Don't Fear the Spreadsheet Tyler Nash,Bill Jelen,Kevin Jones,Tom Urtis,2012-07-01 Written in a question-and-answer format, this lowest-level beginner book covers the extreme basics of using spreadsheets in Excel. How do I create custom functions? and What is a Macro and how do I go about creating it? Intended for the roughly 40 percent Excel users who have never even entered a formula, this book will demystify the problems and confusion that prevent them from using the program to its potential.
