Casino Nicholas Pileggi, 2016-10-18 The true story behind the Martin Scorsese film: A “riveting . . . account of how organized crime looted the casinos they controlled” (Kirkus Reviews). Focusing on Chicago bookie Frank “Lefty” Rosenthal and his partner, Anthony Spilotro, and drawing on extensive, in-depth interviews, the #1 New York Times–bestselling author of the Mafia classic *Wiseguy*—basis for the film *Goodfellas*—Nicholas Pileggi reveals how the pair worked together to oversee Las Vegas casino operations for the mob. He unearths how Teamster pension funds were used to take control of the Stardust and Tropicana and how Spilotro simultaneously ran a crew of jewel thieves nicknamed the “Hole in the Wall Gang.” For years, these gangsters kept a stranglehold on Sin City’s brightly lit nightspots, skimming millions in cash for their bosses. But the elaborate scheme began to crumble when Rosenthal’s disproportionate ambitions drove him to make mistakes. Spilotro made an error of his own, falling for his partner’s wife, a troubled showgirl named Geri. It would all lead to betrayal, a wide-ranging FBI investigation, multiple convictions, and the end of the Mafia’s longstanding grip on the multibillion-dollar gaming oasis in the midst of the Nevada desert. *Casino* is a journey into 1970s Las Vegas and a riveting nonfiction account of the world portrayed in the Martin Scorsese film of the same name, starring Robert DeNiro, Joe Pesci, and Sharon Stone. A story of adultery, murder, infighting, and revenge, this “fascinating true-crime Mob history” is a high-stakes page-turner (Booklist).

Super Casino Pete Earley, 2009-11-04 In this lively and probing book, award-winning author Pete Earley traces the extraordinary evolution of Las Vegas -- from the gaudy Mecca of the Rat Pack era to one of the country's top family vacation spots. He revisits the city's checkered history of moguls, mobsters, and entertainers, reveals the real stories of well-known power brokers like Steve Wynn and legends like Howard Hughes and Bugsy Siegel, and offers a fascinating portrait of the life, death, and

fantastic rebirth of the Las Vegas Strip. Earley also documents the gripping tale of the entrepreneurs behind the rise and fall and rise again of one of the largest gaming corporations in the nation, Circus Circus -- to which he was given unique access. In his trademark you-are-there style, he takes us behind the scenes to meet the blackjack dealers and hookers, the heavy hitters and bit players, the security officers, cabbies, and showgirls who are caught up in the mercurial pace that pulses at the heart of this astounding city.

The Casino Answer Book John Grochowski,1998 In casino gambling there's a house advantage built into every game. John Grochowski shows you how to beat that advantage and increase your winning odds in three of the most popular casino games (blackjack, video poker, and roulette).

Casino Craps Frank Scoblete,2010-05 The most comprehensive craps book ever written, this is the book that gives readers everything needed to get a real, verifiable edge at the game of craps. The authors, two of the greatest living dice controllers, share, in words and pictures, their secret Golden Touch technique and give the edge needed to beat the house. Readers will learn several keys to winner craps, including how the game is really played, how to develop a Golden Touch controlled throw, which are the best and worst bets and buy bets, how to reduce the hit of the house edge by using the five count, how to push the casino to give a better game than advertised, how to set the dice to reduce or increase the appearance of different numbers, and how to judge what a real edge means.

The Global Casino Nick Middleton, 2013-07-18 The Global Casino is an introduction to environmental issues which deals both with the workings of the physical environment and the political, economic and social frameworks in which the issues occur. Using examples from all over the world, the book highlights the underlying causes behind environmental problems, the human actions which have made them issues, and the hopes for solutions. It is a book about the human impact on the environment and the ways in which the natural environment impacts human society. The fifth edition has been fully revised and updated throughout, with new case studies, figures, and online resources such as downloadable figures and tables from the text and multiple choice questions for students, accessible at: www.routledge.com/cw/middleton. New topics covered in extended boxed case studies include payment for environmental

services, ocean acidification, biofuels in Brazil, waste reduction through industrial symbiosis, and the long-term impact of natural disasters on vulnerable groups. Other approaches and concepts covered for the first time in this new edition include traditional ecological knowledge, environmental justice, the 'resource curse', and urban biodiversity. Eighteen chapters on key issues follow three initial chapters which outline the background contexts of the physical and human environments and the concept of sustainable development. Each chapter provides historical context for key issues, outlines why they have arisen, and highlights areas of controversy and uncertainty to appraise how issues can be resolved both technically and in political and economic frameworks. Each chapter also contains an updated critical guide to further reading and websites, as well as discussion points and essay questions. The text can be read in its entirety or individual chapters adopted as standalone reading. The Global Casino is an essential resource for students of the environment, geography, earth sciences and development studies. It provides comprehensive and inspirational coverage of all the major global environmental issues of the day in a style that is clear and critical.

