

Gods

Elio D'Anna

American Gods Neil Gaiman,2002-04-30 Shadow is a man with a past. But now he wants nothing more than to live a quiet life with his wife and stay out of trouble. Until he learns that she's been killed in a terrible accident. Flying home for the funeral, as a violent storm rocks the plane, a strange man in the seat next to him introduces himself. The man calls himself Mr. Wednesday, and he knows more about Shadow than is possible. He warns Shadow that a far bigger storm is coming. And from that moment on, nothing will ever be the same...

The Book of the Gods Chas Saunders,Peter J. Allen,2010 Are you tired of the same old boring god you've worshipped for years? Looking for something new and exciting? The Book of the Gods has the answer! Explore hundreds of deities of all shapes, sizes, genders, colours with myriad powers.This is the official book of the leading mythological website Godchecker and is packed full of extraordinary facts and mythological trivia. Who is the god of shoes? The god of football? The god of fluff?From the gods of Greece and Rome to the bizarre and often downright scary gods of Oceania and the Aztecs you will find there is a deity for every occasion. Alongside the A-Z listings are 20 introductory essays that give an entertaining and accessible overview of each pantheon.

The Encyclopaedia Britannica Hugh Chisholm,1911

The Book of Gods David McAfee,Chuck Harrison,2016-05-25 What are gods and why do people believe in them? Where did they come from and what do they do? This book answers all those questions and more! David G. McAfee, who studies religions and writes books, has teamed up with writer and cartoonist Chuck Harrison to help everyone learn about beliefs, gods, and religion! The first book in this series was The Belief Book, which is all about why people believe the things they do, and now they are taking the next step by bringing you The Book of Gods... It doesn't matter how old you are. If you want to learn more about gods from around the globe, including where they came from and how belief in them has spread over time, this easy-to-read book is for you! The fully illustrated and interactive Book of Gods is for readers and thinkers of all ages, including kids and kids at heart.

Encyclopedia of Gods Michael Jordan,2022-12-27 This reference book offers a comprehensive survey of gods and goddesses from cultures across the globe, with each entry covering specific cultures, dates of worship, the role the god played, and defining characteristics and symbols.

The Elder Gods David Eddings,Leigh Eddings,2003-10-15 While most continents float freely on the face of Mother Sea, the Land of Dhrall survives anchored by the will of the Gods. All Gods, Elder and Younger, share the people and the land of Dhrall equally. But the one place they never enter is The Wasteland: a barren and hideous wilderness ruled by the Vlagh--a god-like creature whose young are evil spawn. Now, as the Elder Gods are about to transfer their power to the Younger Gods, the Vlagh plans to take advantage of their weakened state and neutralize them, eventually conquering the world. To do so, it is breeding a terrible force borne of monsters and demons. But one ray of hope shines through the darkness: four children called the Dreamers. They alone hold the power to change the course of history...and stop the Vlagh in its quest for total world domination.

The Food of the Gods H. G. Wells,2013-12-01 Published in 1904, this forgotten classic is sci-fi and dystopia at its best, written by the creator and master of the genre Following extensive research in the field of growth, Mr. Bensington and Professor Redwood light upon a new mysterious element, a food that causes greatly accelerated development. Initially christening their discovery The Food of the Gods, the two scientists are overwhelmed by the possible ramifications of their creation. Needing room for experiments, Mr. Besington chooses a farm that offers him the chance to test on chickens, which duly grow

monstrous, six or seven times their usual size. With the farmer, Mr. Skinner, failing to contain the spread of the Food, chaos soon reigns as reports come in of local encounters with monstrous wasps, earwigs, and rats. The chickens escape, leaving carnage in their wake. The Skinners and Redwoods have both been feeding their children the compound illicitly—their eventual offspring will constitute a new age of giants. Public opinion rapidly turns against the scientists and society rebels against the world's new flora and fauna. Daily life has changed shockingly and now politicians are involved, trying to stamp out the Food of the Gods and the giant race. Comic and at times surprisingly touching and tragic, Wells' story is a cautionary tale warning against the rampant advances of science but also of the dangers of greed, political infighting, and shameless vote-seeking.

