

Focus

Valerie Pierce

Focus (HBR Emotional Intelligence Series)

Harvard Business Review, Daniel Goleman, Heidi Grant, Amy Jen Su, Rasmus Hougaard, Maura Nevel Thomas, 2018-11-13 The importance of achieving focus goes well beyond your own productivity. Deep focus allows you to lead others successfully, find clarity amid uncertainty, and heighten your sense of professional fulfillment. Yet the forces that challenge sustained focus range from dinging phones to office politics to life's everyday worries. This book explains how to strengthen your ability to focus, manage your team's attention, and break the cycle of distraction. This volume includes the work of: Daniel Goleman Heidi Grant Amy Jen Su Rasmus Hougaard HOW TO BE HUMAN AT WORK. The HBR Emotional Intelligence Series features smart, essential reading on the human side of professional life from the pages of Harvard Business Review. Each book in the series offers proven research showing how our emotions impact our work lives, practical advice for managing difficult people and situations, and inspiring essays on what it means to tend to our emotional well-being at work. Uplifting and practical, these books describe the social skills that are critical for ambitious professionals to master.

Focus Mike Schmoker, 2018-07-16 In this 2nd edition of Focus: Elevating the Essentials to Radically Improve Student Learning, Mike Schmoker extends and updates the case that our schools could be on the cusp of swift, unparalleled improvements. But we are stymied by a systemwide

failure to simplify and prioritize; we have yet to focus our limited time and energy on the most essential, widely acknowledged, evidence-based practices that could have more impact than all other initiatives combined. They are: simple, coherent curricula; straightforward, traditional literacy practices; and lessons built around just a few hugely effective elements of good teaching. As Schmoker demonstrates, the case for these practices—and the need for them—has grown prodigiously. In every chapter, you'll find late-breaking discoveries and practical advice on how to simplify the implementation of new state standards in the subject areas; on the hidden pitfalls of our most popular, but unproven instructional fads and programs; and on simple, versatile strategies for building curriculum, planning lessons, and integrating literacy into every discipline. All of these strategies and findings are supported with exciting new evidence from actual schools. Their success confirms, as Michael Fullan writes, that a focus on the best high-leverage practices won't only improve student performance; they will produce stunningly powerful consequences in our schools.

Focusing Eugene T. Gendlin, 1982-08-01 The classic guide to a powerful technique that can increase your mindfulness and lead to personal transformation Based on groundbreaking research conducted at the University of Chicago, the focusing technique has gained widespread popularity and scholarly acclaim. It consists of six easy-to-master steps that identify and change the way thoughts and emotions are held within the

body. Focusing can be done virtually anywhere, at any time, and an entire "session" can take no longer than ten minutes, but its effects can be felt immediately—in the relief of bodily tension and psychological stress, as well as in dramatic shifts in understanding and insight. In this highly accessible guide, Dr. Eugene Gendlin, the award-winning psychologist who developed the focusing technique, explains the basic principles behind focusing and offers simple step-by-step instructions on how to utilize this powerful tool for tapping into greater self-awareness and inner wisdom. As you learn to develop your natural ability to "focus," you'll find yourself more in sync with both mind and body, filled with greater self-assurance, and better equipped to make the positive changes necessary to improve and enhance every aspect of your life.

Focus Al Ries, 2005-09-27 What's the secret to a company's continued growth and prosperity? Internationally known marketing expert Al Ries has the answer: focus. His commonsense approach to business management is founded on the premise that long-lasting success depends on focusing on core products and eschewing the temptation to diversify into unrelated enterprises. Using real-world examples, Ries shows that in industry after industry, it is the companies that resist diversification, and focus instead on owning a category in consumers' minds, that dominate their markets. He offers solid guidance on how to get focused and how to stay focused, laying out a workable blueprint for any company's evolution that will increase market share and shareholder

value while ensuring future success.

Focus Heidi Grant Halvorson, Ph.D., E. Tory Higgins Ph.D., 2014-01-28 "A must-read for anyone who wants to understand why they behave as they do." –Art Markman, Ph.D., author of *Smart Thinking* Do you play to win? Or do you play not to lose? As Tory Higgins and Heidi Grant Halvorson have discovered in their work at Columbia University's Motivation Science Center, everything we do is motivated either by a desire to be better off or to simply hang on to what we've got. And understanding the simple but crucial difference between the two can empower you to motivate yourself and influence everyone around you. Examining how promotion/prevention focus applies across a wide range of situations—from selling products to managing employees to raising children to getting a second date—Halvorson and Higgins show us how to identify, change, and use focus to get the results we want.

