How to French Country Sara Silm,2022-05-10 The ultimate guide to surrounding yourself with French country style, wherever you are. From deep in the countryside of southwest France comes a comprehensive guide to surrounding yourself with French country style wherever you are. Capturing the beauty and tranquility of the region, interior designer and journalist Sara Silm distills the unique colors, textures, and flavors of this distinctive corner of the world. Inherent in Sara's detailed knowledge of French country style are philosophical lines drawn between color, temporality, style, sensation, and season, such that every design choice is a contemplation of time and place. Nowhere is this more clearly felt than in her unique color palettes, inspired by the patina of weather-beaten shutters, of local brick and fading roof tiles, violet-hued ice cream, and rolling hills bursting to life in spring. Coupling detailed, practical design knowledge with evocative notes on rural French life and choice recipes, *How to French Country* offers a path to gentler living and refocusing on all that we hold dear.

Belle Greene Alexandra Lapierre, 2022-06-14 Based on the true story of Belle da Costa Greene, a woman who defied all odds to carve out a destiny of her own choosing, this is a richly imagined novel bursting with atmosphere, lush period detail, and many unforgettable characters. New York in the 1900s. A young girl fascinated by rare books defies all odds and becomes the director of one of the country's most prestigious private libraries. It belongs to the magnate J. P. Morgan, darling of the international aristocracy and one of the city's richest men. Flamboyant, brilliant, beautiful, Belle is among New York society's most sought after intellectuals. She also hides a secret. Although she looks white, she is African American, the daughter of a famous black activist who sees her desire to hide her origins as the consummate betrayal. Torn between history's ineluctable imperatives and the freedom to belong to the society of her choosing, Belle's drama, which plays out in a violently racist America, is one that resonates

forcefully, and illuminatingly even today. The fruit of years of research and interviews, Alexandra Lapierre's magnificent novel recounts the struggles, victories, and heartbreaks of a woman who is free, astonishingly determined, daring, and fully, exuberantly alive.

Learn French with Le Grand Meaulnes: Interlinear French to English Alain-Fournier, Kees van den End, 2019-12-15 Learn French with one of the most famous of French novels, *Le Grand Meaulnes* by Alain-Fournier. The book is number 9 in *Le Monde's* 100 books of the century of world literature. This edition offers you the best way to learn French just by reading. No need to look up words with our interlinear material! *Le Grand Meaulnes* is the only novel by French author Alain-Fournier, who died a year after the book was published, at age 27. The novel, partly biographical, details the story narrated by fifteen-year-old François Seurel of his friendship with seventeen-year-old Augustin Meaulnes as Meaulnes tries to find back a girl he met at a costume party on a mysterious country estate after getting lost on a trip. We have added a word for word interlinear translation to the French text. This means that the meaning of every French word is immediately accessible, which in turn will make it much easier for you to expand your French vocabulary fast. Use the following method to learn French vocabulary fast and easy. Read the stories

and re-read them until you know almost all the words. This is a fast process because there's no lookup time. Then focus on the remaining words that you still don't know by marking those in the text or noting their pages. Because of the literal and idiomatic interlinear text this is the best way to learn French reading fast. Also, contact us on shop.hyplern.com for non-translated pdf versions of this book with which you can practice reading French without the interlinear translation. The same goes for the mp3s that go with the text. Find the best app to learn french through reading on hyplern.com as well. It allows marking words and practicing them separately and includes a media player for the mp3s. The HypLern project has been creating manually word-for-word translated language material since 2006. The aim of our project is to allow students to start reading the language of their choice immediately, and expand their vocabulary fast. Check out our HypLern interlinear Dutch, German, Russian, Spanish or other languages on Amazon as well!

Contemporary France David Howarth, Georgios

Varouxakis, 2014-03-18 At least since the French Revolution, France has the peculiar distinction of simultaneously fascinating, charming and exasperating its neighbours and foreign observers. Contemporary France provides an essential introduction for students of French politics and society, exploring contemporary developments while placing them in a deeper historical, intellectual, cultural and social context that makes for insightful analysis. Thus, chapters on France's economic policy and welfare state, its foreign and European policies and its political movements and recent institutional developments are informed by an analysis of the country's unique political and institutional traditions, distinct forms of nationalism and citizenship, dynamic intellectual life and recent social trends. Summaries of key political, economic and social movements and events are displayed as exhibits.

An Introduction to the Comparative Phonetics of English and French in North America Marc Picard, 1987-01-01

This textbook is designed to fill two basic needs. One is for a clear and straightforward presentation of the rudiments of articulatory phonetics which is geared specifically to the requirements of the (future) language teacher, and not exclusively to the student of linguistics, and in which the basic concepts and terminology are introduced via English as opposed to a variety of languages. An even greater need, perhaps, and one that has gone unfulfilled for too long, is for a simple but reasonably complete overview of the phonetic inventory of North American French.
