*A Vietnamese Royal Exile in Japan* Tran My-Van, 2013-09-05 Prince Cuong De, viewed by the French as a pretender to the Vietnamese throne, was an important and interesting figure in the history of Vietnam's struggle for independence. He was highly regarded by many non-communist Vietnamese nationalists, but has been virtually 'written out' of Vietnamese history. Based on extensive original research, including interviews and important documents from the French national archives, this book traces the life of Cuong De as a royal exile in Japan, exploring his links to key Japanese leaders and how he campaigned for his cause and was supported in Japan, Vietnam and elsewhere. The author shows how Cuong De had great hopes that imperial Japan would advance the cause of Vietnamese independence from France, especially during the Japanese occupation of Vietnam in 1941-5. But these hopes were disappointed as Japan's Indochina policy gave primacy to Japan's own economic and strategic self-interest. This book provides many fascinating insights into the development of Vietnamese nationalism and the long, harsh struggle for independence, from the perspective of an interesting and undeservedly neglected figure.

Wait Cuong Lu, 2021-02-09 Pause, find connection, and choose peace rather than harm when you feel overwhelmed in the crashing ocean of life. You are the calm of the ocean, not the pounding wave. The tumultuous, confusing, and unbearable feelings that arise in life will never overtake your true essence and the peace you can find below the surface. Written as a love letter to those in pain, Wait encourages us to seek out a path to peace and freedom from suffering. Cuong Lu, a long-time disciple of Thich Nhat Hanh, personally witnessed a shooting while fleeing Vietnam in 1975. The memory of this trauma prompted him to dedicate his life to sharing the wisdom of deep listening, finding understanding, and in his words, defusing the bombs in our hearts. We have waited long enough for the violence to stop. Now is the time to help turn the tide, interrupt the cycle of violence, and create a world where love and understanding thrive.

**The Lies I Never Told You** Valérie Tong Cuong, 2020-08-06 A split-second decision. A terrible price to pay. You have to keep reading until the last page, the last word, the very last full stop. It's unputdownable. -Le Pays Briard An intense and powerful novel. -Le Point The characters are no angels... they resemble us. -Le Point A rare pearl. Each page has us question our idea of humanity. -Le Parisien A novel that will have you delve into the intimacy of its' characters flawed lives. -Carrefour Savoir Immerse yourself in the meanders of the human mind, its sense of guilt and everything else that is part of human weakness. -Le Pays Briard A strong novel. -Tele 7 Jours When Pax, a middle-aged second-rate actor, scores an audition for a blockbuster, he is convinced fate has taken pity on him and he will finally get to spend some time in the limelight. He leaves his flat in a hurry, ignoring the alarming sounds coming from the apartment above. He is beside himself when he learns what devastating consequences his decision had: not only was his neighbour Alex assaulted and left for dead, Alex is also his girlfriend Emi's son . . . Before long, Pax is faced with an impossible choice: should he continue to deceive Emi, the one person who always believed in him, or tell the truth and destroy their relationship?

*Blockchain Unveiled: Navigating the Digital Revolution with Pham Ngoc Cuong* Pham Ngoc Cuong, 2024-01-20

Blockchain Unveiled: Navigating the Digital Revolution with Pham Ngoc Cuong is a comprehensive guide to the ever-evolving world of blockchain technology. Authored by Pham Ngoc Cuong, a renowned financial expert and leading blockchain authority in Vietnam, this book offers a deep dive into the transformative power of blockchain across various sectors. Pham Ngoc Cuong, an esteemed alumnus of Hanoi University of Mining and Geology, brings his wealth of knowledge and experience to the forefront, breaking down complex blockchain concepts into understandable segments. His clear and insightful writing demystifies blockchain for beginners while providing depth and novel perspectives that will engage even seasoned professionals in the field. This book spans a wide array of topics from the fundamentals of blockchain technology to its applications in finance, healthcare, governance, and beyond. It explores the latest advancements in blockchain and how it integrates with other cutting-edge technologies like IoT, AI, and 5G, paving the way for future innovations. Readers will find enlightening case studies, real-world examples, and thoughtful analyses that reveal the challenges and opportunities within the blockchain ecosystem. Pham Ngoc Cuong's balanced approach combines theoretical knowledge with practical insights, making it an invaluable resource for anyone looking to understand or contribute to the blockchain revolution. For more insights and updates from Pham Ngoc Cuong, visit his informative and resourceful website at [phamngoccuong.com](http://phamngoccuong.com). There, you'll find a wealth of information that complements the material presented in this book, keeping you abreast of the latest trends and discussions in blockchain technology. Whether you're a student, entrepreneur, tech enthusiast, or just curious about blockchain, Blockchain Unveiled is your essential guide to understanding and navigating the complexities of this groundbreaking technology.