Focused Alyson Gerber, 2019-03-26 Following *Braced*, which had three starred reviews, comes a story of a girl caught between her love of chess and her ADHD. Clea can't control her thoughts. She knows she has to do her homework . . . but she gets distracted. She knows she can't just say whatever thought comes into her head . . . but sometimes she can't help herself. She know she needs to focus . . . but how can she do that when the people around her are always chewing gum loudly or making other annoying noises? It's starting to be a problem—not just in school, but when Clea's playing chess or just hanging out with her best friend. Other kids are starting to

notice. When Clea fails one too many tests, her parents take her to be tested, and she finds out that she has ADHD, which means her attention is all over the place instead of where it needs to be. Clea knows life can't continue the way it's been going. She's just not sure how you can fix a problem that's all in your head. But that's what she's going to have to do, to find a way to focus. In a starred review, called Alyson Gerber's first novel, , a masterfully constructed and highly empathetic debut about a different kind of acceptance. With , she explores even further how, when life gives you a challenge, the best way to face it is with an open mind, an open heart, and the open support of the people around you.

Focus: The Art of Clear Thinking Valerie Pierce, 2014-05-09 Focus is natural. We are born with an instinct to focus on exactly what we want and a very strong pair of lungs to help us to get it. Then, somewhere along the way, we begin to lose that focus. In the digital age we are bombarded with information from all angles and live our lives at such a breakneck pace that it sometimes seems that our lives are completely out of our control. In three easy steps this book teaches the reader how to regain control through the art of clear thinking: 1) FOCUS eliminate information overload 2) TRANSFORM negative thinking into positive action 3) THINK CLEARLY in the moment The author shows how you can use this strategy to achieve your goals in work and in life.

Focus, Love Lark Books, 2010 Every unique photograph begins with an original point of view

The first book in a brand-new photographic series--shot mostly by amateurs--about seeing the world from a brand-new perspective! Amateurs, by definition, work for love alone--so what subject could be more fitting for the first entry in a brand-new series focusing on the art of the amateur photographer than that potent symbol of love: the heart? Through their snapshot-hungry eyes, these photographers glimpse hearts everywhere: in graffiti scrawled on an alleyway wall, in paper cut by a child, and in nature's worn stones scattered on a forest floor. All that's necessary is to open our eyes...which is what this collection inspires us to do.

How to Focus Thich Nhat Hanh, 2022-07-19 The simple, refreshing meditations of Zen Master Thich Nhat Hanh give us the tools to cultivate concentration. Practicing mindfulness brings concentration, and concentration brings insight and understanding. With our world experiencing the deep effects of loneliness, digital overload, and a proliferation of potential distractions, this pocket-sized How To book reminds us of the value of developing our concentration, so we can let go of misperceptions and cultivate the clarity of mind that is the basis for understanding ourselves, each other, and the world. Written with characteristic simplicity and kindness, these wise meditations teach us that by practicing mindfulness in daily life, we are cultivating the power of concentration and fostering the conditions that bring insight, liberating us from misperceptions and misunderstanding. The Mindfulness Essentials series is a back-to-basics

collection from world-renowned Zen Master Thich Nhat Hanh that introduces readers to the essentials of mindfulness practice. All Mindfulness Essentials books are illustrated with playful sumi-ink drawings by California artist Jason DeAntonis.

The Power of Focus Jack Canfield, Mark Victor Hansen, 2013-09-30 The No1 problem that stops people getting what they want is lack of focus. Those that focus on what they want to achieve prosper, while those that don't struggle. In *The Power of Focus*, you'll discover the specific focusing strategies used by the world's most successful men and women. In this new, updated edition, you'll find out how to: - Focus on your strengths and eliminate everything that is holding you back - Change bad habits into habits that will make you debt-free and wealthy - Create an excellent balance between work and family life - without guilt! Your ability to focus will determine your future, so start now!

