**Countdown** Deborah Wiles, 2016-04-26 The story of a formative year in 12-year-old Franny Chapman's life, and the life of a nation facing the threat of nuclear war. Franny Chapman just wants some peace. But that's hard to get when her best friend is feuding with her, her sister has disappeared, and her uncle is fighting an old war in his head. Her saintly younger brother is no help, and the cute boy across the street only complicates things. Worst of all, everyone is walking around just waiting for a bomb to fall. It's 1962, and it seems that the whole country is living in fear. When President Kennedy goes on television to say that Russia is sending nuclear missiles to Cuba, it only gets worse. Franny doesn't know how to deal with what's going on in the world -- no more than she knows how to deal with what's going on with her family and friends. But somehow she's got to make it through. Featuring a captivating story interspersed with footage from 1962, award-winning author Deborah Wiles has created a documentary novel that will put you right alongside Franny as she navigates a dangerous time in both her history and our history.

**Countdown** Alan Weisman, 2013-09-24 Every four days there are a million more people on the planet. More people and fewer

resources. In this timely work, Alan Weisman examines how we can shrink our collective human footprint so that we don't stomp any more species - including our own - out of existence. The answer: reducing gradually and non-violently the number of humans on the planet whose activities, industries and lifestyles are damaging the Earth. Defining an optimum human population for the Earth is an explosive concept. Weisman, one of the most brilliant environmental writers, will travel the globe, from the settlements of Israel and the plains of Mexico to the bustling streets of Pakistan and the teeming cities of the UK. In his search for answers, he will speak to religious leaders, demographers, ecologists, economists, engineers and agriculturalists in what promises to be an international classic.

**Count Down** Shanna H. Swan, Stacey Colino, 2022-02-08 An award-winning scientist, in this urgent, thought-provoking and meticulously researched book, shows how chemicals in the modern environment are changing--and endangering--human sexuality and fertility on the grandest scale.

**Apple Countdown** Joan Holub, 2009-02-01 Apple facts and counting combine in this fun trip to the apple orchard. Field trip today--to the apple farm! Count 20 name tags, 19 kids on the bus,

and 18 miles to the farm. There are 14 cows and 13 ducks (10 white and 3 black) and 12 rows of apple trees. Count the apples in your sack, count 3 pies to eat (divided into 20 pieces), and all too soon it's 2 p.m., time to go! But wait—Lee has a number 1 surprise. Joan Holub's creative countdown, from 20 to 1, includes grouping and simple addition. Her multicultural students enjoy all that the apple farm has to offer, from counting the cows and ducks to picking different varieties of apples. The inside cover of this cheerful book is filled with apple facts.

Construction Countdown K. C. Olson, 2004-05 Introduces numbers and subtraction as the reader counts construction equipment from ten to one.

**Start Your Engines** Mark Todd, 2000 A kooky countdown of animals starting a remote control car race presents the numbers from ten to one.

Damascus Countdown Joel C. Rosenberg, 2013 After Israel declares war on Iran, CIA operative David Shirazi infiltrates the Iranian regime and intercepts information indicating that two Iranian nuclear warheads have been moved to a secure and undisclosed location.

**Countdown** Ben Mikaelson, 1997-10 When fourteen-year-old Elliot Schroeder is selected by NASA to be the first Junior Astronaut, he has no way of knowing the profound effect it will have on Vincent Ole Tome, a Maasai herder who is also fourteen

years old. An unexpected event puts the boys in contact via short-wave radio, and an African drought and an in-space emergency bring about a climactic face-to-face meeting. Provocative and action-packed, this novel probes culture and value differences while offering plenty of perilous exploits for fans of high adventure.

Revelation Countdown Cris Mazza, 1993 Projects onto the open road not the nirvana of personal freedom, but rather a type of freedom more closely resembling loss of control While in many ways reaffirming the mythic dimension of being on the road romanticized in American pop and folk culture, Revelation Countdown also subtly undermines that view. These stories project onto the open road not the nirvana of personal freedom, but rather a type of freedom more closely resembling loss of control. Being in constant motion and passing through new environments destabilizes life, casts it out of phase, heightens perception, and skews reactions. Every little problem is magnified to overwhelming dimension. Events segue from slow motion to fast forward. Background noises intrude, causing perpetual wee hour insomnia. Imagination flourishes, often as an enemy. People suddenly discover that they never really understood their travel companions. The formerly stable line of their lives veers off course. In such an

atmosphere, the title *Revelation Countdown*, borrowed from a roadside sign in Tennessee, proves prophetic. It may not arrive at 7:30, but revelation will inevitably find the traveler.

**Countdown** Deborah Wiles, 2010 Eleven-year-old Franny deals with the challenges of growing up against the backdrop of the Cuban Missile Crisis of 1962. Interspersed with the text are photographs, news items, and advertisements from the early sixties.

