Macca the Alpaca Matt Cosgrove,2020-02-04 Macca the alpaca's days were happy and carefree until -- drama! -- a llama. In this adorable, quirky picture book, Macca the alpaca loves splashing in puddles and gives the best cuddles. But when he bumps into a big bullying llama named Harmer (who's no charmer), Macca must prove the value of smarts and kindness.

Ripple Jim Cosgrove,2022-04-05 “Riveting... a personal and highly original work of true-crime storytelling.” — John Douglas, former FBI criminal profiling pioneer and co-author of the #1 New York Times bestseller *Mindhunter* A chilling investigation into the unsolved “boy in the woods” murder; journalist Jim Cosgrove chronicles his decades-long struggle to uncover the truth of a family friend’s disappearance and death — perfect for fans of *I’ll Be Gone in the Dark* and *Memorial Drive*. For nine years, South Carolina officials struggled to identify “the boy in the woods,” a young man whose body had been discovered just south of Myrtle Beach in a fishing village called Murrells Inlet. Meanwhile, 1,200 miles away in Kansas City, Missouri, Frank McGonigle's family searched for him at Grateful Dead concerts and in the face of every long-haired hitchhiker they passed. Consumed by guilt for how they'd treated him, Frank's eight siblings slowly came to understand that — like Jerry Garcia sang — he's gone and nothin's gonna bring him back. Frank McGonigle was finally found — and identified as “the boy in the woods.” Four years later, the case still unsolved, Jim Cosgrove, a McGonigle family friend and investigative journalist, picked up the trail of Frank’s cold case and began uncovering connections to a ruthless local crime boss and blunders by the threadbare sheriff’s department. When his research began to stall, a chance meeting with the soft-hearted, straight-talking “energy reader” Carol Williams provided a metaphysical spark that reignited Jim's resolve. Although his work as a journalist trained him to be skeptical, Cosgrove found himself starting to become a believer when Carol provided details about Frank’s murder that turned out to be freakishly accurate. In 2019, Cosgrove returned to Murrells Inlet with one of Frank’s brothers to dredge up some old leads and settle Frank’s case once and for all...

The New Rules of Lifting for Women Lou Schuler,Cassandra Forsythe, PhD, RD,Alwyn Cosgrove,2008-12-26 In *The New Rules of Lifting for Women*, authors Lou Schuler, Cassandra Forsythe and Alwyn Cosgrove present a comprehensive strength, conditioning and nutrition plan destined to revolutionize the way women work out. All the latest studies prove that strength training, not aerobics, provides the key to losing fat and building a fit, strong body. This book refutes the misconception that women will bulk up if they lift heavy weights. Nonsense! It's tough enough for men to pack on muscle, and they have much more of the hormone necessary to build muscle: natural testosterone. Muscles need to be strengthened to achieve a lean, healthy look. Properly conditioned muscles increase metabolism and promote weight loss -- it's that simple. The program demands that women put down the Barbie weights, step away from the treadmill and begin a strength and conditioning regime for the natural athlete in every woman. *The New Rules of Lifting for Women* will change the way women see fitness, nutrition and their own bodies.

Imperfect Passage Michael Cosgrove,2015-03-03 Turning sixty isn’t the end; it’s only the beginning. Michael Cosgrove had a beautiful family, a successful career, and a lovely Southern California home overlooking the Pacific Ocean. At age sixty, he decided to leave all that behind to sail around the world. With the vision of rugged individualism and salty tales to share with his grandchildren, Cosgrove quickly realized that sailing around the world wasn’t as easy as he had imagined. From a psychotic crewmate, to sleep deprivation and mental breakdowns, to constant storms and hallucinations, Cosgrove rode the waves, trying to keep his idea of “doing something grand” alive. Alone, and thousands of miles away from everyone he loved, he was forced to ask himself one question: What

in God's name am I doing here? In his attempt to avoid the inevitable (growing old, weak, frail), Cosgrove runs amok. He breaks his budget to outfit the boat and then refuses to read the manuals. He enters unfamiliar harbors in the dead of night, hires a violent first mate, and sails headlong into ferocious storms. At the same time, he longs for the simpler days when his four daughters were still children, when his first marriage was still intact, and when his dreams were still within reach. Though driven by scenes of sheer terror, absurd folly, and deep inner searching, the tone is always buoyant and laugh-out-loud funny. Imperfect Passage is the story of one man's perseverance against Father Time and Mother Nature, proving that with enough will, one can indeed conquer the unconquerable.

