*The New Rules of Cheese* Anne Saxelby, 2020-10-20 A fun and quirky guide to the essential rules for enjoying cheese “The New Rules of Cheese will empower you to choose a more flavorful future, one that supports the small dairies and cheesemakers that further the diverse and resilient landscape we so desperately need.”—Dan Barber, chef and co-owner of Blue Hill NAMED ONE OF THE BEST COOKBOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND THE ATLANTA JOURNAL-CONSTITUTION This richly illustrated book from a lauded cheesemonger—perfect for all cheese fans, from newcomers to experts—teaches you how to make a stylish cheese platter, repurpose nibs and bits of leftover cheese into something delicious, and expand your cheese palate and taste cheeses properly. Cheese and Culture Paul Kindstedt, 2012-04-01 Behind every traditional type of cheese there is a fascinating story. By examining the role of the cheesemaker throughout world history and by understanding a few basic principles of cheese science and technology, we can see how different cheeses have been shaped by and tailored to their surrounding environment, as well as defined by their social and cultural context. Cheese and Culture endeavors to advance our appreciation of cheese origins by viewing human history through the eyes of a cheese scientist. There is also a larger story to be told, a grand narrative that binds all cheeses together into a single history that started with the discovery of cheese making and that is still unfolding to this day. This book reconstructs that 9000-year story based on the often fragmentary information that we have available. Cheese and Culture embarks on a journey that begins in the Neolithic Age and winds its way through the ensuing centuries to the present. This tour through cheese history intersects with some of the pivotal periods in human prehistory and ancient, classical, medieval, renaissance, and modern history that have shaped western civilization, for these periods also shaped the lives of cheesemakers and the diverse cheeses that they developed. The book offers a useful lens through which to view our twenty-first century attitudes toward cheese that we have inherited from our past, and our attitudes about the food system more broadly. This refreshingly original book will appeal to anyone who loves history, food, and especially good cheese--Provided by publisher.

**One-Hour Cheese** Claudia Lucero, 2014-05-06 It's a DIY cook's dream come true: It's pizza night, and you've made not only the crust and sauce but the mozzarella, too. Or you're whipping up quesadillas for a snack, using your homemade Triple Pepper Hack. Or the dinner party's in high gear

and out comes the cheese plate—and yes, you've made all the cheeses on it. Even better—you made them all earlier that day. In a cookbook whose results seem like magic but whose recipes and instructions are specific, easy-to-follow, and foolproof, Claudia Lucero shows step by step—with every step photographed—exactly how to make sixteen fresh cheeses at home, using easily available ingredients and tools, in an hour or less. The approach is basic and based on thousands of years of cheesemaking wisdom: Heat milk, add coagulant, drain, salt, and press. Simple variations produce delicious results across three categories—Creamy and Spreadable, Firm and Chewy, and Melty and Goopy. And just as delicious, the author shows the best ways to serve them, recipes included: Squeaky “Pasta” Primavera, Mozzarella Kebab Party, and Curry in a Hurry Lettuce Wraps.

**Who Moved My Cheese?** Spencer Johnson, 1998-09-08 THE #1 INTERNATIONAL BESTSELLER WITH OVER 28 MILLION COPIES IN PRINT! A timeless business classic, *Who Moved My Cheese?* uses a simple parable to reveal profound truths about dealing with change so that you can enjoy less stress and more success in your work and in your life. It would be all so easy if you had a map to the Maze. If the same old routines worked. If they'd just stop moving The Cheese. But things keep changing... Most people are fearful of change, both personal and professional, because they don't have any control over how or when it happens to them. Since change happens either to the individual or by the individual, Dr. Spencer Johnson, the coauthor of the multimillion bestseller *The One Minute Manager*, uses a deceptively simple story to show that when it comes to living in a rapidly changing world, what matters most is your attitude. Exploring a simple way to take the fear and anxiety out of managing the future, *Who Moved My Cheese?* can help you discover how to anticipate, acknowledge, and accept change in order to have a positive impact on your job, your relationships, and every aspect of your life.

Miyoko shows how to tease artisan flavors out of unique combinations of ingredients, such as rejuvelac and nondairy yogurt, with minimal effort. The process of culturing and aging the ingredients produces delectable vegan cheeses with a range of consistencies from soft and creamy to firm. For readers who want to whip up something quick, Miyoko provides recipes for almost-instant ricotta and sliceable cheeses, in addition to a variety of tangy dairy substitutes, such as vegan sour cream, creme fraiche, and yogurt. **The Cheese Chronicles** Liz Thorpe, 2009-07-28 *The Cheese Chronicles* is an insider's look at the burgeoning world of American cheese from one lucky person who has seen more wedges and wheels, visited more cheesemakers, and tasted more delicious (and occasionally stinky) American cheese than anyone else. Liz Thorpe, second in command at New York's renowned Murray's Cheese, has used her notes and conversations from hundreds of tastings spanning nearly a decade to fashion this odyssey through the wonders of American cheese. Offering more than eighty profiles of the best, the most representative, and the most important cheesemakers, Thorpe chronicles American cheesemaking from the brave foodie hobbyists of twenty years ago (who put artisanal cheese on the map) to the carefully cultivated milkers and makers of today. Thorpe travels to the nation's cheese farms and factories, four-star kitchens and farmers' markets, bringing you along for the journey. In her quest to explore cheesemaking, she highlights the country's greatest cheeses and concludes that today's cheesemakers can help provide more nourishing and sensible food for all

Americans. Steve Jenkins, author of the celebrated *Cheese Primer*, calls this the best book about cheese you'll ever read. *The Cheese Chronicles* is a cultural history of an industry that has found breakout success and achieved equal footing with its European cousins.