*The Buddha in Jail* Cuong Lu, 2019-04-02 This is a book of 52 vignettes—stories and teachings about Cuong Lu’s six years as a prison chaplain. Lu shares insights into the prisoner’s mindset, something with implications for us all, whether or not we are in a conventional jail. As a prison chaplain, Cuong discovered that when the men inside allowed themselves to feel their pain—including remorse from committing crimes—knowing and feeling the truth became a source of strength for them. And when the inmates felt listened to, understood, and not judged, it transformed their sense of who they are, and as a result changed their attitudes and their behavior. This book is not just about the prisoners. It’s about all of us. We’re each caught in distorted and limiting ideas of ourselves. We don’t believe freedom and happiness are attainable. But when we come to believe in ourselves, we discover the freedom and happiness already within. Cuong Lu, Buddhist teacher, scholar, and writer, was born in Nha Trang, Vietnam, in 1968. He majored in East Asian studies at the University of Leiden, and in 1993 was ordained a monk at Plum Village in France under the guidance of Thich Nhat Hanh. In 2000, he was recognized as a teacher in the Lieu Quan line of the Linji School of Zen Buddhism. In 2015, he received a master’s degree in Buddhist Spiritual Care at Vrije University in Amsterdam. Lu is the founder of Mind Only School, in Gouda, the Netherlands, where he teaches Buddhist philosophy and psychology, specializing in Yogachara Buddhism combined with the Madhyamaka (Middle Way) School of Nagarjuna.

A Vietnamese Fighter Pilot in an American War Hoi B. Tran, 2011-03-28 American pseudo history recorded the U.S. had lost the war in Viet Nam. However, “A Vietnamese Fighter Pilot in an American War” vehemently disagrees. Most Western journalists portrayed Ho Chi Minh as a nationalist patriot. As a former Vanguard Youth Troop in Ha Noi, North Viet Nam, who passionately sang “who loves Uncle Ho more than us children” to praise Ho when he seized power in 1945, the author says: “Ho was a villain.” This book is a truthful account of what actually happened in Viet Nam from 1945, Dien Bien Phu in 1953 to its demise in April 1975.

The Red Boat Fish Sauce Cookbook Cuong Pham, Tien Nguyen, Diep Tran, 2021 The official cookbook of 100 recipes from

the cult favorite and top chef lauded fish sauce brand, Red Boat Fish Sauce You wouldn't expect a condiment made of anchovies to gain cult status--but that's exactly what Red Boat Fish Sauce did, earning praise from food titans like David Chang, Andrea Nguyen, and Ruth Reichl. But what's even more incredible is the story behind its success and founder, Cuong Pham. After a year-long journey to America from Vietnam after the war, he found himself working for Steve Jobs at Apple in 1984. But, all the while, he missed the tastes of his childhood--what the grocery store had just wasn't it--and set out to find what he and his family remembered so acutely. With this collection of 100 recipes, learn how to punch up flavor in Vietnamese classics like Bún Chà and Sugarcane Shrimp--but also in favorites like Chicken Wings and Pork Roast. With behind-the-scenes stories in every chapter spanning from breakfast, dinner, snacks, desserts, and holiday celebrations, this book encompasses a true American story and is the perfect guide to using this incredible pantry staple.

Why Viet Nam? Archimedes L. A. Patti,1980-01-01

The Encyclopedia of the Vietnam War [4 volumes] Bloomsbury Publishing,2011-05-20 Now in its second edition, this comprehensive study of the Vietnam War sheds more light on the longest and one of the most controversial conflicts in U.S. history. The Vietnam War lasted more than a decade, was the longest war in U.S. history, and cost the lives of nearly 60,000 American soldiers, as well as millions of Vietnamese--many of whom were uninvolved civilians. The lessons learned from this tragic conflict continue to have great relevance in today's world. Now in its second edition, The Encyclopedia of the Vietnam War: A Political, Social, and Military History adds an entire additional volume of entries to the already exhaustive first edition, making it the most comprehensive reference available about one of the most controversial events in U.S. history. Written to provide multidimensional perspectives into the conflict, it covers not only the American experience in Vietnam, but also the entire scope of Vietnamese history, including the French experience and the Indochina War, as well as the origins of the conflict, how the United States became involved, and the extensive aftermath of this prolonged war. It also provides the most complete and accurate order of battle ever published, based upon data compiled from Vietnamese sources. This latest release delivers even more of what readers have come to expect from the editorship of Spencer C. Tucker and the military history experts at ABC-CLIO.

