**Saving Elmhurst** Grace Evans,2013-11 Never underestimate the power of a woman! Saving Elmhurst is based on a true story that has always captivated the author. It was my great-grandmother who saved Elmhurst by making the orange candy pecans. Thus begins the novel set in 1929 rural Arkansas. As the Great Depression takes hold of the land, and millions of people lose their homes and businesses, Elmhurst Plantation is in danger of foreclosure. The plantation owner, Mr. Shep, has other interests, and in a twist of fate, his health is failing. To save the farm, the women in the household assume control. Shep's wife, Mrs. Nellie, along with the cook, Quilla, and Quilla's assistant, Easter, take on the task of Saving Elmhurst.

**Sacramento's Elmhurst, Tahoe Park and Colonial Heights** ,2008 The Sacramento suburbs known as Elmhurst, Tahoe Park, and Colonial Heights were once home to the California State Fair, the Sacramento County Hospital, and the Sacramento Army Depot. On May 8, 1910, the Central California Traction Company opened interurban passenger service to Colonial Heights, connecting the neighborhoods to the rest of Sacramento. These neighborhoods began to thrive after 1945 as many wartime workers remained in Sacramento and looked for affordable housing. Bounded by Highway 50, Stockton Boulevard, Fruitridge Road, and Florin-Perkins Road, the area today is a mixture of mature housing tracts, a sprawling medical campus, a converted military facility, commercial service centers, and light industrial operations. The area's recent resurgence, led by groups like the Tahoe Park Neighborhood Association and numerous community leaders, has made the district a true success story.

**The Future of Us All** Roger Sanjek,2000-02 Before the next century is out, Americans of African, Asian, and Latin American ancestry will outnumber those of European origin. In the Elmhurst-Corona neighborhood of Queens, New York City, the transition occurred during the 1970s, and the area's two-decade experience of multiracial diversity offers us an early look at the future of urban America. The result of more than a dozen years' work, this remarkable book immerses us in Elmhurst-Corona's social and political life from the 1960s through the 1990s. First settled in 1652, Elmhurst-Corona by 1960 housed a mix of Germans, Irish, Italians, and other white ethnics. In 1990 this population made up less than a fifth of its residents; Latin American and Asian immigrants and African Americans comprised the majority. The Future of Us All focuses on the combined impact of racial change, immigrant settlement, governmental decentralization, and assaults on local quality of life which stemmed from the city's 1975 fiscal crisis and the policies of its last three mayors. The book examines the ways in which residents--in everyday interactions, block and tenant associations, houses of worship, small business coalitions, civic rituals, incidents of ethnic and racial hostility, and political struggles against overdevelopment, for more schools, and for youth programs--have forged and tested alliances across

lines of race, ethnicity, and language. From the telling local details of daily life to the larger economic and regional frameworks, this account of a neighborhood's transformation illuminates the issues that American communities will be grappling with in the coming decades.
