Emotional Intelligence Flashcard Book Tchiki S. Davis,2016-12-03 A simple way to support children's well-being is by generating stronger connections in the brain for positive concepts. Children can strengthen these neural networks by practicing spelling positive emotion words. By regularly activating positive emotion concepts (by spelling the words in this book), these concepts become more available, accessible, and easily activated in daily life. In the long run, strengthening these positive networks helps children more easily develop emotional intelligence, resilience, and well-being.