Little Gods Meng Jin, 2020-01-14 **ONGLISTED FOR THE PEN/OPEN BOOK AWARD** “Compellingly complex...Expands the future of the immigrant novel even as it holds us in uneasy thrall to the past.” – Gish Jen, New York Times Book Review Combining the emotional resonance of *Home Fire* with the ambition and innovation of *Asymmetry*, a lyrical and thought-provoking debut novel that explores the complex web of grief, memory, time, physics, history, and selfhood in the immigrant experience, and the complicated bond between daughters and mothers. On the night of June Fourth, a woman gives birth in a Beijing hospital alone. Thus begins the unraveling of Su Lan, a brilliant physicist who until this moment has successfully erased her past, fighting what she calls the mind's arrow of time. When Su Lan dies unexpectedly seventeen years later, it is her daughter Liya who inherits the silences and contradictions of her life. Liya, who grew up in America, takes her mother's ashes to China—to her, an unknown country. In a territory inhabited by the ghosts of the living and the dead, Liya's memories are joined by those of two others: Zhu Wen, the woman last to know Su Lan before she left China, and Yongzong, the father Liya has never known. In this way a portrait of Su Lan emerges: an ambitious scientist, an ambivalent mother, and a woman whose relationship to her own past shapes and ultimately unmakes Liya's own sense of displacement. A story of migrations literal and emotional, spanning time, space and class, *Little Gods* is a sharp yet expansive exploration of the aftermath of unfulfilled dreams, an immigrant story in negative that grapples with our tenuous connections to memory, history, and self.

The Shadow of the Gods John Gwynne, 2021-05-04 'A masterfully crafted, brutally compelling Norse-inspired epic' Anthony Ryan **THE GREATEST SAGAS ARE WRITTEN IN BLOOD**. A century has passed since the gods fought and drove themselves to extinction. Now only their bones remain, promising great power to those brave enough to seek them out. As whispers of war echo across the land of Vigrið, fate follows in the footsteps of three warriors: a huntress on a dangerous quest, a noblewoman pursuing battle fame, and a thrall seeking vengeance among the mercenaries known as the Bloodsworn. All three will shape the fate of the world as it once more falls under the shadow of the gods. Set in a brand-new, Norse-inspired world, and packed with myth, magic and bloody vengeance, *The Shadow of the Gods* begins an epic new fantasy saga from bestselling author John Gwynne. Further praise for *The Shadow of the Gods* 'Visceral, heart-breaking and unputdownable' Jay Kristoff 'A satisfying and riveting read. The well-realised characters move against a backdrop of a world stunning in its immensity. It's everything I've come to expect from a John Gwynne book' Robin Hobb 'A masterclass in storytelling . . . epic, gritty fantasy with an uncompromising amount of heart' FanFiAddict 'Quintessential Gwynne honed to perfection . . . *The Shadow of the Gods* is absolutely stunning, one hell of an epic series opener and a spectacular dose of Viking-flavoured fantasy' The Tattooed Book Geek 'Reminds me of all that I love in the fantasy genre. *The Shadow of the Gods* is an action-packed cinematic read' Fantasy Hive

Jealous Gods and Chosen People David Leeming, 2004-03-04 Esteemed scholar David Leeming, who has authored more than twelve books on mythology, here offers the first comprehensive narrative study of the mythology of the Middle East, that tumultuous region that was the cradle of civilization. Leeming begins with a brief, engaging history of the Middle East, spanning Neolithic cultures, the Bronze Age and the Iron Age, the invention of writing and the rise of Egypt and Babylonia, Israel and Roman rule, and the early history of the Jews, Christians, and Muslims. This is followed by an in-depth discussion of the mythology of the region, covering individual pantheons, cosmic myths, mythic heroes, and much more. Leeming ranges from prehistoric figures such as the Mother Goddess of Çatal Hüyük to Mesopotamian gods such as Marduk and mythic heroes such as Gilgamesh, to the pantheon of Egyptian mythology, including the falcon-headed sky-sun god Horus and jackal-headed Anubis. The author also offers an illuminating exploration of the mythology of the three great monotheistic religions of the region: Judaism, Christianity, and Islam. In a provocative Epilogue, Leeming depicts today's crisis in the Middle East as violent, clearly immoral, and illegal actions justified by what can only be called myths. He notes that fundamentalists in the area's three religions all see their way as the only way, forgetting that myths represent truths that are spiritual and philosophical--not historical events that can be used to justify acts of violence. With key maps, illustrations, bibliography, and index, *Jealous Gods and Chosen People* provides an inclusive, authoritative, and captivating account of a mythology that remains a potent--and often destructive--force in the world today.

