Create Your Life Book Tamara Laporte,2017-12-19 Inspired by artist Tamara Laporte's popular online art classes (willowing.org), Create Your Life Book presents 18 step-by-step mixed-media drawing and painting projects that encourage self-fulfillment through the creative process. Tamara's kind, non-judgmental voice guides your way. What is holding you back? Where do you want to go? Let go of the past! Use these expressive exercises to help you recognize your personal challenges and other obstacles, then work through them. Let go of limiting beliefs, find courage, feel gratitude, heal

pain, and develop self-love as you playfully create. Each themed chapter presents four to five two-part projects. First, you will explore a common issue that hampers creativity and/or positive self-worth. The second portion is a step-by-step mixed-media art project designed to help you work through that issue. Just a few of the explorations: Let go of what no longer serves you by taking stock of what's holding you back, then create a zentangle butterfly to symbolize you flying away from those limiting things. Embrace and love your inner quirky bird by taking an inventory of your quirky traits, then create a bird that celebrates them. Heal old wounds by writing a letter to yourself as a child, then create a house to keep your inner child safe. Adding rich variety to the messages and art inspiration, some of the project outlines have been contributed by Tamara's guest teachers: Roxanne Coble, Andrea Gomoll, Alena Hennessy, Mystele Kirkeeng, Ivy Newport, and Effy Wild, each of whom are noted mixed-media artists in their own right. The final chapter presents a simple binding method for creating a keepsake book of your Life Book projects. Steeped in inspirational images and uplifting affirmations, Create Your Life Book can help you achieve both personal and creative growth.

Called to Create Jordan Raynor, 2017-11-07 We were created by an infinitely creative God to reflect his love and character to the world. One way we do that is by continuing his creative work. In this energizing book, serial entrepreneur and bestselling author Jordan Raynor helps artists, entrepreneurs, writers, and other creatives reimagine our work as service to God and others, addressing such penetrating questions as - Is my work as a creative really as God-honoring as that of a pastor or missionary? - What does it look like to create not to make a name for myself but to glorify God and serve others? - How can I use my work to fulfill Jesus's command to create disciples? - Will what I make today matter in eternity? To answer these questions, Raynor shares compelling stories from an eclectic group of 40+ Christian entrepreneurs, including the founders of TOMS Shoes, Charity: Water, Chick-fil-A, In-N-Out Burger, Guinness, HTC, and Sevenly, as well as nontraditional entrepreneurs such as C. S. Lewis, Johann Sebastian Bach, and J. R. R. Tolkien. Raynor's show rather than tell, story-driven style makes you feel as if you are sitting at the feet of some of the godliest and most successful entrepreneurs of all time. Perfectly poised to reach today's growing

creative class, this unique work restores God's position as the first entrepreneur, helping readers see the eternal value in the work they do today.

One Truth, One Law Erin Werley, 2020 Have you been seeking answers but not really finding them? Have your dreams started to feel like just that-dreams? Has the fear of what other people will think stopped you from being who you want to be and doing what you want to do? Does a fulfilled life feel like something meant for others, not for you? Erin Werley used to feel that way, too. Then, one day, she started to receive deposits from her inner voice, which calls itself I Am. And everything in her life began to change. Most people would call One Truth, One Law: I Am, I Create a channeled book, but I Am is adamant that it isn't. As I Am puts it, Every human is me. Every human can access me. When somebody says they're 'channeling' something outside of themselves, it's because they don't understand that they are God and that we are all one. Written as a series of conversations between I Am and Werley's husband, Phil, the message of One Truth, One Law is simple: Every single one of us

is God. We just have a confused filter that thinks we're not God. I Am's intention with this book is not to offer you information that can only come through Werley. It's to teach you how to access your own inner voice so that you'll finally get answers to your questions. So that you'll be able to make your dreams a reality. So that you'll tap into your own God wisdom that no longer worries about what others think. So that you'll know a fulfilled life is something for you and not just other people. Once you really let it soak in that you are God, and you're here to further expand the universe through this physical experience, the limits on your dreams start to fall away.

Create Distinction Scott McKain, 2013-03-05 Have you taken your business from good to great, only to find that “great” still isn’t cutting it? Are you making all the right moves in your career and still not receiving the recognition you have earned? Why do companies like Apple get all the attention, when you have difficulty getting anyone to focus on your efforts? In our homogenized world, companies in every sector—from big-box retail to financial services; from fast food to entrepreneurs—appear more and more alike, as do the tweets and LinkedIn pages of professionals

across the country. But if people see you or your company as nothing more than a carbon copy of the competition, how can you expect to attract attention? Scott McKain's original approach to this problem, first captured in his book *Collapse of Distinction*, was conceived and written in the direct aftermath of the 2008 financial meltdown. His forceful case for the importance of distinction—finding success by setting yourself apart from the crowd—resonated with thousands of readers. To reflect the changing reality since that book's publication—and to incorporate new research and up-to-date examples—McKain, an internationally recognized expert on business distinction, has retitled and revised it as *Create Distinction*. Within these updated pages (including one entirely new chapter) you'll find a potent cure for similarity and uniformity—the primary killers of businesses and careers. In engaging, story-filled prose, McKain lays out the cornerstones of distinction and equips you with the specific tools and knowledge you need to stand out. Whether you're in the “C-suite” of a multinational company or just vying for your next promotion, you'll learn how to rise above the fray and make your work unmistakable. With this practical advice, you'll feel confident stepping up from the

competition—and toward success.

