**Blue Book of Gun Values** S. P. Fjestad,2005-04-30 The bible of the firearms industry for accurate value information and descriptions of rifles, pistols, and shotguns. The industry standard for over 25 years!

**Beating Guns** Shane Claiborne,Michael Martin,2019-03-05 ★ Publishers Weekly starred review Parkland. Las Vegas. Dallas. Orlando. San Bernardino. Paris. Charleston. Sutherland Springs. Newtown. These cities are now known for the people who were shot and killed in them. More Americans have died from guns in the US in the last fifty years than in all the wars in American history. With less than 5% of the world's population, the people of the US own nearly half the world's guns. America also has the most annual gun deaths--homicide, suicide, and accidental gun deaths--at 105 per day, or more than 38,000 per year. Some people say it's a heart problem. Others say it's a gun problem. The authors of Beating Guns believe it's both. This book is for people who believe the world doesn't have to be this way. Inspired by the prophetic image of beating swords into plows, Beating Guns provides a provocative look at gun violence in America and offers a clarion call to change our hearts regarding one of the most significant moral issues of our time. Bestselling author, speaker, and activist Shane Claiborne and Michael Martin show why Christians should be concerned about gun violence and how they can be part of the solution. The authors transcend stale rhetoric and old debates about gun control to offer a creative and productive response. Full-color images show how guns are being turned into tools and musical instruments across the nation. Charts, tables, and facts convey the mind-boggling realities of gun violence in America, but as the authors make clear, there is a story behind every statistic. Beating Guns allows victims and perpetrators of gun violence to tell their own compelling stories, offering hope for change and helping us reimagine the world as one that turns from death to life, where swords become plows and guns are turned into garden tools.

**Gun, With Occasional Music** Jonathan Lethem,1995-01-15 Twenty-first-century private detective Conrad Metcalf has a dead doctor on his hands, a monkey on his back, and a kangaroo in his waiting room in a first novel with a sharp-edged, funny vision of the future.

**Survival Guns** Mel Tappan,2009-11-01 When he wrote Survival Guns in 1979, Mel Tappan demonstrated that having the right weapons for securing food and providing personal defense is the key to sustaining life on an independent basis, whether or not a catastrophe occurs. This is even more true today. Survival Guns became the standard in its own time and went through several printings. When it finally went out of print, it graduated from a classic to a sought-after collector's item, because the principles and advice in this well-reasoned volume are sound and perennially valuable. Some new guns and some new calibers have become available since this book was first published, but its principles, advice, and value remain unchanged. Having more choices only increases the value of advice on how to choose what is best for you. As used copies of this book became harder and harder to find, Paladin received numerous requests to bring Tappan's classic back into print. We are pleased to make the most well-known survival firearms book ever published available once more to a new generation of concerned citizens facing the same threats Tappan chronicled during his lifetime. Survival Guns remains the definitive book for anyone interested in the practical use of firearms and related weapons for defense, food gathering, and predator and pest control under conditions of long-term, self-sufficient living.

**Big Guns** Steve Israel,2019-04-23 From Steve Israel, the Congressman-turned-novelist who writes “in the full-tilt style of Carl Hiaasen” (The Washington Post), a comic tale of the mighty firearm industry, a small Long Island town, and Washington politics: “Congress should pass a law making Big Guns mandatory reading for themselves” (Nelson DeMille). When Chicago’s Mayor Michael Rodriguez starts a national campaign to ban handguns from America’s cities, towns, and villages, Otis Cogsworth, the wealthy chairman and CEO of a huge arms company in Asabogue, Long Island, is worried. In response, he and lobbyist Sunny McCarthy convince an Arkansas congressman to introduce federal legislation mandating that every American must own a firearm. Events soon escalate. Asabogue’s Mayor Lois Leibowitz passes an ordinance to ban guns in the town—right in Otis Cogsworth’s backyard. Otis retaliates by orchestrating a recall election against Lois and Jack Steele, a rich town resident, runs against her. Even though the election is for the mayor of a small village on Long Island, Steele brings in the big guns of American politics to defeat Lois. Soon, thousands of pro-gun and anti-gun partisans descend on Asabogue, and the bucolic town becomes a tinderbox. Meanwhile, Washington politicians in both parties are caught between a mighty gun lobby and the absurdity of requiring that every American, with waivers for children under age four, carry a gun. What ensues is a discomfiting, hilarious indictment of the state of American politics. “New York congressman-turned-novelist Steve Israel delivers a second brilliant political satire” (Booklist, starred review). “An entertaining satire” (Kirkus Reviews, starred review), Big Guns is “a wonderfully irreverent satire about the fractured and fractious American political and lobbying system...a rollicking comedic trip” (Publishers Weekly).

