Bath Haus P. J. Vernon, 2022-05-24 Nominated for a 34th annual Lambda Literary Award • A scintillating thriller with an emotional punch: “The tension builds to unbearably claustrophobic levels. To say more would rob readers of the ‘no, he didn’t’ suspense that makes Bath Haus an unexpectedly twisted, heart-pounding cat-versus-mouse thriller (Los Angeles Times). Oliver Park, a recovering addict from Indiana, finally has everything he ever wanted: sobriety and a loving, wealthy partner in Nathan, a prominent DC trauma surgeon. Despite their difference in age and disparate backgrounds, they’ve made a perfect life together. With everything to lose, Oliver shouldn’t be visiting Haus, a gay bathhouse. But through the entrance he goes, and it’s a line crossed. Inside, he follows a man into a private room, and it’s the final line. Whatever happens next, Nathan can never know. But then, everything goes wrong, terribly wrong, and Oliver barely escapes with his life. He races home in full-blown terror as the hand-shaped bruise grows dark on his neck. The truth will destroy Nathan and everything they have together, so Oliver does the thing he used to do so well: he lies. What follows is a classic runaway-train narrative, full of the exquisite escalations, edge-of-your-seat thrills, and oh-my-god twists. P. J. Vernon’s Bath Haus is perfect for readers curious for their next must-read novel.

Midori Haus Chie Kawahara, 2017-11-18 Managing a major remodel of your home involves learning various aspects of a construction project: permitting; hiring contractors; clarifying what you really mean and want; managing a budget; overseeing quality, avoiding regrets; doing what’s right for yourself and standing up for yourself. It’s a big job. The learning curve is high and often we homeowners don’t get to apply the skills we learned again. In this book, the stories of a couple going through this learning curve is told through the lens of a novice just like a conversation with a homeowner over a cup of tea. What they

thought they wanted (a brand new house in modern minimalist style with solar panels and recycled materials) is very different than what they ended up with (remodel of a 90-year-old house in the classic Arts and Crafts style to meet the stringent international building standard called Passive House). What caused this shift? How did they choose the contractor? How did they navigate out of overwhelm of green building choices? How did they manage the relationships? What would they do differently? Was it worth it? This book chronicles the journey by a couple from choosing the location through living in the house after the renovation completion. It wasn't all about finding smart people and following expert guidance. When expert opinions diverged and they got stuck in analysis paralysis they had to trust their judgment and chose what they felt was right for them. After all, they'll be living in the house for years after the experts are gone. Reviews for MIDORI HAUS: Chie Kawahara is a storyteller. Her book, Midori Haus, tells a compelling story in a conversational style about a couple who wanted to remodel an older home that would use as little energy as possible—and was comfortable and healthy to live in. Anyone who has an interest in green building—doing right for oneself and the planet—will find a friend in this book. -Jim Gunshinan, Editor, Home Energy Magazine “Midori Haus serves as a journey of adapting, learning, greening, nurturing, and caring for an old house by renewing the house to address current and future environmental challenges. The narrative is delightfully educational - the design process of achieving the passive house standard will be better understood through these stories and conversations.” -Alison G. Kwok, Ph.D., AIA, CPHC, University of Oregon The international Passive House standard has gained a deserved reputation as the fastest growing building energy efficiency standard in the world. Unsurprisingly, publications about it have mostly been by and for industry professionals. Midori Haus represents an alternative, introducing readers to Passive House through the eyes of a homeowner

undertaking a remodeling project. Chie Kawahara takes readers along on her journey of discovery and remodeling triumph. She makes the process understandable and accessible and readers are given practical tools they can use on their own Passive House projects. There's nothing like a good case study told by the people involved to bring abstract concepts to life. Midori Haus doesn't disappoint. -Elrond Burrell, Architect, CPHD, blogger In this delightful book, Chie Kawahara describes the process she and her husband went through to purchase a 1920s bungalow and turn it into a state-of-the-art, healthy, green, Passive House. This account of their experiences is highly instructional for anyone considering buying and renovating a house, and it's a wonderful read! -Alex Wilson, Founder, BuildingGreen, Inc.

Burning Down the Haus Tim Mohr, 2019-09-03 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Rolling Stone * BookPage * Amazon * Rough Trade Longlisted for the Carnegie Medal for Excellence "[A] riveting and inspiring history of punk's hard-fought struggle in East Germany." —The New York Times Book Review "A thrilling and essential social history that details the rebellious youth movement that helped change the world." —Rolling Stone "Original and inspiring . . . Mr. Mohr has written an important work of Cold War cultural history." —The Wall Street Journal "Wildly entertaining . . . A thrilling tale . . . A joy in the way it brings back punk's fury and high stakes." —Vogue It began with a handful of East Berlin teens who heard the Sex Pistols on a British military radio broadcast to troops in West Berlin, and it ended with the collapse of the East German dictatorship. Punk rock was a life-changing discovery. The buzz-saw guitars, the messed-up clothing and hair, the rejection of society and the DIY approach to building a new one: in their gray surroundings, where everyone's future was preordained by some communist apparatchik, punk represented a revolutionary philosophy—quite literally, as it turned out. But as these young kids tried to form bands and became more visible, security

forces—including the dreaded secret police, the Stasi—targeted them. They were spied on by friends and even members of their own families; they were expelled from schools and fired from jobs; they were beaten by police and imprisoned. Instead of conforming, the punks fought back, playing an indispensable role in the underground movements that helped bring down the Berlin Wall. This secret history of East German punk rock is not just about the music; it is a story of extraordinary bravery in the face of one of the most oppressive regimes in history. Rollicking, cinematic, deeply researched, highly readable, and thrillingly topical, *Burning Down the Haus* brings to life the young men and women who successfully fought authoritarianism three chords at a time—and is a fiery testament to the irrepressible spirit of revolution.