**God's Crucible: We Who Dream of a Better Life** Cuong Quy Huynh,2019-10 It was around two a.m. Wake up, wake up, called my mother. We are leaving! We must leave our home! I was fortunate to not die in the open sea along with the over 300,000 individuals trying to escape from Vietnam...and that was only the beginning of the suffering for

survival! For more than 500 years, people from all over the world have made their way to America. We have become, in the words of Israel Zangwill, God's Crucible, the great melting pot where all the races are converging and reforming. Cuong Quy Huynh, J.D., M.P.P. is the Founder and President of the Enlightened Initiative, a non-profit that invests and empowers refugee and immigrant youth across the United States. As a former refugee from Vietnam, Cuong's story and the stories of refugee and immigrant youth around the world illustrate the power of resilience, hard work, commitment, and the love of family and community. The stories demonstrate their dedication and perseverance to overcome difficulties and obstacles in coming to America and their lives living in this nation. Cuong and his wife, Jesecca, have one daughter. Both Cuong and Jesecca have combined over 25 years of volunteer services including serving and investing in the vulnerable youth. They are based in Northern Virginia.

**A Whispering Soul** Cuong Dao,2014-02-20 The book is comprised of 40 poems, which vary from passionate romance, excruciating pain, to blissful hope. Rearrange scrambled words to paint vivid pictures of daily occurrences. Readers in the world should somehow connect with at least one poem.

Mau Anh Cua Kim Cuong Russell Conwell,Peter Williams,2014-05-30 Acres of Diamonds, Vietnamese Edition

Rough Standard Neutrosophic Sets: An Application on Standard Neutrosophic Information Systems Nguyen Xuan Thao, Bui Cong Cuong,, Florentin Smarandache, A rough fuzzy set is the result of the approximation of a fuzzy set with respect to a crisp approximation space. It is a mathematical tool for the knowledge discovery in the fuzzy information systems. In this paper, we introduce the concepts of rough standard neutrosophic sets and standard neutrosophic information system, and give some results of the knowledge discovery on standard neutrosophic information system based on rough standard neutrosophic sets.

**Policing Transnational Protest** Daniel Brückenhaus,2017 Policing Transnational Protest offers an original perspective on the history of police surveillance of anticolonial activists in France, Britain, and Germany in the first half of the twentieth century. Tracing the undertakings of anticolonial activists from Asia, Africa, and the Middle East in Europe and reconstructing the reaction of European governments, it illuminates the increasing cooperation of the police and secret services to monitor the activities of the oriental revolutionaries and curb their room to maneuver. But those efforts had an unintended inflammatory effect, provoking both supporters and opponents of colonial rule to understand the conflict in increasingly global and trans-imperial terms. The surveillance also exacerbated tensions between Europeans friendly to the anticolonial cause, and those who prioritized imperial security over civil liberties and national sovereignty. Tracking growing levels of

transnational government cooperation against anticolonialists, this book pays special attention to Germany, where many activists were able to carry out their political work in relative safety after escaping surveillance in Britain and France. By analyzing the emergence of ever more sophisticated counter-terrorism schemes and surveillance apparatuses, Br ckenhaus also contributes a pre-history of similar phenomena characterizing the post-9/11 world. He shows how, then as now, an intensification of a war on terror went hand in hand with concerns about encroachments on civil liberties, often expressed in open protest against such governance measures. Policing Transnational Protest informs current debates about intelligence gathering and surveillance in several European countries as well as their new cooperative partner, the United States.

**The World to Come: A Novel** Dara Horn, 2006-10-17 Nothing short of amazing. –Entertainment Weekly A million-dollar Chagall is stolen from a museum during a singles' cocktail hour. The unlikely thief, former child prodigy Benjamin Ziskind, is convinced that the painting once hung in his parents' living room. This work of art opens a door through which we discover his family's startling history—from an orphanage in Soviet Russia where Chagall taught to suburban New Jersey and the jungles of Vietnam.
