Starfist: First to Fight David Sherman,Dan Cragg,1999-02-11 “Hard to put down . . . Any book written by Cragg and Sherman is bound to be addictive, and this is the first in what promises to be a great adventure series. First to Fight is rousing, rugged, and just plain fun.”–Ralph Peters, New York Times bestselling author of Red Army “Marines, we have just become a low-tech deep recon patrol . . .” Stranded in a hellish alien desert, stripped of their strategic systems, quick reaction force, and supporting arms, and carrying only a day's water ration, Marine Staff Sergeant Charlie Bass and his seven-man team faced a grim future seventy-five light-years from home. The only thing between his Marines and safety was eighty-five miles of uncharted, waterless terrain and two thousand bloodthirsty savages with state-of-the-art weapons in their hands and murder on their minds. But the enemy didn't reckon on the warrior cunning of Marines’ Marine Charlie Bass and the courage of the few good men who would follow him anywhere--even to death. . .

My Very First Book of Numbers Eric Carle,2006 Exploring sports event management from a Caribbean, small island developing state perspective, the volume uses the events of the recently held Cricket World Cup 2007 (CWC 2007) as a launching pad for identifying best practices and the way forward. The CWC 2007 was the first time in any sport, a World Cup was staged in nine independent countries. None of the Caribbean territories hosting a match has a population larger than Jamaica's 3.4 million; most have less than quarter of a million people; economies are small and infrastructure limited. The hosting of this event produced significant lessons that the region and the world can learn from concerning sports event management.

Daring Greatly Brené Brown,2013-01-17 Researcher and thought leader Dr. Brené Brown offers a powerful new vision in Daring Greatly that encourages us to embrace vulnerability and imperfection, to live wholeheartedly and courageously. 'It is not the critic who counts; not the man who points out how the strong man stumbles, or where the doer of deeds could have done them better. The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly; . . . who at best knows in the end the triumph of high achievement, and who at worst, if he fails, at least fails while daring greatly' -Theodore Roosevelt Every time we are introduced to someone new, try to be creative, or start a difficult conversation, we take a risk. We feel uncertain and exposed. We feel vulnerable. Most of us try to fight those feelings - we strive to appear perfect. Challenging everything we think we know about vulnerability, Dr. Brené Brown dispels the widely accepted myth that it's a weakness. She argues that vulnerability is in fact a strength, and when we shut ourselves off from revealing our true selves we grow distanced from the things that bring purpose and meaning to our lives. Daring Greatly is the culmination of 12 years of groundbreaking social research, across the home, relationships, work, and parenting. It is an invitation to be courageous; to show up and let ourselves be seen, even when there are no guarantees. This is vulnerability. This is daring greatly. 'Brilliantly insightful. I can't stop thinking about this book' -Gretchen Rubin Brené Brown, Ph.D., LMSW is a #1 New York Times bestselling author and a research professor at the University of Houston Graduate College of Social Work. Her groundbreaking work was featured on Oprah Winfrey's Super Soul Sunday, NPR, and CNN. Her TED talk is one of the most watched TED talks of all time. Brené is also the author of The Gifts of Imperfection and I Thought It Was Just Me (but it isn't).

Profit First Mike Michalowicz,2017-02-21 Author of cult classics The Pumpkin Plan and The Toilet Paper Entrepreneur offers a simple, counterintuitive cash management solution that will help small businesses break out of the doom spiral and achieve instant profitability. Conventional accounting uses the logical (albeit, flawed) formula: Sales - Expenses = Profit. The problem is, businesses are run by humans, and humans aren't always logical. Serial entrepreneur Mike Michalowicz has developed a behavioral approach to accounting to flip the formula: Sales - Profit = Expenses. Just as the most effective weight loss strategy is to limit portions by using smaller plates, Michalowicz shows that by taking profit first and apportioning only what remains for expenses, entrepreneurs will transform their businesses from cash-eating monsters to profitable cash cows. Using Michalowicz's Profit First system, readers will learn that: • Following 4 simple principles can simplify

accounting and make it easier to manage a profitable business by looking at bank account balances. · A small, profitable business can be worth much more than a large business surviving on its top line. · Businesses that attain early and sustained profitability have a better shot at achieving long-term growth. With dozens of case studies, practical, step-by-step advice, and his signature sense of humor, Michalowicz has the game-changing roadmap for any entrepreneur to make money they always dreamed of.