Buttermilk Stephen Cosgrove, 2013-10 The Island of Serendipity is a land filled with magical delights, but sometimes when sunlight dims and surrenders to the night, things take on a mystery that is hard to explain. No less imaginative and no less afraid was a little bunny called Buttermilk. She had played with her friends in a far-away meadow only to discover that the sun was setting low. Buttermilk hurriedly hopped for home and all would have been good save for a bear that suddenly appeared just off the path. Scared nearly out of her wits, she raced quickly up the path. What had been such a pretty path in the noonday sun was now a nightmare of monstrous proportions. Finally, Buttermilk dashed down the hallway and leaped into bed pulling the covers over her head. She would have been hiding there to this very day if her father hadn't shown her fears in the bright light of day when shadows are asleep.

The Brain, the Mind, and the Person Within Mark P. Cosgrove, 2018 The brain, with its nearly one hundred billion neurons, is the most complex structure in the universe, and we are living in a period of revolutionary advancements in neuroscience. Yet scientists and skeptics often frame these findings in ways that challenge the Christian worldview. Many professionals and popularizers claim that human beings are their brains, and that all human behavior and experience are merely by-products of brain physiology. In *The Brain, the Mind, and the Person Within*, professor of psychology Mark Cosgrove not only explains what the brain is and what it does but also corrects common misinterpretations and demonstrates that what we know about the brain coheres with the teachings of Scripture. He contends that humans are unities of soul and body in which both the spiritual and the physical interact. From this perspective, he presents informative overviews of contemporary debates about the brain, including consciousness, free will, God spots, personhood, and life after death. The better we understand the brain, the better we understand ourselves and our exquisite design that reflects the wisdom of the Creator. Thoughtful readers will find this to be a fascinating, accessible survey of this unique part of the body and the profound theological and technological issues surrounding it.

Creole' Stephen Cosgrove, 2019-06-15 *Creole'* is a unique creature that lives alone in the swamp. She lives alone because the other creatures that live there are frightened by her looks. Looks can be deceiving and so can judging a book by its cover.

Foundations of Christian Thought Mark P. Cosgrove, Written by a veteran Christian educator, this readable book describes the

relationship between the Christian faith and the world of learning by looking at the five modern worldviews competing with Christian theism.

The Cosgrove Report G.J.A. O'Toole,2009-02-10 A unique historical thriller takes on the true mysteries of Lincoln's assassination "with verve, humor and impressive scholarship" (Time). In 1868, Pinkerton Detective Nicholas Cosgrove is tasked with tracking down John Wilkes Booth, a man who should be three years in his grave. Booth, President Lincoln's assassin, was also a skilled actor and master of disguise, and Secretary of War Edwin Stanton suspects he may still be at large. But Cosgrove unearths more than just the corpse of a man who is decidedly not Booth. The conspiracy to assassinate Lincoln was much larger, and far more dangerous than anyone suspects. Now, more than a century later, Cosgrove's report on his harrowing investigation has fallen into the hands of private eye Michael Croft. Charged with verifying Cosgrove's hair-raising tale—as well as its explosive implications—Croft presents the manuscript here with his own annotations. With meticulous research into official records as well as the forgotten memoirs of eyewitnesses, former CIA agent G. J. A. O'Toole has crafted a highly original novel—both a gripping historical thriller and a shockingly plausible solution to some of the most enthralling mysteries surrounding Lincoln's assassination. "A humdinger of a mystery . . . transports us to a landscape at once familiar and as exotic as a sinister, murderous oz." —The Washington Star "It has everything—mystery, adventure, history, and a delightful unsuspected ending. . . . The unique tale of an American Sherlock Holmes." —Seattle Times Magazine "With impressive scholarship and sharp wit, O'Toole lays bare for the non-specialist the real and persistent mysteries that still surround the trial of the Lincoln assassins. Altogether, highly entertaining and highly informative." —Historical Novel Society

