Do the Right Thing James F. Parker,2007-11-29 The #1 Principle of Sustainable Business Success Is Simpler Than You Think “Do the Right Thing is about how any company can stay true to its soul. Jim Parker’s deep and abiding belief in the power of people and culture in building a business of lasting worth is evident everywhere; so too is his humility and selflessness as a leader--his stories are not about his own achievements, which are many, but those of the people he led, one of the great success stories of our time.” --Sean Moriarty, CEO, Ticketmaster “Do the Right Thing offers insightful views into the culture, leadership, and decisions that build great companies the right way. A must read for my management team. THIS BOOK ROCKS.” --Kent Taylor, Founder and Chairman, Texas Roadhouse Restaurants “The book is a fun read filled with memorable stories that get at the heart of what it takes to lead in a way that simultaneously satisfies employees, customers, and shareholders. Jim Parker plays the role of eloquent detective and ferrets out the interweaving parts that distributed leadership, culture, values, and teamwork play as the underlying layers of a company’s success. This is a book about heroes at all levels and the environment needed to create those heroes. A must-read for today’s leaders.” --Professor Deborah Ancona, Seley Distinguished Professor of Management and Faculty Director of the MIT Leadership Center, Sloan School of Management “You’ll laugh and cry reading Jim’s book, and probably won’t be able to put it down. It will forever change the way you view the employees in your organization.” --Beverly K. Carmichael, Member, Board of Directors, Society for Human Resource Management People matter most. You know that. But most companies would rather slash costs, cut headcount, replace well-paid employees with lower-paid employees or outsourced workers, and reduce customer service. No wonder so many fail--while others focused on doing the right thing remain profitable and growth oriented for decades. James F. Parker shows why “doing the right thing” isn’t just naïve “feel-goodism:” it’s the most powerful rule for business success. Parker’s stories won’t just convince you: They’ll move you. Naïve? No way. In this book, Southwest Airlines’ former CEO proves why doing what’s right is the #1 rule of business success. James F. Parker tells how after 9/11, Southwest made three pivotal decisions: no layoffs, no pay cuts, and no-hassle refunds for any customer wanting them. The result: Southwest remained profitable and its revenue passenger miles for 4Q01 held steady while the rest of its industry nearly collapsed...and Southwest’s market cap soon exceeded all its major competitors combined. These pivotal decisions grew naturally from Southwest’s culture of mutual respect and trust. Parker offers deeply personal insights into that culture, revealing how those same principles are used by other people and organizations, showing you that it’s really not that hard to Do The Right Thing! Why doing what’s right is the surest way to optimize and sustain value Putting people first...honestly, for real Finding great leaders at every level of the organization Hiring for attitude, training for skills Achieving unprecedented levels of teamwork (and fun!)

Fishing Differently Rev. Dr. Sidney Williams, Jr.,2018-05-01 The first year of a new pastoral assignment in an established congregation is often referred to as the honeymoon phase, but this can be extremely misleading. Getting the first year right in a new pastoral assignment will actually require a profound understanding of the historical narrative [story] of the congregation, as well as discernment about the preparedness of the congregation to move into a season of transition. Fishing Differently not only offers critical insight on this process and practical examples, but will also help pastors and church leaders access the marketplace for funding relevant and impactful ministries according to Jeremiah 29:7. “Seek the peace and prosperity of the city to which I have carried you into exile. Pray to the Lord for it, because if it prospers, you will prosper too.”