Dare to Lead Brené Brown, 2018-10-09 #1 NEW YORK TIMES BESTSELLER • Brené Brown has taught us what it means to dare greatly, rise strong, and brave the wilderness. Now, based on new research conducted with leaders, change makers, and culture shifters, she's showing us how to put those ideas into practice so we can step up and lead. Don't miss the five-part HBO Max docuseries Brené Brown: Atlas of the Heart! NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Leadership is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don't avoid difficult conversations and situations; we lean into vulnerability when it's necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we're scrambling to figure out what we have to offer that machines and AI can't do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Brené Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 50 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, "One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It's learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It's why we're here." Whether you've read Daring Greatly and Rising Strong or you're new to Brené Brown's work, this book is for anyone who wants to step up and into brave leadership.

First, Break All the Rules Marcus Buckingham, Curt Coffman, 2014-02-02 Gallup presents the remarkable findings of its revolutionary study of more than 80,000 managers in First, Break All the Rules, revealing what the world's greatest managers do differently. With vital performance and career lessons and ideas for how to apply them, it is a must-read for managers at every level. The greatest managers in the world seem to have little in common. They differ in sex, age, and race. They employ vastly different styles and focus on different goals. Yet despite their differences, great managers share one common trait: They do not hesitate to break virtually every rule held sacred by conventional wisdom. They do not believe that, with enough training, a person can achieve anything he sets his mind to. They do not try to help people overcome their weaknesses. They consistently disregard the golden rule. And, yes, they even play favorites. This amazing book explains why. Gallup presents the remarkable findings of its massive in-depth study of great managers across a wide variety of situations. Some were in leadership positions. Others were front-line supervisors. Some were in Fortune 500 companies; others were key players in small entrepreneurial companies. Whatever their situations, the managers who ultimately became the focus of Gallup's research were invariably those who excelled at turning each employee's talent into performance. In today's tight labor markets, companies compete to find and keep the best employees, using pay, benefits, promotions, and training. But these well-intentioned efforts often miss the mark. The front-line manager is the key to attracting and retaining talented employees. No matter how generous its pay or how renowned its training, the company that lacks great front-line managers will suffer. The authors explain how the best managers select an employee for talent rather than for skills or experience; how they set expectations for him or her – they define the right outcomes rather than the right steps; how they motivate people – they build on each person's unique strengths rather than trying to fix his weaknesses; and, finally, how great managers develop people – they find the right fit for each person, not the next rung on the ladder. And perhaps most important, this research – which initially generated thousands of different survey questions on the subject of employee opinion – finally produced the twelve simple questions that work to distinguish the strongest departments of a company from all the rest. This book is the first to present this essential measuring stick and to prove the link between employee opinions and productivity, profit, customer satisfaction, and the rate of turnover. There are vital performance and career lessons here for managers at every level, and, best of all, the book shows you how to apply them to your own situation.

First Evan Thomas, 2019-03-19 NEW YORK TIMES BESTSELLER • The intimate, inspiring, and authoritative biography of Sandra Day O'Connor, America's first female Supreme Court justice, drawing on exclusive interviews and first-time access to Justice O'Connor's archives—as seen on PBS's American Experience “She's a hero for our time, and this is the biography for our time.”—Walter Isaacson Finalist for the Los Angeles Times Book Prize • Named One of the Best Books of the Year by NPR and The Washington Post She was born in 1930 in El Paso and grew up on a cattle ranch in Arizona. At a time when women were expected to be homemakers, she set her sights on Stanford University. When she graduated near the top of her law school class in 1952, no firm would even interview her. But Sandra Day O'Connor's story is that of a woman who repeatedly shattered glass ceilings—doing so with a blend of grace, wisdom, humor, understatement, and cowgirl toughness. She became the first ever female