**Private Guns, Public Health, New Ed.** David Hemenway,2017-08-07 A new edition of a classic: the first complete picture of the public-health approach to gun violence

**Browning .30-caliber Machine Guns** Gordon L. Rottman,2014-02-20 First adopted in 1917, the rugged and reliable Browning .30-caliber machine gun remained in US service into the Vietnam era, and is still occasionally found in use elsewhere even today. Produced in both water-cooled and air-cooled versions, it has been employed in every imaginable role for a machine gun – antipersonnel, antiaircraft, mounted on aircraft as both defensive and offensive armament, defensive armament aboard vehicles (armored and soft-skin), mounted on watercraft, and others. Employing gripping first-hand testimony and featuring specially commissioned illustrations and detailed photographs, many in color, this lively study of the Browning .30-caliber machine gun reveals the origins, combat history and legacy of this versatile and dependable weapon.

It's a must-have addition to any shooter's library!

**Armed America** Clayton E. Cramer,2009-08-24 For many Americans, guns seem to be a fundamental part of the American experience?and always have been. Grand in scope, rigorous in research, and elegant in presenting the formative years of our country, Armed America traces the winding historical trail of United States citizens' passion for firearms. Author and historian Clayton E. Cramer goes back to the source, unearthing first-hand accounts from the colonial times, through the Revolutionary War period, and into the early years of the American Republic. In Armed America, Cramer depicts a budding nation dependent on its firearms not only for food and protection, but also for recreation and enjoyment. Through newspaper clippings, official documents, and personal diaries, he shows that recent grandiose theories claiming that guns were scarce in early America are shaky at best, and downright false at worst. Above all, Cramer allows readers a priceless glimpse of a country literally fighting for its identity. For those who think that our citizens' attraction to firearms is

a recent phenomenon, it's time to think again. Armed America proves that the right to bear arms is as American as apple pie.

**50 Guns That Changed the World** Robert A. Sadowski, 2022-11-15 Discover how fifty great firearms influenced and helped shape our world. World history has always been interwoven with developments in firearms technology and so is peppered with legendary guns. Since the invention of gunpowder, nations have raced to create more useful and powerful firearms with which to protect, conquer, and hunt. 50 Guns That Changed the World explores the most significant firearms from the past two hundred years, from deadly weapons of war to quaint plinking guns. Included are: Winchester Model 1873 Colt 1911 Mauser Model 98 M1 Garand Ruger 10/22 AK-47 AR-15 Benelli M2 Glock G17 Barrett 82A1 Discover the history, design details, operation, variants, and users of each firearm, illustrated with archival photography from the manufacturers and of the guns in action. Firearms enthusiasts, history buffs, hunters, and shooters will all find something to marvel at in this gorgeous full-color book. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

Discover tried and true tips, tactics, and techniques from the pros along with guidance on buying gear and firearms from experts including Caylen E. Wojcik, Tom Beckstrand, Todd Hodnett, and Jeff Hoffman. The Guns & Ammo Guide to Sniping has everything you need to know about sniping!