Stolen Focus Johann Hari, 2022-01-25 NEW YORK TIMES BESTSELLER • Our ability to pay attention is collapsing. From the author of *Chasing the Scream* and *Lost Connections* comes a groundbreaking examination of why this is happening—and how to get our attention back. “The book the world needs in order to win the war on distraction.”—Adam Grant, author of *Think Again* “Read this book to save your mind.”—Susan Cain, author of *Quiet* WINNER OF THE PORCHLIGHT BUSINESS BOOK AWARD • ONE OF THE BEST BOOKS OF THE YEAR: *The Wall Street Journal*, *Financial Times*, *New York Post*, *Mashable*, *Mindful* In the United States, teenagers can focus

on one task for only sixty-five seconds at a time, and office workers average only three minutes. Like so many of us, Johann Hari was finding that constantly switching from device to device and tab to tab was a diminishing and depressing way to live. He tried all sorts of self-help solutions—even abandoning his phone for three months—but nothing seemed to work. So Hari went on an epic journey across the world to interview the leading experts on human attention—and he discovered that everything we think we know about this crisis is wrong. We think our inability to focus is a personal failure to exert enough willpower over our devices. The truth is even more disturbing: our focus has been stolen by powerful external forces that have left us uniquely vulnerable to corporations determined to raid our attention for profit. Hari found that there are twelve deep causes of this crisis, from the decline of mind-wandering to rising pollution, all of which have robbed some of our attention. In *Stolen Focus*, he introduces readers to Silicon Valley dissidents who learned to hack human attention, and veterinarians who diagnose dogs with ADHD. He explores a favela in Rio de Janeiro where everyone lost their attention in a particularly surreal way, and an office in New Zealand that discovered a remarkable technique to restore workers' productivity. Crucially, Hari learned how we can reclaim our focus—as individuals, and as a society—if we are determined to fight for it. *Stolen Focus* will transform the debate about attention and finally show us how to get it back.

Focus In Photography John Neel, 2016-11-01 Focus is an important artistic tool, directing your viewers into and around your image, but a technical challenge too. In this book, the first serious treatment of the topic in the digital age, John Neel shows how a mastery of your lens will greatly enhance the quality and 'wow' factor of your photographs. Never losing sight of what real-life photographers need to know, Focus in Photography will let you master bokeh and other focus techniques, giving you a complete understanding of optics-and what actually happens to light within the camera in your hand. Richly illustrated with John's own amazing images, and drawing on his well-known authority in the field, it will be a valuable asset to students of photography, enthusiasts looking to refine their art, product photographers and commercial shooters alike.

Free to Focus Michael Hyatt, 2019-04-09 Everyone gets 168 hours a week, but it never feels like enough, does it? Work gobbles up the lion's share--many professionals are working as much as 70 hours a week--leaving less and less for rest, exercise, family, and friends. You know, all those things that make life great. Most people think productivity is about finding or saving time. But it's not. It's about making our time work for us. Just imagine having free time again. It's not a pipe dream. In Free to Focus, New York Times bestselling author Michael Hyatt reveals to readers nine proven ways to win at work so they are finally free to succeed at the rest of life--their health, relationships, hobbies, and more. He

helps readers redefine their goals, evaluate what's working, cut out the nonessentials, focus on the most important tasks, manage their time and energy, and build momentum for a lifetime of success.

Focus on Teaching Jim Knight, 2014-03-06 "Video will completely change the way we do professional learning." –Jim Knight Video recordings of teachers in action offer a uniquely powerful basis for improvement. Best-selling professional development expert Jim Knight delivers a surefire method for harnessing the potential of video to reach new levels of excellence in schools. *Focus on Teaching* details: Strategies that teachers, instructional coaches, teams, and administrators can use to get the most out of using video Tips for ensuring that video recordings are used in accordance with ethical standards and teacher/student comfort levels Protocols, data gathering forms, and many other tools to get the most out of watching video

How to Focus: 54 Habits, Tools and Ideas to Create Superhuman Focus, Eliminate Distractions, Stop Procrastination and Achieve More W. A. V. Mendez, 2020-08-19 Learn How to Master Your Ability to Focus and Capacity to Ignore Distractions Do you feel like you're always distracted and unfocused? Start improving your ability to focus with A.V. Mendez's daily actionable guide that will give you the best ideas to kill distractions and build a habit that will make you more focused and ready to take action. You'll discover how you can take massive action in your life by relying on an easy-to-implement daily task that doesn't require willpower, but rather a daily habit that sticks! Learn How to Take Control of Your Ability to Focus and Ignore Distractions by Clicking the Add to Cart Button Now.

