator of the viral hit Empathy Cards teams up with a compassion expert to produce a visually stunning and groundbreaking illustrated guide to help you increase your emotional intelligence and learn how to offer comfort and support when someone you know is in pain. It is a helpful illustrated guide to effective compassion that takes you, step by step by step, past the paralysis of thinking about someone in a difficult time to actually doing something (or nothing) with good judgment instead of fear. There Is No Good Card for This features workbook exercises, sample dialogs, and real-life examples from Dr. Crowe’s research, including her popular Empathy Bootcamps that give people tools for building relationships when it really counts. Whether it’s a coworker whose mother has died, a neighbor whose husband has been in a car accident, or a friend who is seriously ill, There Is No Good Card for This teaches you how to be the best friend you can be to someone in need.