**Certain Caulking Guns, Inv. 337-TA-139**,

**Guns or Butter : The Presidency of Lyndon Johnson** Los Angeles (Emeritus) Irving Bernstein Professor of Political Science University of California, 1996-01-11 The presidency of Lyndon Johnson was a pivotal moment in twentieth-century American history. From the decisive social programs of the Great Society, to the triumph of the Civil and Voting Rights Acts, to the catastrophe of the Vietnam War and domestic unrest, it was an era of dramatic accomplishment and wrenching tragedy. In Guns or Butter, renowned historian Irving Bernstein brings those five climactic years of the sixties vividly to life, from the moment Lee Harvey Oswald aimed a rifle from the window of the Texas School Depository to the tense ballot-counting that put Richard Nixon in the White House in 1968. Bernstein's book is a narrative masterpiece, filled with sharply drawn character sketches and swiftly moving accounts of events that range from deals cut in the Senate cloakroom, to police charging after protesters on the streets of Selma, to Vietcong commandos bursting into the American embassy in Saigon. We see Johnson ordering aides Bill Moyers and Richard Goodwin to strip and join him for a skinny-dip in the White House pool, where they formulate the Great Society. And we see a tired, distracted president pacing in his bathrobe around a table model of the besieged Khe Sanh garrison, examining aerial photographs and casualty reports. Equally important, Bernstein offers a deft assessment of Johnson's successes and failures, from his legislative programs to his futile pursuit of the war in Vietnam to his failure to boost Hubert Humphrey's presidential campaign in 1968. The author not only retells the maneuvering that brought the president's plans into law, he also analyzes and explains their impact, from the Voting Rights Act to Medicare. The Great Society, Bernstein concludes, was a triumph, but Johnson's attempt to have both guns and butter, to pursue massive domestic initiatives together with a bitter undeclared war, led to runaway inflation that ultimately undermined his presidency. From the dark moments after Kennedy's assassination in 1963, to the heady days of legislative victories of 1965, to the bloody crescendo of riots, assassinations, and military battles in 1968, Johnson's administration was a defining moment in modern American history. In Guns or Butter, Irving Bernstein brilliantly captures both the events and the meaning of those momentous years. Aside from its historical value, this book has major current significance. The legislative program Newt Gingrich and his Republican colleagues introduced in 1995 was designed to repeal the Great Society. Before doing so, members of Congress and the interested public should understand Lyndon Johnson's vision and the legislation that was enacted during the sixties. Guns or Butter provides that critical information.

**The Future of the Gun** Frank Miniter, 2014-08-11 The history of the American gun is intricately entwined with the history of America itself. Promising developments in gun technology could change not only America's future, but the future of the world. Unfortunately, the radical anti-gun lobby is standing between innovation and the American people. Bestselling author Frank Miniter details the amazing breakthroughs waiting to happen in gun technology that could make today's firearms exponentially safer and smarter—if the anti-gun lobby weren't halting progress in its tracks. In The Future of the Gun, you will learn: Why anti-gun groups often oppose gun safety features How guns—and gun education for young people—cut crime How federalism could save your gun rights New trends in gun technology that will make guns safer and more effective Why most talk about “assault rifles” is bogus How military and civilian gun technology have always advanced in tandem—for the benefit of soldiers and private citizens What guns could look like in just a few years Want to know about the future of guns? There is no better place to start than here.

**Guys and Guns Amok** Douglas Kellner, 2015-12-03 From the recent shootings at Virginia Tech University to the tragedies at Columbine and Oklahoma City, certain common traits can be traced through all of these events. In Guys and Guns Amok, media and cultural critic Douglas Kellner provides a fascinating diagnostic reading of these acts of domestic terrorism. Skillfully connecting each case with the current environment for male socialization and the search for identity in an American culture obsessed with guns and militarism, Kellner's work is a sobering reflection on these tragedies and the pervasive power of media and popular culture as well as a wake-up call for the future.

**Citizen-protectors** Jennifer Carlson, 2015 In this in-depth and systematic look at gun carriers, Jennifer Carlson draws on her fieldwork attending guns shows and training courses, becoming an NRA certified instructor, and carrying a firearm to unpack the everyday politics of guns. Carlson argues that guns are taken up to address practical problems of policing and protection-in effect to manage social insecurities and suspicions surrounding state disinvestment and the efficacy of state institutions, especially law enforcement. In this context, guns carrying becomes a means of practicing good citizenship by producing social order amidst disorder. This understanding helps to clarify why Americans cling to their guns as both practical and symbolically charged tools of policing and protection, but it also sheds light on the NRA's hidden power as the primary organization that certifies Americans to carry guns. Rather than focus simply on how to handle a firearm responsibly, these training courses primarily cultivate the disposition, capacity, and desire to use guns in self-defense as well as teach the idea that carrying guns is a part of responsible citizenship--

