Drama: A Graphic Novel Raina Telgemeier, 2014-07-29 From Raina Telgemeier, the #1 New York Times bestselling, multiple Eisner Award-winning author of *Smile* and *Sisters!* Callie loves theater. And while she would totally try out for her middle school's production of *Moon over Mississippi*, she can't really sing. Instead she's the set designer for the drama department's stage crew, and this year she's determined to create a set worthy of Broadway on a middle-school budget. But how can she, when she doesn't know much about carpentry, ticket sales are down, and the crew members are having trouble working together? Not to mention the onstage AND offstage drama that occurs once the actors are chosen. And when two cute brothers enter the picture, things get even crazier!

Dramas, Fields, and Metaphors Victor Turner, 2018-10-18 In this book, Victor Turner is concerned with various kinds of social actions and how they relate to, and come to acquire meaning through, metaphors and paradigms in their actors' minds; how in certain circumstances new forms, new metaphors, new paradigms are generated. To describe and clarify these processes, he ranges widely in history and geography: from ancient society through the medieval period to modern revolutions, and over India, Africa, Europe, China, and Meso-America. Two chapters, which illustrate religious paradigms and political action, explore in detail the confrontation between Henry II and Thomas Becket and between Hidalgo, the Mexican liberator, and his former friends. Other essays deal with long-term religious processes, such as the Christian pilgrimage in Europe and the emergence of anti-caste movements in India. Finally, he directs his attention to other social phenomena such as transitional and marginal groups, hippies, and dissident religious sects, showing that in the very process of dying they give rise to new forms of social structure or revitalized versions of the old order.

Outstanding Broadway Dramas and Comedies Heinz-Dietrich Fischer, 2013 Many Pulitzer Prize-winners in the theater award category started their international careers right from Broadway. Among the laureates were dramatists such as Eugene O'Neill who earned four awards. Double prize-winner Tennessee Williams was praised for *A Streetcar Named Desire* and *Cat on a Hot Tin Roof*. Thornton Wilder's plays *Our Town* and *The Skin of Our Teeth* were successful, as well as Arthur Miller's *Death of a Salesman*. Edward Albee's *Three Tall Women* or Alfred Uhry's *Driving Miss Daisy* represent the younger generation of Pulitzer Prize-winning playwrights. This book takes a look at many of the Pulitzer Prize-winning productions that have been presented over the years on Broadway. (Series: Pulitzer Prize Panorama - Vol. 6)

Masterpiece Nancy West,2020-11-27 On a wintry night in 1971, Masterpiece Theatre debuted on PBS. Fifty years later, America's appetite for British drama has never been bigger. The classic television program has brought its fans protagonists such as The Dowager Countess and Ross Poldark and series that include Downton Abbey and Prime Suspect. In Masterpiece: America's 50-Year-Old Love Affair with British Television Drama, Nancy West provides a fascinating history of the acclaimed program. West combines excerpts from original interviews, thoughtful commentary, and lush photography to deliver a deep exploration of the television drama. Vibrant stories and anecdotes about Masterpiece's most colorful shows are peppered throughout, such as why Benedict Cumberbatch hates Downton Abbey and how screenwriter Daisy Goodwin created a teenage portrait of Queen Victoria after fighting with her daughter about homework. Featuring an array of color photos from Masterpiece's best-loved dramas, this book offers a penetrating look into the program's influence on television, publishing, fashion, and its millions of fans.

Cinematic TV Rashna Wadia Richards,2021-04-30 For decades after its invention, television was considered by many to be culturally deficient when compared to cinema, as analyses rooted in communication studies and the social sciences tended to focus primarily on television's negative

impact on consumers. More recently, however, denigration has largely been replaced by serious critical consideration of what television represents in the post-network era. Once derided as a media wasteland, TV is now praised for its visual density and complexity. In the last two decades, media scholars have often suggested that television has become cinematic. Serial dramas, in particular, are acclaimed for their imitations of cinema's formally innovative and narratively challenging conventions. But what exactly does cinematic TV mean? In *Cinematic TV*, author Rashna Wadia Richards takes up this question comprehensively, arguing that TV dramas quote, copy, and appropriate (primarily) American cinema in multiple ways and toward multiple ends. Constructing an innovative theoretical framework by combining intertextuality and memory studies, *Cinematic TV* focuses on four modalities of intermedial borrowings: homage, evocation, genre, and parody. Through close readings of such exemplary shows as *Stranger Things*, *Mad Men*, *Damages*, and *Dear White People*, the book demonstrates how serial dramas reproduce and rework, undermine and idolize, and, in some cases, compete with and outdo cinema.

Modern American Drama: Playwriting in the 1940s Felicia Hardison Londré, 2019-11-14 The Decades of Modern American Drama series provides a comprehensive survey and study of the theatre produced in each decade from the 1930s to 2009 in eight volumes. Each volume equips readers with a detailed understanding of the context from which work emerged: an introduction considers life in the decade with a focus on domestic life and conditions, social changes, culture, media, technology, industry and political events; while a chapter on the theatre of the decade offers a wide-ranging and thorough survey of theatres, companies, dramatists, new movements and developments in response to the economic and political conditions of the day. The work of the four most prominent playwrights from the decade receives in-depth analysis and re-evaluation by a team of experts, together with commentary on their subsequent work and legacy. A final section brings together original documents such as interviews with the playwrights and with directors, drafts of play scenes, and other previously unpublished material. The major playwrights and their works to receive in-depth coverage in this volume include: * Eugene O'Neill: *The Iceman Cometh* (1946), *A Moon for the Misbegotten* (1947), *Long Day's Journey Into Night* (written 1941, produced 1956), and *A Touch of the Poet* (written 1942, produced 1958); * Tennessee Williams: *The Glass Menagerie* (1944), *A Streetcar Named Desire* (1947), *Summer and Smoke* (1948); * Arthur Miller: *All My Sons* (1947), *Death of a Salesman* (1949), and *The Crucible* (1953); * Thornton Wilder: *Our Town* (1938), *The Skin of Our Teeth* (1942), *Shadow of a Doubt* (1943), and *The Alcestiad* (written 1940s).

Requiem for a Marriage J. B. Edwards, 2012-05 Thoreau once said, Live the life you have dreamed. The plays in this book are the dreams in the life that I have led. By that I mean that I have drawn upon a life's full experience to construct a fictional story. But these are stories that are meant to entertain, because that's the first responsibility of the theater; but also to explore the dreams and hopes and failures of real people living in our time.