The Winner's Guide to Casino Gambling Edwin

Silberstang, 2005-04 The definitive guide to the best strategies at the gambling table-now in a fully revised and updated fourth edition Long recognized as the gambler's bible, The Winner's Guide to Casino Gambling has been completely revised and expanded to include new rules and strategies for every major game in the casino, including several popular new ones. Trade Like a Casino Richard L. Weissman, 2011-09-02 A detailed look at the common characteristics found in most successful traders While there are a variety of approaches to trading in the financial markets, profitable traders tend to share similar underlying characteristics. Most have a methodology that they believe will prove profitable over the long run and are willing to endure short-term setbacks. If you're looking to make the most of your time in today's markets, you need to understand what separates the best from the rest. And with Trade Like a Casino, you'll gain the knowledge needed to excel at this challenging endeavor. Engaging and informative, this reliable guide identifies and explains the key techniques and mental processes characteristic of successful traders. It reveals that successful traders operate very much like a casino in that they develop a method that gives them positive expectancy and they unflappably implement the method in the face of changing, and oftentimes volatile, market conditions. Page by page, the book explores the intricacies of methodology, mental control, and flexibility that allow traders to develop and maintain the casino-like edge. Reveals how many successful traders tend to follow the same general principles, even if their approach to trading may differ Explores how to account for the risk of being wrong and the market moving against you Discusses how to develop an approach that combines trade selection with sound risk management, avoids emotional attachment to positions, exploits volatility cycles, and focuses on market action Regardless of how you approach markets, the insights found here will help improve the way you trade by putting you in a better position to distinguish the

differences between successful and unsuccessful traders.

Casino Moon Peter Blauner, 2011-03-29 DIVDIVA murder draws the son of an Atlantic City mobster deep into the world he has tried to escape from./divDIV /divDIVRaised in the Atlantic City Cosa Nostra, Anthony Russo spent his life trying to escape the mob. But his stepfather has dreams for the boy—to be a consigliere or maybe even the capo of his own crew some day. So far, Anthony has stayed away, but one night at a dive called Rafferty's, not far from the glitz of the casinos, he gets sucked into the whirlpool of organized crime./divDIV /divDIVHis stepfather brings him there to kill a rival thug, and even though Anthony balks, the man ends up dead, with Anthony an accessory to the killing. As he falls deeper into the world of easy money and quick death, he must draw on talents he didn't know he had in order to survive./divDIV /divDIVThis ebook features an illustrated biography of Peter Blauner including rare photos and never-before-seen documents from the author's personal collection./div /div

Casino Nicholas Pileggi, 2015-08-13 The Stardust... The Fremont... The Marina. They ran them all. And they lost. Big time. No one knew more about casinos than Frank 'Lefty' Rosenthal, the gambling mastermind who, along with his best friend and partner, Anthony 'the Ant' Spilotro, virtually ran Las Vegas for the mob. For years it was the perfect arrangement – Lefty provided the smarts, while Tony kept the bosses happy with weekly suitcases filled with millions in skimmed cash. It should have lasted forever but Lefty's obsessions with running the town – and Tony's obsession with Lefty's beautiful showgirl wife, Geri – eventually led to betrayals and investigations that exploded into one of the greatest scandals in mob history. *Casino* is the shattering inside account of how the mob finally lost its stranglehold on Las Vegas, the neon money-making machine it had created.

Risk and Reward N. Richard Werthamer, 2009-07-07 For decades, casino gaming has been steadily increasing in popularity worldwide. Blackjack is among the most popular of the casino table games, one where astute choices of playing strategy can create an advantage for the player. RISK AND REWARD analyzes the game in depth, pinpointing not just its optimal strategies but also its financial performance, in terms of both expected cash flow and associated risk. The book begins by describing the strategies and their performance in a clear, straightforward style. The presentation is self-contained, non-mathematical, and accessible to readers at all levels of playing skill, from the novice to the blackjack expert. Careful attention is also given to simplified, but still nearly optimal strategies that are easier to use in a casino. Unlike other books in the literature the author then derives each

aspect of the strategy mathematically, to justify its claim to optimality. The derivations mostly use algebra and calculus, although some require more advanced analysis detailed in supporting appendices. For easy comprehension, formulae are translated into tables and graphs through extensive computation. This book will appeal to everyone interested in blackjack: those with mathematical training intrigued by its application to this popular game as well as all players seeking to improve their performance.

The Casino, Card and Betting Game Reader Mark R. Johnson, 2021-12-30 Casino games and traditional card games have rich and idiosyncratic histories, complex subcultures and player practices, and facilitate the flow of billions of dollars each year through casinos and card rooms, and between professional players and amateurs. They have nevertheless been overlooked by game scholars due to the negative ethical weight of “gambling” – with such games pathologized and labelled as deviance or mental illness, few look beyond to unpick the games, their players, and their communities. The Casino, Card and Betting Game Reader offers 25 chapters studying the communities playing these games, the distinctive cultures and practices that have emerged around them, their activities and beliefs and interpersonal relationships, and how these games influence – both positively and negatively – the lives and careers of millions of game players around the world. It is the first of a new series of edited collections, *Play Beyond the Computer*, dedicated to exploring the play of games beyond computers and games consoles.

Zombie Politics and Culture in the Age of Casino Capitalism Henry A. Giroux, 2011 *Zombie Politics and Culture in the Age of Casino Capitalism* capitalizes upon the popularity of zombies, exploring the relevance of the metaphor they provide for examining the political and pedagogical conditions that have produced a growing culture of sadism, cruelty, disposability, and death in America. The zombie metaphor may seem extreme, but it

is particularly apt for drawing attention to the ways in which political culture and power in American society now operate on a level of mere survival. This book uses the metaphor not only to suggest the symbolic face of power: beginning and ending with an analysis of authoritarianism, it attempts to mark and chart the visible registers of a kind of zombie politics, including the emergence of right-wing teaching machines, a growing politics of disposability, the emergence of a culture of cruelty, and the ongoing war being waged on young people, especially on youth of color. By drawing attention to zombie politics and authoritarianism, this book aims to break through the poisonous common sense that often masks zombie politicians, anti-public intellectuals, politics, institutions, and social relations, and bring into focus a new language, pedagogy, and politics in which the living dead will be moved decisively to the margins rather than occupying the very center of politics and everyday life.