Battle For Your Life Joe Warner,2017-01-18 Many times in life, we seem to battle with the same debilitating issues—from negative habits, thoughts, or emotions, to fears, triggered-reactions, and other matters that adversely affect us. Is there any way to break free from the patterns that bind us, short-circuit us, or leave us in a place we really don’t want to be? Just as God has a plan for your life and strategies to help you, Satan has also crafted specifically-targeted schemes designed just for you. In Battle for Your Life, Pastor Joe Warner will take you into the Word of God, exposing the enemy’s schemes and revealing the answers to the issues that keep showing up in your life. You will learn how to get to the root of those schemes, understand them, and annihilate their effects! Warner has spent three decades successfully ministering these truths to thousands of people around the world—those who were once “stuck” in life and are now free! As you read Battle for Your Life: Defeating the Schemes of the Enemy, you will experience the lights coming on and the darkness being dispelled in your own life. Quentins Maeve Binchy,2003-08-26 #1 New York Times bestselling author Maeve Binchy tells the story of a generation and a city through the history of a Dublin restaurant in this “warm-hearted” (Boston Herald) enthralling novel. Ella Brady wants to film a documentary about Quentins that will capture the spirit of Dublin from the 1970s to the present day. After all, the restaurant saw the people of a city become more confident in everything from their lifestyles to the food that they chose to eat. And Quentins has a thousand stories to tell. But as Ella uncovers more of what has gone on at Quentins, she begins to wonder whether some secrets should be kept that way... “Quentins is not just any Dublin restaurant; it’s a place where wedding proposals, business deals, family ties, and friendships are forged (and sometimes broken).”—The Seattle Times

Adapt or Die Dub Maddox,2018-03-28 Football is evolving rapidly. Defenses are accelerating their ability to adapt to the no-huddle tempo, the full-field passing attack, and RPO advancements of the modern Offensive passing game. The Offense must adapt or get left behind. Fortunately, the R4 System continually advances, making an already proven equalizer the decisive weapon to fast-track Offensive adaptability against the modern warfare of Defense. Dub Maddox picks up where he left off with “Headset to Helmet.” In “Adapt or Die,” he provides an R4 field manual for coaches and players that provides fundamental tools to improve

timing and space creation. Then he reveals how to implement new R4 scheme strategies that drive adaptability through simplicity. In this book you will learn how to:

- Maximize drop-time advantages with a “toolbox” of quarterback under-center and shotgun drop
- Increase route-side space advantage with a “toolbox” of wide receiver releases
- Apply and execute specific route techniques for the Rhythm, Read, Rush and Release families
- Reduce the number of concepts carried into the game by creating plays within a pass play
- Apply progression platforms that accelerate adaptability for any concept
- Implement the R4 route rules to maintain a full-field attack on any given pass play
- Advance R.P.O. concepts with route attachment progressions

The Book of Hidden Things Francesco Dimitri,2018-07-03 From one of the most significant figures of the last generation of fantasy, comes Francesco Dimitri's debut novel in English, an enthralling and seductive fantasy following four old friends and the secrets they keep. Four old school friends have a pact: to meet up every year in the small town in Puglia they grew up in. Art, the charismatic leader of the group and creator of the pact, insists that the agreement must remain unshakable and enduring. But this year, he never shows up. A visit to his house increases the friends' worry; Art is farming marijuana. In Southern Italy doing that kind of thing can be very dangerous. They can't go to the Carabinieri so must make enquiries of their own. This is how they come across the rumours about Art; bizarre and unbelievable rumours that he miraculously cured the local mafia boss's daughter of terminal leukaemia. And among the chaos of his house, they find a document written by Art, *The Book of Hidden Things*, that promises to reveal dark secrets and wonders beyond anything previously known. Francesco Dimitri's first novel written in English, following his career as one of the most significant fantasy writers in Italy, will entrance fans of Elena Ferrante, Neil Gaiman and Donna Tartt. Set in the beguiling and seductive landscape of Southern Italy, this story is about friendship and landscape, love and betrayal; above all it is about the nature of mystery itself.

Reclaiming Prophecy Darin Slack,2015-05-16 Is there a way to experience prophetic ministry in a God-honoring way—without all the mess and confusion? Prophetic ministry is the Holy Spirit's gift to the Church. Yet this gift has been abused, confused, and misused, making it difficult for today's Church leaders to embrace. With biblically sound delivery, Darin Slack offers a compelling perspective based on his thirty years of experience in prophetic ministry. He challenges indifference and complacency, while discouraging doctrinal disorder in the administration of the gift. Slack provides a powerful and much needed balance that will allow Church leaders to see the great potential for blessing in the prophetic while reducing the risk. Through Scripture, Slack offers leaders, from all doctrinal backgrounds, a faith-building process for realizing prophecy that leads to Church edification. (1 Cor. 14:3) This book is a must-have for every pastor or Church leader who desires to scripturally understand and implement prophetic ministry.