**Ranges of Parrott Guns, and notes for practice** Robert Parker Parrott, 1863

**The Gun Gap** Mark R. Joslyn, 2020 To understand public opinion and political behavior, researchers typically sort people by self-identified groupings such as party identification, race, gender, education and income. This book advances gun owners as a new classification. It demonstrates a gun gap, which captures the differences between gun owners and non-gun owners, and shows how this gap improves conventional models of political behavior. The gun gap in fact

represents an important explanation for voter choice, voter turnout, perceptions of personal and public safety, preferences for gun control policies, and support for the death penalty. Moreover, the gun gap is growing. During the 1970s and 1980s, the gap was small. However, legislative battles over guns in the early 1990s marked a significant growth in the gun gap that continues to this day. The 2016 presidential election witnessed the largest recorded gun gap in history. The gun gap in voter choice was nearly three times larger in 2016 than the gender gap, and exceeded age and education gaps by notable margins. This book also focuses on variation among gun owners. Gun owners are not a monolith but exhibit attitudinal and behavioral differences that can be as large as the gap between gun and non-gun owners. The gun gap thus affords a new and compelling vantage point to evaluate modern mass politics--

**Why We Are Losing the War on Gun Violence in the United States** Marie Crandall,Stephanie Bonne,Jennifer Bronson,Woodie Kessel,2020-12-09 This edited collection of data and perspectives takes a fresh approach to gun violence prevention by addressing the question, “why are we losing the war on gun violence in America?” Although successes and failures in the prevention of gun violence are examined, it is a war we are losing, due to restrictions on research funding, entrenched historical perspectives, structural violence, and perhaps differing priorities or views on what is right or wrong. Gun violence is a public health crisis. It remains politicized and has been paralyzed with inaction. In the chapters, the authors write candidly about the challenges that have thwarted gun violence prevention, as well as highlight possible strategies for progress to save lives. Critical areas explored among the chapters include: Gun Violence, Structural Violence, and Social Justice School Shootings: Creating Safer Schools Mental Illness and Gun Violence Understanding the Political Divide in Gun Policy Support The Second Amendment and the War on Guns The Impact of Policy and Law Enforcement Strategies on Reducing Gun Violence in America Youth Gun Violence Prevention Organizing Smart Guns Don't Kill People With this compendium, the editors and authors hope to bridge the growing gap between groups or ideologies, and create common ground to discuss workable solutions. Why We Are Losing the War on Gun Violence in the United States is essential reading for a broad audience including practitioners, academics, researchers, students, policy-makers, and other professionals in public health, behavioral sciences (including social work and psychology), social sciences, health sciences, public policy, political science, and law, as well as any readers interested in the path to decreasing gun violence in America.

*The Gun Book for Girls* Silvio Calabi,Steve Helsley,Roger Sanger,2013-09-16 This third installment in the popular series of practical books about guns and shooting is aimed at women of all ages—the fastest-growing segment of the sport—and it couldn’t come at a better time. America and firearms literally grew up together, but today guns are often simply linked to crime and violence; gun control has become a polarizing political issue; and misinformation about firearms is spreading. Now three experts have tackled the subject in a series of books that explores the realities of guns and shooting and sets the record straight about some common misconceptions. On the heels of *The Gun Book for Boys* and *The Gun Book for Parents*, *The Gun Book for Girls* is for girls (and women) interested in guns and shooting but who have little or no background in firearms. Through example and anecdote, the book emphasizes safety and proper usage, and it defines terms and provides hands-on advice about using and maintaining guns. It also covers firearms, shooting methods, clothing and accessories for women, profiles females who shoot and who work in the gun trade, and discusses the issues around guns for self-defense (a topic of special interest to women). Like the other two titles, this book is non-political and written in an easy-to-understand conversational tone. Each book is thoroughly illustrated, and content is presented in easily managed portions that can be read in series or singly, all backed up with an index.

Fuel your quest for knowledge with Learn from is thought-provoking masterpiece, Explore **Guns** . This educational ebook, conveniently sized in PDF ( \*), is a gateway to personal growth and intellectual stimulation. Immerse yourself in the enriching content curated to cater to every eager mind. Guns Introduction

In this digital age, the convenience of accessing information at our fingertips

has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Guns free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Guns free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Guns free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Guns. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Guns any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Guns Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks?

Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Guns is one of the best book in our library for free trial. We provide copy of Guns in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Guns. Where to download Guns online for free? Are you looking for Guns PDF? This is definitely going to save you time and cash in something you should think about.
