Starfist: First to Fight David Sherman, Dan Cragg, 1999-02-11 “Hard to put down . . . Any book written by Cragg and Sherman is bound to be addictive, and this is the first in what promises to be a great adventure series. First to Fight is rousing, rugged, and just plain fun.”—Ralph Peters, New York Times bestselling author of *Red Army* “Marines, we have just become a low-tech deep recon patrol . . .” Stranded in a hellish alien desert, stripped of their strategic systems, quick reaction force, and supporting arms, and carrying only a day’s water ration, Marine Staff Sergeant Charlie Bass and his seven-man team faced a grim future seventy-five light-years from home. The only thing between his Marines and safety was eighty-five miles of uncharted, waterless terrain and two thousand bloodthirsty savages with state-of-the-art weapons in their hands and murder on their minds. But the enemy didn’t reckon on the warrior cunning of Marines’ Marine Charlie Bass and the courage of the few good men who would follow him anywhere—even to death. . .

Profit First Mike Michalowicz, 2017-02-21 Author of cult classics *The Pumpkin Plan* and *The Toilet Paper Entrepreneur* offers a simple, counterintuitive cash management solution that will help small businesses break out of the doom spiral and achieve instant profitability. Conventional accounting uses the logical (albeit, flawed) formula: Sales - Expenses = Profit. The problem is, businesses are run by humans, and humans aren't always logical. Serial entrepreneur Mike Michalowicz has developed a behavioral approach to accounting to flip the formula: Sales - Profit = Expenses. Just as the most effective weight loss strategy is to limit portions by using smaller plates, Michalowicz shows that by taking profit first and apportioning only what remains for expenses, entrepreneurs will transform their businesses from cash-eating monsters to profitable cash cows. Using Michalowicz's Profit First system, readers will learn that: · Following 4 simple principles can simplify accounting and make it easier to manage a profitable business by looking at bank account balances. · A small, profitable business can be worth much more than a large business surviving on its top line. · Businesses that attain early and sustained profitability have a better shot at achieving long-term growth. With dozens of case studies, practical, step-by-step advice, and his signature sense of humor, Michalowicz has the game-changing roadmap for any entrepreneur to make money they always dreamed of.