**Countdown: M Day** Tom Kratman, 2011-09-01 War is brutal. Colonel Wes Stauer gets it. He ought to. He was once one of war's most brutal practitioners<sup>3</sup>/<sub>4</sub>not to mention one of its most effective and least bloody. Brutal yes; stupid no. Now, not only must Stauer command his crack outfit of former comrades and pull off yet another miracle mission, he must also harness and direct the brute within himself<sup>3</sup>/<sub>4</sub>a beast he will need in order to destroy an intelligent enemy who is as implacable as Stauer himself. Okay, almost as implacable. There will be war. And there will be warriors like Wes Stauer who have the know-how and, once set in motion, the unstoppable professional drive, to see the bad guys to their graves and destroy every last earthly piece of their nasty legacies. At the publisher's request, this title is sold without DRM (Digital

Rights Management).

**St. Patrick's Day Countdown** Salina Yoon,2006 Toddlers can count down to St. Patrick's Day with this Shamrock-shaped board book. Full color. Baby/Preschool.

**Countdown** Lindsay McKenna,1994 Countdown by Lindsay McKenna released on Apr 22, 1994 is available now for purchase.

Countdown Joseph Pesta,2005-07 Journey on an adventure that spans three worlds, an adventure full of action, mystery, intrigue, and suspense. A powerful missile has been stolen. A growing terrorist organization has laid down its demands. If their deadline isn't met, the destruction of half a planet will soon follow. Millions will die, and a vital economic agreement, created to unite the three habitable worlds of the Ziara system, will never come to pass. Having already mysteriously lost four of its top agents trying to track down the terrorist leader, the Bureau-the most known and feared organization in the charted galaxy-sends out its best agent to stop the terrorist threat before it is too late. Can Agent Jake Keeler put an end to the plans of the terrorists before the lives of millions are lost, or will the countdown begin toward the destruction that will change the face of the Ziara system forever?

**Countdown: H Hour** Tom Kratman,2012-08-01 #3 in the

Countdown modern-day military adventure series. Welcome to the Philippines outback. It's a true garden spot, if you happen to like drug running, bush-bound revolutionary movements, Balkanized tribal warfare, illegal weapons trading, and kidnapping for fun and profit. It's hostage rescue time once again for Terry Welch's special operations company. But this is turning out to be one of those missions. Starting with no clue as to the hostage's whereabouts topped off by Welch and his crew having to endure a rifle company of hated competitors supposedly sent along for reinforcement. Part of the territory for Welch. But then an attack on both companies' home bases leaves families and friends under threat of death and any available support scurrying to defend. Worse, advance team members sent to reconnoiter have been taken hostage as well. No help, no backup, team members in the soup. Welch knows there's only one solution: do whatever it takes. This is H Hour. And the fight is on. At the publisher's request, this title is sold without DRM (Digital Rights Management).

**Countdown** Iris Johansen, 2006-03-28 When it reaches zero, you die. #1 New York Times bestselling author Iris Johansen sets her readers' pulses racing once again in this relentless psychological thriller of a young woman caught in a maze of secrets and stalked by a merciless killer. The countdown begins the moment you open this riveting novel that only grows more electrifying as the pages turn, more exciting as time runs out. . . . "Don't kill her. She's no good to us dead." These words haunt Jane MacGuire after a shocking attack shatters her world in an instant. Was it a random kidnapping attempt—or the countdown to something far more sinister? Who is after her—and what do they want so badly they'll kill anyone in their way? That's what Jane is determined to find out, without the help of the police, the FBI, or her adoptive parents, forensic sculptor Eve Duncan and her husband, Joe Quinn, of the Atlanta PD—because whoever is after

her won't hesitate to hurt those she loves the most. Now Jane will go on the run with the only man who may be more dangerous than those who are pursuing her. A smuggler, a con man, and who knew what else, Mark Trevor had his own mysterious reasons for wanting to keep Jane safe and out of the hands of a killer obsessed with a two-thousand-year-old mystery that could rock the modern-day world. Orphaned at an early age, Jane grew up the hard way, but she was given a new life, a loving family, and a chance to pursue her interest in one of the greatest archaeological finds ever unearthed. Now someone was trying to destroy that new life before it could even get started. The past is returning with the kind of vengeance that knows no mercy. The countdown has already begun, and it's approaching zero faster than anyone thinks.

**Countdown: The Liberators** Tom Kratman, 2011-02-01 BACK IN ACTION Old soldiers never die... except inside, when they lack a reason to live. Old soldier Wes Stauer is dying inside, from sheer lack of purpose. And then comes the knock on the door: Our leader's son and heir has been kidnapped. We don't know where he is. We need you to get him back for us. The people who have him are numerous, warlike, and well armed. But money is no object. And then old soldiers-sailors and airmen, too-stop fading

away and come back into sharp focus. At the publisher's request, this title is sold without DRM (Digital Rights Management).