*The New Rules of Cheese* Anne Saxelby, 2020-10-20 A fun and quirky guide to the essential rules for enjoying cheese “The New Rules of Cheese will empower you to choose a more flavorful future, one that supports the small dairies and cheesemakers that further the diverse and resilient landscape we so desperately need.”—Dan Barber, chef and co-owner of Blue Hill NAMED ONE OF THE BEST COOKBOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND THE ATLANTA JOURNAL-CONSTITUTION This richly illustrated book from a lauded cheesemonger—perfect for all cheese fans, from newcomers to experts—teaches you how to make a stylish cheese platter, repurpose nibs and bits of leftover cheese into something delicious, and expand your cheese palate and taste cheeses properly. *American Cheese* Joe Berkowitz, 2020-10-06 From the author of *Away with Words*, a deeply hilarious and unexpectedly insightful deep-dive into a cultural and culinary phenomenon: cheese. “Who knew it was possible to enjoy reading about cheese as much as eating it? Remarkably entertaining, deeply insightful, and downright hilarious, *American Cheese* goes far beyond the plastic yellow slices we all know, and some love, revealing a community as quirky, passionate, and creative as the cheese they put into the world.” — Jim Gaffigan, comedian/actor and New York Times bestselling author of *Food: A Love Story* Joe Berkowitz loves cheese. Or at least he thought he did. After stumbling upon an artisanal tasting at an upscale cheese shop one Valentine's Day, he realized he'd hardly even scratched the surface. These cheeses were like nothing he had ever tasted—a visceral drug-punch that reverberated deliciousness—and they were from America. He felt like he was being let in a great cosmic secret, and instantly he was in love. This discovery inspired Joe to embark on the cheese adventure of a lifetime, spending a year exploring the subculture around cheese, from its trenches to its command centers. He dove headfirst into the world of artisan cheese; of premiere makers and mongers, cave-dwelling affineurs, dairy scientists, and restaurateurs. The journey would take him around the world, from the underground cheese caves in Paris to the mountains of Gruyere, leaving no curd unturned, all the while cultivating an appreciation for cheese and its place in society. Joe's journey from amateur to aficionado eventually comes to mirror the rise of American cheese on the world stage. As he embeds with Team USA at an international mongering competition and makes cheese in the experimental vats at the Dairy Research Center in Wisconsin, one of the makers he meets along the way gears up to make America's biggest splash ever at the World Cheese Awards. Through this odyssey of cheese, an unexpected culture of passionate cheesemakers is revealed, along with the extraordinary impact of one delicious dairy product.

This Cheese is Nuts! Julie Piatt, 2017-06-13 The essential primer and guide to preparing delicious, totally vegan, nut-based cheeses, from the coauthor of *The Plantpower Way*. In their debut cookbook, *The Plantpower Way*, Julie Piatt and her ultra-endurance athlete husband, Rich Roll, inspired thousands to embrace a plant-fueled lifestyle, and through their advocacy efforts, podcasts, and talks, countless people are now enjoying healthier and more vibrant lives. In *This Cheese Is Nuts*, Julie is bringing that message to the forefront once more, with a stunning collection of flavorful nut-based cheeses. Julie has always been known for her dairy-free cheeses, and here she shares seventy-five recipes using almonds, cashews, and other nuts to create cheeses anyone can make right at home. Nut-based cheeses are on the cutting edge in the world of vegan cuisine. They're remarkably simple to prepare (all you need are a few simple ingredients and a basic dehydrator), and in as little as twenty minutes, you can have an assortment of tasty fresh cheeses fit for any occasion. Even creating aged cheeses is easy—they require only a day or two in the dehydrator, so making “fancier” cheeses, like Aged Almond Cheddar, is an almost entirely hands-off process. And though they're delectable on their own, Julie's nut-based cheeses are a terrific component in her recipes for Raw Beet Ravioli with Cashew Truffle Cream, Country Veggie Lasagna with Fennel and Brazil Nut Pesto, French Onion Soup with Cashew Camembert, and more. Filled with the essential tips, tools, and mouth-watering recipes home cooks need to immerse themselves in the world of nut-based cheese-making, *This Cheese Is Nuts* will demonstrate why nut cheeses should be part of any healthy, sustainable diet.
