Copeland, 2016-04-05 From New York Times bestselling parenting book author Cynthia Copeland comes a fully updated edition of FAMILY FUN NIGHT, featuring a year's worth of great ideas that foster family togetherness! More than ever, family time faces stiff competition from other activities that appeal to kids: video games and iPhone apps, texting, and social media. Love, Exes, and Ohs (A fun, feel-good small town second chance romcom)
Violet Duke, 2015-03-17 She's his best friend, and the woman he never stopped loving... To this day, Isaac McKnight still has no idea why the perfectly-imperfect-woman-for-him put an end to their relationship out of the blue. He made sure they stayed friends though. But now, it's a year later and he and XoeY are steadily getting sucked deeper into buddy-zone galaxy, with its dangerous proximity to watch-me-settle-down-with-someone-else abyss. That is...until one drunken confession changes everything. He's the world's greatest ex, and the man she can't risk losing... For XoeY Montenegro, history has taught her that sometimes, it's Prince Charming who does the vanishing. So, as far as tequila-fueled plans for her still-unrecovered love life go, a match-finding formula analyzing the exes responsible for her most epic 'ohs' seems brilliant. The only problem with her genius man-quation, however, is the one ex she never truly got over. Her best friend Isaac. Every time I pick up one of Violet's stories, I know I'll be in for a heartfelt,

emotional, and FUN read. Her heroes are just so swoony and sweet. And sexy! -

Making Democracy Fun Josh A. Lerner, 2014-02-21 Drawing on the tools of game
design to fix democracy. Anyone who has ever been to a public hearing or
community meeting would agree that participatory democracy can be boring.
Hours of repetitive presentations, alternately alarmist or complacent, for
or against, accompanied by constant heckling, often with no clear outcome or
decision. Is this the best democracy can offer? In *Making Democracy Fun*, Josh
Lerner offers a novel solution for the sad state of our deliberative
democracy: the power of good game design. What if public meetings featured
competition and collaboration (such as team challenges), clear rules
(presented and modeled in multiple ways), measurable progress (such as scores

and levels), and engaging sounds and visuals? These game mechanics would make meetings more effective and more enjoyable—even fun. Lerner reports that institutions as diverse as the United Nations, the U.S. Army, and grassroots community groups are already using games and game-like processes to encourage participation. Drawing on more than a decade of practical experience and extensive research, he explains how games have been integrated into a variety of public programs in North and South America. He offers rich stories of game techniques in action, in children's councils, social service programs, and participatory budgeting and planning. With these real-world examples in mind, Lerner describes five kinds of games and twenty-six game mechanics that are especially relevant for democracy. He finds that when governments and organizations use games and design their programs to be more like games, public participation becomes more attractive, effective, and transparent. Game design can make democracy fun—and make it work.
