A devilishly handsome novelist, James Derain resembles Cary Grant, but his strident comments about Grace's doctoral thesis soon puncture the house's idyllic atmosphere. Tasmanian schoolteacher Kate Byrne is having an affair with the father of her most gifted fourth grader, Lucien. Her lover's wife has just published *Murder at Black Swan Point*, a true-crime story about the brutal slaying of a young adulteress in a nearby town. Kate herself has become so obsessed with the murder and so convinced that the published account has it all wrong that she sets about writing her own version--this one for children, narrated by Australian animals. Though Lucien's father brings Kate to life sexually in encounters of escalating eroticism, he cannot dull her obsession. Fixated on the crime of passion, Kate is becoming less and less aware of the present and of how her behavior may align her fate with that of the dead girl. Chloe Hooper chillingly captures this young woman's unraveling in an intense, witty, superbly crafted novel.

The Goody Lauren Child, 2021-11-02 From Lauren Child, multi-award-winning, bestselling creator of Charlie and Lola, comes this touchingly funny tale of being GOOD, being BAD, and most importantly, being YOU! Chirton Krauss is a

good child -- the very goodest. He does everything he is told, when he is told. He even does good things without being told. He eats his broccoli, he goes to bed on time, and he never, ever sticks his finger up his nose. Meanwhile, Chirton's sister, Myrtle, is NOT quite as good. She stays up late, she never cleans out the rabbit's pen, and she drops her cocoa puffs all over the rug. But what will happen when Chirton Krauss decides that being the goody isn't always so good after all? Bestselling and esteemed creator Lauren Child has beautifully crafted this charmingly fresh and humorous exploration of individuality and being yourself. Her vibrant illustrations celebrate the story of two siblings discovering who they are, and how liberating it is to move beyond labels and be their authentic selves. Lauren Child brings her creative talent and insight to this universal story that every child and parent will connect with and celebrate.

Dependent States Karen Sánchez-Eppler, 2005-09 Because childhood is not only culturally but also legally and biologically understood as a period of dependency, it has been easy to dismiss children as historical actors. By putting children at the center of our thinking about American history, Karen Sánchez-Eppler recognizes the important part childhood played in nineteenth-century American culture and what this involvement entailed for children themselves. *Dependent States* examines the ties between children's literacy training and the growing cultural prestige of the novel; the way children functioned rhetorically in reform literature to enforce social norms; the way the risks of death to children shored up emotional power in the home; how Sunday schools socialized children into racial, religious, and national identities; and how class identity was produced, not only in terms of work, but also in the way children played. For Sánchez-Eppler, nineteenth-century childhoods were nothing less than vehicles for national reform. Dependent on adults for their care, children did not conform to the ideals of enfranchisement and agency that we usually associate with historical actors. Yet through meticulously researched examples, Sánchez-Eppler reveals that children participated in the making of social meaning. Her focus on childhood as a dependent state thus offers a rewarding corrective to our notions of autonomous individualism and a new perspective on American culture itself.