Radical Focus Christina Wodtke, 2021-04-15

Radical Focus is a must-read for anyone who wants

to accomplish out-sized results. Christina does a great job showing both the why and the how of OKRs. Avoid the all-too-common mistakes by reading this book first. - Teresa Torres, author

Continuous Discovery Habits This book is useful, actionable, and actually fun to read! If you want to get your team aligned around real, measurable goals, Radical Focus will teach you how to do it quickly and clearly. - Laura Klein, Principal,

Users Know The award-winning author of The Team That Managed Itself and Pencil Me In returns with a new and expanded edition of her landmark book on OKRs. If you've ever wanted to know how to use OKRs, or why yours might not be working, Radical Focus teaches you everything you need to achieve your goals. The author pulls from her experience with Silicon Valley's hottest companies to teach practical insights on OKRs in the form of a fable. When Hanna and Jack receive an ultimatum from the only investor in their struggling tea supply company, they must learn how to employ Objectives and Key Results (OKRs) with radical focus to get the right things done. Using Hanna and Jack's story, Wodtke walks readers through how to inspire a diverse team to work together in pursuit of a single, challenging goal, and how to stay motivated despite setbacks and failures. Radical Focus has been translated into six languages and sold more than 50,000 copies. Now, the second edition of her OKR manifesto proves that Wodtke's business strategies are essential in a world where focus seems to be a more and more unreachable goal. The updated version includes 22,000 words of all-new material

designed to help OKR users in larger companies create, grade, and manage OKRs in ways that accelerate success and drive rapid organizational learning. Ready to move your team in the right direction? Read this book together, and learn Wodtke's powerful system for attaining your most important goals with radical focus.

Focus Kate McEwen, 2013-04-25 *Focus* is everything you've ever wanted to know about what you need, where you need it and how to get it! From time to time everyone needs some guidance and this book aims to be your little helper, who sits in wait for you to ask the questions and allow it to give you precise and accurate answers. This book works in truly amazing ways, and you will be surprised, excited and relieved when it is able to give you some clarity and some direction that will move you to new places in your life. Each spread features a key word, accompanying symbol and words of wisdom. Simply open the book to a page and find inspiration from within.

Focus on Them Ryan Chancoco, Megan Cole, Jack Harlow, 2018-12-26 Perfect the Skills to Excel as a Manager An engagement crisis, a management skill shortage, a retention problem—call it what you will, today's research and workplace insights emphasize that many employees leave managers. . . not companies. Good managers know they need to deliver results to be successful. But great ones? They understand the essence of managing encompasses something more: making connections, embodying the right skills, and developing their direct reports. They also realize managing well takes practice. With *Focus on Them*, you'll get the

tools and know-how to excel as a manager. Edited by the Association for Talent Development's own management authority Ryan Changcoco, research expert Megan Cole, and content developer Jack Harlow, this book explores ATD's new management framework—the ACCEL model. Each chapter, written by a leader in management and talent development, focuses on one of the five skills all managers need: Accountability (Timothy Ito) Communication (Ken O'Quinn) Collaboration (Winsor Jenkins) Engagement (Hunter Haines) Listening and assessing (Michele Nevarez) By investing in your own development—boosting your ACCEL skills—you signal to your employees that you're serious about their development and learning, too. Becoming a manager isn't climbing a mountain. By focusing on the basics, you can transform from a results-oriented manager to the super people manager your employees need.

Focus Groups Richard A. Krueger, Mary Anne Casey, 2000-04-26 'I read this book in a single sitting. It is written in an enthusiastic, helpful and clear style that held my attention, and made me want to read what came next. I shall read it again in a single sitting - probably more than once. For it offers common-sense advice about planning and running focus groups which I will want to revisit' - British Journal of Education Technology The Third Edition of the 'standard' for learning how to conduct a focus group contains: a new chapter comparing and contrasting market research, academic, nonprofit and participatory

approaches to focus group research; expanded descriptions on how to plan focus group studies and do the analysis, including step-by-step procedures; examples of questions that ask participants to do more than just discuss, and suggestions on how to answer questions about your focus group research.

Focus Introduction

In the digital age, access to information has become easier than ever before. The ability to download Focus has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional

seeking research papers, the option to download Focus has opened up a world of possibilities. Downloading Focus provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Focus has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF

downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Focus. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it

is essential to be cautious while downloading Focus. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Focus, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable

antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Focus has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Focus Books

What is a Focus PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Focus PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Focus PDF?** Editing a PDF can be done with

software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Focus PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Focus PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" ->

"Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview

(on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
