Yet today record numbers of households confront foreclosure. In the next year it is estimated that over two million Americans will lose their homes and almost two billion dollars of wealth will disappear in the process. How

did the traditional American Dream morph into a nightmare for so many? Real estate attorney and educator Shari B. Olefson, a recognized expert in the current mortgage crisis and its effects on homeowners, explains how America slipped to the edge of this dangerous stagnation-recession precipice. In plain language that is easily understandable to the average person, she clarifies legal and financial terminology and describes how our country's mortgage system really works. Utilizing real-life lender and borrower interviews, she exposes its intrinsic flaws and often discriminatory practices, from the mortgage application process to the securitization of bundled mortgages by large investment firms. She also provides evidence to show the government's and Wall Street's roles in both causing and solving the problem. Above all, Olefson offers expert tips, tools, and resources to help you:

- Choose a mortgage professional and understand what's motivating him or her
- Decide what mortgage product fits best and when to refinance
- Get the best fees, interest rate, and service
- Create your own solutions for navigating the credit crunch
- Know what to do when you can't afford your mortgage
- Protect your home if you are at risk of foreclosure
- Understand how to proceed if you are already in foreclosure
- Capitalize on emerging opportunities and avoid the scams and mortgage fraud
- Prepare for coming changes

Foreclosure Nation demystifies the real estate bubble and the subprime mortgage crises that followed. With bold, clear visuals like inventory, absorption, and price trend graphs, Olefson pinpoints exactly when and why experts are predicting a recovery. She also cites statistics that strongly suggest the number of foreclosures will surge in the fall of 2008 and again in 2009, with increased reverberations felt throughout the US and global economies. Foreclosure Nation will prove indispensable to explaining what is happening and guiding readers through. Whether you are planning on

buying your first home, struggling to meet your current mortgage payments, facing foreclosure, or wondering how your investments will be affected, this comprehensive book will assuage the fear of the unknown, empowering you to make wise choices and protect your most valuable assets.

**How to Get Out of Foreclosure with a Loan Modification** HowExpert, Sherri Adame, 2016-09-21 If You Want To Learn How to Get Out of Foreclosure with a Loan Modification, Then Get This Potentially Life Saving Book! A home loan remedification is a method you may qualify for that allows you to get current again. If you are behind several payments, you may be in fear of foreclosure. Perhaps that process has already been started and you are afraid you will lose your home. A loan remedification can allow you to re-age your loan and get a payment you can afford with your current financial circumstances. Instead of trying to come up with a lump sum of money to save your home, you only have to focus on being able to meet that monthly mortgage payment. The process to qualify for a home loan remedification takes time and you have to follow the steps or you can be denied for failure to comply. Once your application is in motion, the foreclosure process will be put on hold. This gives you and the mortgage company time to go through all of the paperwork and see what can be done. Most lenders want to extend a remedification loan to you rather than foreclosure on the property. With that in mind, it is to your advantage to see if you qualify. About the Expert I didn't know about loan remedification until my home was already in foreclosure. I was trying to explore my options and came across the details. I was frustrated that my

mortgage company hadn't taken the time to share that with me as a possibility. They had no trouble calling me at least twice per week to ask for the full amount I was due. They refused to take payments and didn't seem to care about the reason why I was getting behind. Armed with information, I called them and asked for a loan remodification application. I am glad I did as it got me back on track with my home loan. I am hopeful this process can do the same for you. If you are facing foreclosure, you definitely want to look into home loan remodification as an opportunity. HowExpert publishes quick 'how to' guides on all topics from A to Z by everyday experts.