Gods and Mortals in Early Greek and Near Eastern Mythology Adrian Kelly, Christopher Metcalf, 2021-03-31 This volume centres on one of the most important questions in the study of antiquity – the interaction between Greece and the Ancient Near East, from the Mycenaean to the Hellenistic periods. Focusing on the stories that the peoples of the eastern Mediterranean told about the gods and their relationships with humankind, the individual treatments draw together specialists from both fields, creating for the first time a truly interdisciplinary synthesis. Old cases are re-examined, new examples discussed, and the whole range of scholarly opinions, past and present, are analysed, critiqued, and contextualised. While direct textual comparisons still have something to show us, the methodologies advanced here turn their attention to deeper structures and wider dynamics of interaction and influence that respect the cultural autonomy and integrity of all the ancient participants.

Literature and the Gods Roberto Calasso, 2010-06-16 Brilliant, inspired, and gloriously erudite, *Literature and the Gods* is the culmination of Roberto Calasso's lifelong study of the gods in the human imagination. By uncovering the divine whisper that lies behind the best poetry and prose from across the centuries, Calasso gives us a renewed sense of the mystery and enchantment of great literature. From the banishment of the classical divinities during the Age of Reason to their emancipation by the Romantics and their place in the literature of our own time, the history of the gods can also be read as a ciphered and splendid history of literary inspiration. Rewriting that story, Calasso carves out a sacred space for literature where the presence of the gods is discernible. His inquiry into the nature of "absolute literature" transports us to the realms of Dionysus and Orpheus, Baudelaire and Mallarmé, and prompts a lucid and impassioned defense of poetic form, even when apparently severed from any social function. Lyrical and assured, *Literature and the Gods* is an intensely engaging work of literary affirmation that deserves to be read alongside the masterpieces it celebrates.

The Audacity of God's Power Femi Folorunsho, 2009 How much worse could it get for me? After several failed marriages, unemployment, and the threat of losing my house a few years ago, I had to turn to God for a 911 intervention. At that point in time, I just lost my job and my ex-wife had just moved out

with all her furniture, including the accessories and mattress. I thought I had reached my limit, but with Gods grace I bounced back and refused to be defeated. One of the greatest lessons learned then is to stay faithful to God, hold on to Him because He's the only one that could help me throughout my days in the wilderness. The Audacity of Gods power shows how toughness of a man or woman cannot be measured through their physical stature, but rather the ability to stay strong and reach-out to God for assistance. Challenges are inevitable, they are like the weather or a season, no matter how undesirable they appear at one point. A better one will surely replace the not too great ones. As for me, it was my willingness to ask for Gods help that ultimately saved me and allowed Him to go the extra mile for me and my family.

Arguing about Gods Graham Oppy,2006-09-04 In this book, Graham Oppy examines arguments for and against the existence of God. He shows that none of these arguments is powerful enough to change the minds of reasonable participants in debates on the question of the existence of God. His conclusion is supported by detailed analyses of the arguments as well as by the development of a theory about the purpose of arguments and the criteria that should be used in judging whether or not arguments are successful. Oppy discusses the work of a wide array of philosophers, including Anselm, Aquinas, Descartes, Locke, Leibniz, Kant, Hume and, more recently, Plantinga, Dembski, White, Dawkins, Bergman, Gale and Pruss.