new value for your customers, INSPIRED will take you and your product organization to a new level of customer engagement, consistent innovation, and business success. The first edition of INSPIRED, published ten years ago, established itself as the primary reference for technology product managers, and can be found on the shelves of nearly every successful technology product company worldwide. This thoroughly updated second edition shares the same objective of being the most valuable resource for technology product managers, yet it is completely new—sharing the latest practices and techniques of today's most-successful tech product companies, and the men and women behind every great product.

Wired to Create Scott Barry Kaufman, Carolyn Gregoire, 2016-12-27 Is it possible to make sense of something as elusive as creativity? Based on psychologist Scott Barry Kaufman's groundbreaking

research and Carolyn Gregoire's popular article in the Huffington Post, *Wired to Create* offers a glimpse inside the "messy minds" of highly creative people. Revealing the latest findings in neuroscience and psychology, along with engaging examples of artists and innovators throughout history, the book shines a light on the practices and habits of mind that promote creative thinking. Kaufman and Gregoire untangle a series of paradoxes— like mindfulness and daydreaming, seriousness and play, openness and sensitivity, and solitude and collaboration – to show that it is by embracing our own contradictions that we are able to tap into our deepest creativity. Each chapter explores one of the ten attributes and habits of highly creative people: Imaginative Play * Passion * Daydreaming * Solitude * Intuition * Openness to Experience * Mindfulness * Sensitivity * Turning Adversity into Advantage * Thinking Differently With insights from the work and lives of Pablo Picasso, Frida Kahlo, Marcel Proust, David Foster Wallace, Thomas Edison, Josephine Baker, John Lennon, Michael Jackson, musician Thom Yorke, chess champion Josh Waitzkin, video-game designer Shigeru Miyamoto, and many other creative luminaries, *Wired to Create* helps us better understand creativity –

and shows us how to enrich this essential aspect of our lives.

The Courage to Create Rollo May,1994-03-17 Extraordinary, wise, and hopeful... nearly poetic meditations.—Boston Globe What if imagination and art are not, as many of us might think, the frosting on life but the fountainhead of human experience? What if our logic and science derive from art forms, rather than the other way around? In this trenchant volume, Rollo May helps all of us find those creative impulses that, once liberated, offer new possibilities for achievement. A renowned therapist and inspiring guide, Dr. May draws on his experience to show how we can break out of old patterns in our lives. His insightful book offers us a way through our fears into a fully realized self.

Co-Create David Nour,2017-05-09 What if your customers had a vested interest in guiding your company toward greater success? What if your employees had a personal as well as professional commitment to elevating your organization? Imagine how different your results would be if investors, vendors, and even analysts treasured the relationship they have built with you? Most important . . . is

your company capable of setting aside a bit of its own self-interest to become part of dramatically more rewarding collaborative effort? That's the provocative and ultimately earthshaking question David Nour poses. He argues that co-creation is a transformational journey that naturally leads to growth and evolution . . . because it gives birth to shared interests that dwarf anything that existed previously. In Co-Create, David Nour makes the case that co-creation leads to Market Gravity™, a force that attracts stakeholders to your business because they recognize that many others have also united their interests with yours. It's the sense—backed by tangible metrics—that this is bigger than any of us imagined . . . except that you imagined precisely such an outcome. That's the power of co-creation.

Create Emily Henson, 2022-11-08 Creativity before consumption is about reinvention and sustainability for the sake of the planet, but also for the pure joy and satisfaction of creating a home that is truly unique. Using her experience as a stylist and set designer, in the first part of the book Emily shows how to create homes that meet our needs yet have style, dash and personality aplenty without relying on yet more disposable ‘stuff’ for the next generation to deal with. In *Gather*, she shows how to establish a sense of personal style, while in *Shop your Home* she suggests we think twice before getting sucked into the ‘bin and buy’ cycle. Instead of ripping out a kitchen, opt for new worktops or paint the cabinets, or update a lampshade by adding a fringe or trim to spark the satisfaction of creativity and give it a second lease of life. *Reuse before you Replace* contains a wealth of simple ideas for easy yet creative home updates, and in *In Mix-Master* Emily explains how to combine high-street items with customized, repurposed or vintage pieces. The second part of the book visits real-life homes that display incredible creativity and reflect their owners’ needs, tastes and style.
