

EMA

Paul Murphy

The Sins of Mrs. Ema Mirela Kanini,2021-12-20 The Sins of Mrs. Ema is a provocative novel by author Mirela Kanini about true happiness in life. Is it money or love? How do we balance having a devoted husband and then finding the right person at the wrong time? How far will we go for love? Ema seems to have it all. She is a successful psychologist, married to a business man, and lives in a mansion in a desirable neighborhood. She has everything one could want, from luxury cars, to a vacation home, to trips to the most exotic places. Her marriage has lost its passion and is dulled by routine. But one business trip to her hometown changes everything. Her life shifts from a quiet, suburban one to a passionately dangerous one. She meets Toni, the love of her life. She risks everything she has to follow her heart. She is caught between the man who cares about her and the man she truly loves. What if she loses it all at the end? Unpredictable, heartbreaking! An affair to remember! This is a brilliant psychological romance!

Ema the Captive César Aira,2016-12-06 Ema The Captive, César Aira's second novel, is perhaps closest in style to his popular An Episode in the Life of a Landscape Painter and The Hare In nineteenth-century Argentina, Ema, a delicate woman of indeterminate origins, is captured by soldiers and taken, along with with her newborn babe, to live as a concubine in a crude fort on the very edges of civilization. The trip is appalling (deprivations and rapes prevail along the way), yet the real story commences once Ema arrives at the fort, where she takes on a succession of lovers among the soldiers and Indians, leading to a brave and grand entrepreneurial experiment. As is usual with Aira's work, the wonder of the book is in the details of customs, beauty, and language, and the curious, perplexing reality of human nature.

Your Ema Loves You Eloise Lovelace,2011-03

Dear Ema Marielle Courtial,2021-06-16 Terminer ses études en médecine, obtenir son doctorat et fonder sa famille avec l'amour de sa vie, la vie d'Ema Williams était sous contrôle, tout était tracé.Tout était tracé, tout s'est effondré... À PROPOS DE L'AUTEURE Marielle Courtial poursuit une carrière sociale basée sur les relations humaines. L'écriture est pour elle une thérapie et un moyen d'aider les autres à travers les mots. Dear Ema est son premier roman.

Ema's Odyssey Sandra Harner,2014-01-07 Follow the fantastic odyssey of one woman as she explores shamanic realms, encountering spirit animals and other teachers who answer her deepest questions and provide her with life-changing guidance and healing. Widowed, childless, and alone, 60-year-old Ema bravely decides to expand her self-knowledge by embarking on a spiritual adventure. She meets with author Sandra Harner, who leads her through five sessions of Harner Shamanic Counseling (HSC), a highly effective system of personal problem-solving in which counselors help clients enter a shamanic state of consciousness using a specific sonic rhythm. While in this state, clients seek out helping spirits, who offer insight, wisdom, and healing. By the end of her sessions with Harner, Ema has discovered her own innate ability to find answers to pervasive personal questions, overcome inhibitory fears, and acquire self-confidence and wisdom. She has found a sense of personal empowerment and a newfound joy in existence--and decides she wants to continue her journeys independently. From 1999 to 2011, Ema ventures on a total of 64 journeys, each one chronicled in this book, thanks to taped recordings of her simultaneous narration. In addition to serving as an invaluable resource for students and practitioners of shamanism, psychology, and alternative modalities of therapy, Ema's Odyssey enchants us with its lyrical poetry and unique wisdom, and inspires us with its demonstration of courage, curiosity, persistence, and humility. Perhaps most importantly, we come away with the added assurance that we are not alone, that there are oft-untapped resources we all can access, given the tools and trust in our own experience.

Guide for Implementing Or Enhancing an Endangered Missing Advisory (EMA) Paul Murphy,2011-06 There are some cases of missing children that do not meet the threshold for the issuance of an AMBER Alert. The same concern applies to missing persons older than 18, who fall outside AMBER Alert's purview. The EMA was crafted in 2005 to fill this gap. This report describes how a community can establish a task force to create an EMA plan, which creates voluntary partnerships to recover missing persons who do not fit the AMBER Alert criteria but who may be in danger. EMAs help law enforcement notify the general public that someone is missing and ultimately save lives. This guide provides directions for developing, activating, and sustaining an EMA plan and includes sample plans and press releases. A print on demand report.

Ema's Quest Dean Schultz,2020-08-26 This is a story about meeting new friends and discovering that giving is the best gesture you can do. Ema learns all these things in a short journey in her neighborhood.

Ema the Rhinoceros Chelsea Gillian Grey,2004-04 Ema the rhinoceros and her younger brother, Salim, are always together. Salim was born blind and depends on his sister to take care of him. When Ema leaves Salim napping while she searches for food, a cry rings out through the air! Salim is in trouble!

Explanatory Model Analysis Przemyslaw Biecek,Tomasz Burzykowski,2021-02-15 Explanatory Model Analysis Explore, Explain and Examine Predictive Models is a set of methods and tools designed to build better predictive models and to monitor their behaviour in a changing environment. Today, the true bottleneck in predictive modelling is neither the lack of data, nor the lack of computational power, nor inadequate algorithms, nor the lack of flexible models. It is the lack of tools for model exploration (extraction of relationships learned by the model), model explanation (understanding the key factors influencing model decisions) and model examination (identification of model weaknesses and evaluation of model's performance). This book presents a collection of model agnostic methods that may be used for any black-box model together with real-world applications to classification and regression problems.

Ema Earns Her Ears Ema Hutton,Bob McLain,2014-12-13 God Save the Mouse! Ema Hutton's two summers in Disney's International College Program took her from a little town in England to cleaning rooms at Port Orleans and performing as Pluto in the Magic Kingdom. Ema gives the most revealing glimpse yet of working backstage at Disney World.

Leong's Manual of Diagnostic Antibodies for Immunohistology Runjan Chetty,Kumarasen Cooper,Allen M. Gown,2016-11-28 Providing a unique A-Z guide to antibodies for immunohistology, this is an indispensable source for pathologists to ensure the correct application of immunohistochemistry in daily practice. Each entry includes commercial sources, clones, descriptions of stained proteins/epitopes, the full staining spectrum of normal and tumor tissues, staining pattern and cellular localization, the range of conditions of immunoreactivity, and pitfalls of the antibody's immunoprofile, giving pathologists a truly thorough quick-reference guide to sources, preparation and applications of specific antibodies. Appendices provide useful quick-reference tables of antibody panels for differential diagnoses, as well as summaries of diagnostic applications. Expanded from previous editions with over forty new entries, this handbook for diagnostic, therapeutic, prognostic and research applications of antibodies is an essential desktop book for practicing pathologists as well as researchers, residents and trainees.

Emergency Management Assistance (EMA) Grant Program ,2004 Provides potential applicants with application information and forms for participation in the Illinois Emergency Management Agency's (IEMA) EMA Grant Program.