The Gods of Ancient Rome Robert Turcan,2013-10-28 First published in 2001. This is a vivid account of what their gods meant to the Romans from archaic times to late antiquity, and an exploration of the rites and rituals connected to them. After an extensive introduction into the nature of classical religion, the book is divided into three main parts: religions of the family and land; religions of the city; and religions of the empire. The book ends with the rise and impact Christianity. Using archaeological and epigraphic evidence, and drawing extensively on a wide range of relevant literary material, this book is ideally suited for undergraduate courses in the history of Rome and its religions. Its urbane style and lightly worn scholarship will broaden its appeal to the large number of non-academic readers with a serious interest in the classical world.

Greek Poems to the Gods Barry B. Powell,2021-04-30 The ancient Greek hymnic tradition translated beautifully and accessibly. The hymn—as poetry, as craft, as a tool for worship and philosophy—was a vital art form throughout antiquity. Although the Homeric Hymns have long been popular, other equally important collections have not been readily accessible to students eager to learn about ancient poetry. In reading hymns, we also gain valuable insight into life in the classical world. In this collection, early Homeric Hymns of uncertain authorship appear along with the carefully wrought hymns of the great Hellenistic poet and courtier Callimachus; the mystical writings attributed to the legendary poet Orpheus, written as Christianity was taking over the ancient world; and finally, the hymns of Proclus, the last great pagan philosopher of antiquity, from the fifth century AD, whose intellectual influence throughout western culture has been profound. Greek Poems to the Gods distills over a thousand years of the ancient Greek hymnic tradition into a single volume. Acclaimed translator Barry B. Powell brings these fabulous texts to life in English, hewing closely to the poetic beauty of the original Greek. His superb introductions and notes give readers essential context, making the hymns as accessible to a beginner approaching them for the first time as to an advanced student continuing to explore their secrets. Brilliant illustrations from ancient art enliven and enrich the experience of reading these poems.

The Twilight of the Gods Richard Garnett,1927

The School for Gods Elio D'Anna,2017-01-30

The Death of the Gods Carl Miller, 2018-08-23 **Winner of the Transmission Prize 2019** THE OLD GODS ARE DYING. Giant corporations collapse overnight. Newspapers are being swallowed. Stock prices plummet with a tweet. NEW IDOLS ARE RISING IN THEIR PLACE. More crime now happens online than offline. Facebook has grown bigger than any state, bots battle elections, coders write policy, and algorithms shape our lives in more ways than we can imagine. The Death of the Gods is an exploration of power in the digital age, and a journey in search of the new centres of control. From a cyber-crime raid in British suburbia to the engine rooms of Silicon Valley, pioneering technology researcher Carl Miller traces how power is being transformed, fought over, lost and won. 'A timely and incisive book that grapples with some of the most significant issues of our time.' Wired 'Uncovers the fascinating and often hidden characters that are changing the world. Essential reading.' Jamie Bartlett, author of *The People vs Tech* 'A magisterial guide to the impact of the digital revolution on our institutions and our lives.' Anthony Giddens

Gods of the Mississippi Michael Pasquier, 2013 From the colonial period to the present, the Mississippi River has impacted religious communities from Minnesota to the Gulf of Mexico. Exploring the religious landscape along the 2,530 miles of the largest river system in North America, the essays in *Gods of the Mississippi* make a compelling case for American religion in motion--not just from east to west, but also from north to south. With discussion of topics such as the religions of the Black Atlantic, religion and empire, antebellum religious movements, the Mormons at Nauvoo, black religion in the delta, Catholicism in the Deep South, and Johnny Cash and religion, this volume contributes to a richer understanding of this diverse, dynamic, and fluid religious world.

This Engaging Realm of Kindle Books: A Detailed Guide Unveiling the Advantages of E-book Books: A Realm of Convenience and Flexibility E-book books, with their inherent mobility and ease of availability, have liberated readers from the constraints of hardcopy books. Gone are the days of lugging cumbersome novels or meticulously searching for specific titles in bookstores. Kindle devices, sleek and lightweight, seamlessly store an wide library of books, allowing readers to indulge in their preferred reads anytime, everywhere. Whether commuting on a bustling train, relaxing on a sunny beach, or just cozying up in bed, Kindle books provide an unparalleled level of convenience.