majority leader of a state senate. As a judge on the Arizona Court of Appeals, she stood up to corrupt lawyers and humanized the law. When she arrived at the United States Supreme Court, appointed by President Ronald Reagan in 1981, she began a quarter-century tenure on the Court, hearing cases that ultimately shaped American law. Diagnosed with cancer at fifty-eight, and caring for a husband with Alzheimer's, O'Connor endured every difficulty with grit and poise. Women and men who want to be leaders and be first in their own lives—who want to learn when to walk away and when to stand their ground—will be inspired by O'Connor's example. This is a remarkably vivid and personal portrait of a woman who loved her family, who believed in serving her country, and who, when she became the most powerful woman in America, built a bridge forward for all women. Praise for *First* "Cinematic . . . poignant . . . illuminating and eminently readable . . . *First* gives us a real sense of Sandra Day O'Connor the human being. . . . Thomas gives O'Connor the credit she deserves."—The Washington Post "[A] fascinating and revelatory biography . . . a richly detailed picture of [O'Connor's] personal and professional life . . . Evan Thomas's book is not just a biography of a remarkable woman, but an elegy for a worldview that, in law as well as politics, has disappeared from the nation's main stages."—The New York Times Book Review

You Go First Erin Entrada Kelly, 2018-04-10 Funny and poignant, Newbery Medalist and New York Times bestseller Erin Entrada Kelly's national bestseller *You Go First* is an exploration of family, bullying, word games, art, and the ever-complicated world of middle school friendships. In a starred review, *School Library Journal* wrote that Erin Entrada Kelly can "capture moments of tween anguish with searing honesty." Twelve-year-old Charlotte Lockard and eleven-year-old Ben Boxer are separated by more than a thousand miles. On the surface, their lives seem vastly different—Charlotte lives near Philadelphia, Pennsylvania, while Ben is in the small town of Lanester, Louisiana. Charlotte wants to be a geologist and keeps a rock collection in her room. Ben is obsessed with Harry Potter, presidential history, and recycling. But the two have more in common than they think. They're both highly gifted. They're both experiencing family turmoil. And they both sit alone at lunch. During the course of one week, Charlotte and Ben—friends connected only by an online Scrabble game—will intersect in unexpected ways as they struggle to navigate the turmoil of middle school. The New York Times-bestselling novel *You Go First* reminds us that no matter how hard it is to keep our heads above troubled water, we never struggle alone. Newbery Medalist Erin Entrada Kelly writes with an authentic, humorous, and irresistible voice. This engaging and character-driven story about growing up and finding your place in the world is for fans of Rebecca Stead and Rita Williams-Garcia.

What the Eyes Don't See Mona Hanna-Attisha, 2018-06-19 A NEW YORK TIMES NOTABLE BOOK • The dramatic story of the Flint water crisis, by a relentless physician who stood up to power. "Stirring . . . [a] blueprint for all those who believe . . . that 'the world . . . should be full of people raising their voices.'"—The New York Times "Revealing, with the gripping intrigue of a Grisham thriller." —O: The Oprah Magazine Here is the inspiring story of how Dr. Mona Hanna-Attisha, alongside a team of researchers, parents, friends, and community leaders, discovered that the children of Flint, Michigan, were being exposed to lead in their tap water—and then battled her own government and a brutal backlash to expose that truth to the world. Paced like a scientific thriller, *What the Eyes Don't See* reveals how misguided austerity policies, broken democracy, and callous bureaucratic indifference placed an entire city at risk. And at the center of the story is Dr. Mona herself—an immigrant, doctor, scientist, and mother whose family's activist roots inspired her pursuit of justice. *What the Eyes Don't See* is a riveting account of a shameful disaster that became a tale of hope, the story of a city on the ropes that came together to fight for justice, self-determination, and the right to build a better world for their—and all of our—children. Praise for *What the Eyes Don't See* "It is one thing to point out a problem. It is another thing altogether to step up and work to fix it. Mona Hanna-Attisha is a true American hero."—Erin Brockovich "A clarion call to live a life of purpose."—The Washington Post "Gripping . . . entertaining . . . Her book has power precisely because she takes the events she recounts so personally. . . . Moral outrage present on every page."—The New York Times Book Review "Personal and emotional. . . She vividly describes the effects of lead poisoning on her young patients. . . . She is at her best when recounting the detective work she undertook after a tip-off about lead levels from a friend. . . . 'Flint will not be defined by this crisis,' vows Ms. Hanna-Attisha."—The Economist "Flint is a public health disaster. But it was Dr. Mona, this caring, tough pediatrician turned detective, who cracked the case."—Rachel Maddow
