Katharina Fritsch

Islands in a Cosmopolitan Sea Iain Walker, 2019 Many people today have never heard of the Comoros, but these islands were once part of a prosperous regional trading economy that stretched halfway around the world. A key node in the trading networks of the Indian Ocean, the Comoros prospered by exchanging slaves and commodities with Arab and Indian merchants. By the sixteenth century, the archipelago served as an important supply point on the route from Europe to Asia. The twentieth century brought the establishment of French colonial rule and a plantation economy. Since declaring its independence in 1975, the Comoros has been blighted by more than twenty coups, a radical revolutionary government and a mercenary regime. Today, the island nation suffers chronic mismanagement and relies on remittances from a diaspora community in France. Nonetheless, the Comoros is largely peaceful and culturally vibrant-- connected to the outside world in the internet age, but, at the same time, still slightly apart. Iain Walker traces the history and unique culture of these enigmatic islands, from their first settlement by Africans, Arabs and Austronesians, through their heyday within the greater Swahili world, to their decline as a forgotten outpost of the French colonial empire.

Introduction to Comoros Gilad James, PhD, The Comoros Islands are located in the Indian Ocean, between Madagascar and the African continent. Comoros is a small island nation composed of four islands: Grande Comore, Mohéli, Anjouan, and Mayotte. The islands are known for their rich culture and diverse history, influenced by Arab traders, African settlers, and European colonizers. The primary language spoken in Comoros is Comorian, which is a blend of Swahili, Arabic, and French. Islam is the official religion,

and the islands are known for their unique brand of Sufi Islam. The Comoros economy is primarily based on agriculture, with cloves being the most important and lucrative crop. While the nation faces numerous challenges, such as political instability and economic inequality, it remains a fascinating and culturally rich destination for visitors.

History of Comoros Sampson Jerry, 2016-02-12 The Federal Islamic Republic of the Comoros is an archipelago situated in the western Indian Ocean, about midway between the island of Madagascar and the coast of East Africa at the northern end of the Mozambique Channel. Little is known of the first inhabitants of the archipelago, although a sixth-century settlement has been uncovered on Nzwani by archaeologists. Historians speculated that Indonesian immigrants used the islands as stepping stones on the way to Madagascar prior to A.D. 1000. Because Comoros lay at the juncture of African.....

Historical Dictionary of the Comoro Islands Martin Ottenheimer, Harriet Ottenheimer, 1994 Islands of stark contrasts and complex syncretisms, the comoros hold a major key to the history of the western Indian Ocean area. An invaluable resource for anyone interested in the history, economics, cultures, languages, geography, geology, or politics of the western Indian Ocean.

The Birds of Africa: Volume VIII Roger Safford, Frank Hawkins, 2020-09-17

Universally recognised as by far the most authoritative work ever published on the subject, *The Birds of Africa* is a superb multi-contributor reference work, with encyclopaedic species texts, stunning paintings of all species and numerous subspecies, informative line drawings, detailed range maps, and extensive bibliographies. Each volume contains an Introduction that brings the reader up to date with the latest developments in African ornithology, including the evolution and biogeography of African birds. Diagnoses of the families and genera, often with superspecies maps, are followed by the comprehensive species accounts themselves. These include descriptions of range and status, field characters, voice, general habits, food, and breeding habits. Full bibliographies, acoustic references, and indexes complete this scholarly work of reference. This eighth and final volume covers the Malagasy region which comprises Madagascar and the various islands and archipelagos of the Indian Ocean including the Seychelles, the Comoros, Mauritius and Réunion. Every resident and migrant species is covered in full detail, comparable to other volumes in the series, and with a colour map for each species. Vagrants are treated in less detail. All species are illustrated on a beautiful series of 64 colour plates, with original artwork from John Gale and Brian Small. This is a major work

of reference on the birds of the region and will remain the standard text for many years to come.

Union of the Comoros International Monetary Fund. African Dept.,2020-05-07 This paper presents Union of the Comoros' Request for Disbursement Under the Rapid Credit Facility and Purchase Under the Rapid Financing Instrument. The Comoros' authorities should use fiscal policy to cushion the adverse effects of the coronavirus disease 2019 shock and bring the fiscal position back in line with medium-term paths once the crisis has passed. In addition to expanding very substantially healthcare spending to meet the population's pandemic-related needs, the authorities should consider giving targeted and temporary support to the most vulnerable. Monetary policy should focus on maintaining the exchange rate peg. At the same time, the authorities should use all tools at their disposal to safeguard the stability of the banking system, including by providing liquidity to banks facing liquidity pressures and addressing loan servicing difficulties. Beyond implementing their pandemic preparedness plan and strengthening the health care system's ability to respond to pandemic needs, the authorities are considering delaying deadlines for tax filings and temporarily lowering customs duties for certain imports. They

will monitor inflation developments and maintain the exchange rate peg to the euro. The authorities will also do all they can to ease liquidity strains in the banking system. They are also are working with banks to enable targeted loan maturity extensions.

Tourists' Guide to the Comoros Ian S. Uys,1994

Union of Comoros: Request for a Staff-Monitored Program-Press Release; and Staff Report International Monetary,International Monetary Fund. African Dept.,2021-11-17
Comoros is a small, fragile island state (population: 850,000) with persistently low and shock-prone growth. The last Article IV Consultation (completed in early 2020) assessed Comoros' fragility as arising from two vicious circles: economic fragility manifests in low fiscal revenue, insufficient government investment in human and physical capital, and pronounced vulnerability to shocks; while institutional fragility manifests in governance challenges, low government implementation capacity, and a weak judicial system. The circles feed into each other, undermining economic performance and stability. Overcoming fragility requires breaking both circles.

The Diaspora of the Comoros in France Katharina Fritsch,2022-07-15 Based on an ethnographic study of mobilisations of the Comorian diaspora in Marseille during political and cultural events, the book examines communitarisation in relation to three thematic areas, namely spaces, cultural markets and local politics. Drawing on Foucault's concept of the dispositif, the author analyses mobilisations of postcolonial diaspora as part of a dispositif of communitarisation, that is, a set of discourses, practices, institutions and subjectivations of diasporic community. She argues that constructions of 'community' are both shaped by and shape ethnicised biopolitics, expressed by modes of governing

diasporic groups along ethnicised divisions and a marking of ethnicised communities as the Other of the French Republic. The performativity of a Comorian community brought into being through political, cultural, economic and customary practices also shows how Comorian communities govern themselves along ethnicised categories, at the intersection with generation, gender, age classes, locality and class. Communitarianisation processes as part of ethnicised (self-)governing reveal postcolonial power relations in France as well as practices of negotiation and contestation on the part of Comorian communities. This book will be of interest to scholars in the fields of critical diaspora studies, critical ethnography, discourse and dispositif analysis, postcolonial politics, and the African diaspora.

Union of the Comoros International Monetary Fund, 2010-10-20 This report provides a summary of the Antimoney Laundering and Combating the Financing of Terrorism (AML/CFT) measures in effect in the Union of the Comoros on the date of or shortly after the onsite visit.