The rush of men yelling, bullets flying, thinking of death, he decides to track down the four men that he saved that day and see how their lives turned out. Mappings Denis Cosgrove,1999-04-01 Mappings explores what mapping has meant in the past and how its meanings have altered. How have maps and mapping served to order and represent physical, social and imaginative worlds? How has the practice of mapping shaped modern seeing and knowing? In what ways do contemporary changes in our experience of the world alter the meanings and practice of mapping, and vice versa? In their diverse expressions, maps and the representational processes of mapping have constructed the spaces of modernity since the early Renaissance. The map's spatial fixity, its capacity to frame, control and communicate knowledge through combining image and text, and cartography's increasing claims to scientific authority, make mapping at once an instrument and a metaphor for rational understanding of the world. Among the topics the authors investigate are projective

and imaginative mappings; mappings of terraqueous spaces; mapping and localism at the 'chorographic' scale; and mapping as personal exploration. With essays by Jerry Brotton, Paul Carter, Michael Charlesworth, James Corner, Wystan Curnow, Christian Jacob, Luciana de Lima Martins, David Matless, Armand Mattelart, Lucia Nuti and Alessandro Scafi

Chicago's Forgotten Tragedy Bill Cosgrove,2010-09-22 Bill Cosgrove, in his fourth and latest book, graphically depicts the early history of the Chicago Fire Department with authoritative accuracy. He gives the reader an insight into how the Department was organized, how it functioned, the use of technology that was available at the time, and paints a vivid picture of the many great fires of the day. He also describes the tremendous physical stamina, dedication and bravery of the firemen and the intrepid leadership of some of the officers. Bill provides the reader with a highly detailed story of the tragic stockyards fire of December 22, 1910 where 21 firemen lost their lives, including the Department's Chief of the Brigade, James Horan. This is such a fascinating account of the early history of the Chicago Fire Department that the reader will have great difficulty putting the book down until it is finished. A great read, by a great story-teller! Thoroughly enjoyable and fully factual. William C. Alletto Deputy Fire Commissioner (Retired) Chicago Fire Department

Fortune and Faith in Old Chicago Charles H. Cosgrove,2020-02-21 This engaging biography of Augustus Garrett and Eliza Clark Garrett tells two equally compelling stories: an ambitious man's struggle to succeed and the remarkable spiritual journey of a woman attempting to overcome tragedy. By contextualizing the couple's lives within the rich social, political, business, and religious milieu of Chicago's early urbanization, author Charles H. Cosgrove fills a gap in the history of the city in the mid-nineteenth century. The Garretts moved from the Hudson River Valley to a nascent Chicago, where Augustus made his fortune in the land boom as an auctioneer and speculator. A mayor during the city's formative period, Augustus was at the center of the first mayoral election scandal in Chicago. To save his honor, he resigned dramatically and found vindication in his reelection the following year. His story reveals much about the inner workings of Chicago politics and business in the antebellum era. The couple had lost three young children to disease, and Eliza arrived in Chicago with deep emotional scars. Her journey exemplifies the struggles of sincere, pious women to come to terms with tragedy in an age when most people attributed unhappy events to divine punishment. Following Augustus's premature death, Eliza developed plans to devote her estate to founding a women's college and a school for ministerial training, and in 1853 she endowed a Methodist theological school, the Garrett Biblical Institute (now the Garrett-Evangelical Theological Seminary), thereby becoming the first woman in North America to found an institution of higher learning. In addition to illuminating our understanding of Chicago from the 1830s to the 1850s, Fortune and Faith in Old Chicago explores American religious history, particularly Presbyterianism and Methodism, and its attention to gender shows how men and women experienced the same era in vastly different ways. The result is a rare, fascinating glimpse into old Chicago through the eyes of two of its important early residents.

Wayward Wayfarer Chance A.P. Cosgrove,2021-01-27 With enthusiasm in music, drama, reading classic literature, and being a journalism student and school newspaper reporter, I started my interest in writing poetry. But as always, life gets in the way, and I didn't get truly started till the mid to late 1990s. In 2019, I began again, including a section of short stories. My poetry consists of godly influencers, loneliness with a cynical emphasis, and philosophical writings with a sardonic twist. Thank you for the look-see. Enjoy and