The Telephone Book Avital Ronell, 1989-01-01 The telephone marks the place of an absence. Affiliated with discontinuity, alarm, and silence, it raises fundamental questions about the constitution of self and other, the stability of location, systems of transfer, and the destination of speech. Profoundly changing our concept of long-distance, it is constantly transmitting effects of real and evocative power. To the extent that it always relates us to the absent other, the telephone, and the massive switchboard attending it, plugs into a hermeneutics of mourning. The Telephone Book, itself organized by a telephonic logic, fields calls from philosophy, history, literature, and psychoanalysis. It installs a switchboard that hooks up diverse types of knowledge while rerouting and jamming the codes of the disciplines in daring ways. Avital Ronell has done nothing less than consider the impact of the telephone on modern thought. Her highly original, multifaceted inquiry into the nature of communication in a technological age will excite everyone who listens in. The book begins by calling close attention to the importance of the telephone in Nazi organization and propaganda, with special

regard to the philosophy of Martin Heidegger. In the Third Reich the telephone became a weapon, a means of state surveillance, an open accomplice to lies. Heidegger, in *Being and Time* and elsewhere, elaborates on the significance of the call. In a tour de force response, Ronell mobilizes the history and terminology of the telephone to explicate his difficult philosophy. Ronell also speaks of the appearance of the telephone in the literary works of Duras, Joyce, Kafka, Rilke, and Strindberg. She examines its role in psychoanalysis—Freud said that the unconscious is structured like a telephone, and Jung and R. D. Laing saw it as a powerful new body part. She traces its historical development from Bell's famous first call: Watson, come here! Thomas A. Watson, his assistant, who used to communicate with spirits, was eager to get the telephone to talk, and thus to link technology with phantoms and phantasms. In many ways a meditation on the technologically constituted state, *The Telephone Book* opens a new field, becoming the first political deconstruction of technology, state terrorism, and schizophrenia. And it offers a fresh reading of the American and European addiction to technology in which the telephone emerges as the crucial figure of this age.

[The German House](#) Annette Hess, 2019-12-03 As seen in the New York Times Book Review. A December 2019 Indie Next Pick! Set against the Frankfurt Auschwitz Trials of 1963, Annette Hess's international bestseller is a harrowing yet ultimately uplifting coming-of-age story about a young female translator—caught between societal and familial expectations and her unique ability to speak truth to power—as she fights to expose the dark truths of her nation's past. If everything your family told you was a lie, how far would you go to uncover the truth? For twenty-four-year-old Eva Bruhns, World War II is a foggy childhood memory. At the war's end, Frankfurt was a smoldering ruin, severely damaged by the Allied bombings. But that was two decades ago. Now it is 1963, and the city's streets, once cratered are smooth and paved. Shiny new stores replace

scorched rubble. Eager for her wealthy suitor, Jürgen Schoormann, to propose, Eva dreams of starting a new life away from her parents and sister. But Eva's plans are turned upside down when a fiery investigator, David Miller, hires her as a translator for a war crimes trial. As she becomes more deeply involved in the Frankfurt Trials, Eva begins to question her family's silence on the war and her future. Why do her parents refuse to talk about what happened? What are they hiding? Does she really love Jürgen and will she be happy as a housewife? Though it means going against the wishes of her family and her lover, Eva, propelled by her own conscience, joins a team of fiery prosecutors determined to bring the Nazis to justice—a decision that will help change the present and the past of her nation. Translated from the German by Elisabeth Lauffer

Ink My Heart Jean Haus, 2013-11-12 Even if he wasn't the lead singer of the insanely popular college band Luminescent Juliet, Justin Noel wouldn't have to work at picking up women. It

only takes one flash of his dimples to make ladies swoon. And they do--nightly. Which is perfect because Justin doesn't have any interest in a relationship that might last longer than sunrise. For tattoo artist Allie Landon, guys like Justin are a joke. Since her ex broke her heart, Allie rarely dates, and she wouldn't be caught dead with a bad-boy type like Justin. But when her ex unexpectedly shows up, desperation forces Allie to introduce Justin as her boyfriend. Justin's more than happy to play along--after all, who wouldn't want to be with Allie? She's hot and she can ink a killer tattoo. When playing along starts to mean something more to Justin, he discovers that Allie exposes emotional depths within his soul that he didn't know he had. But Allie's life isn't what it seems, and there's little room in her shattered and confused heart to let Justin in. As Justin grapples with an increasing need to have her in his life, Allie finds that ignoring the growing attraction--both physical and emotional--between them is becoming more difficult than tattoo removal.

The instant New York Times bestseller, for the first time in mass market: Worlds collide when an FBI agent investigates a string of grisly murders on Long Island and faces the impossible question: What happens when the primary suspect is your father? FBI agent Nell Flynn hasn't been home in ten years. Nell and her father, Homicide Detective Martin Flynn, have never had much of a relationship. And Suffolk County will always be awash in memories of her mother, Marisol,

who was murdered when Nell was just seven. When Martin dies in a motorcycle accident, Nell returns to the house where she grew up so that she can spread her father's ashes and close his estate. At the behest of her father's partner, Detective Lee Davis, Nell becomes involved in an investigation into the murders of two young women in Suffolk County. The further Nell digs, the more likely it seems to her that her father should be the prime suspect--and that his friends on the police force are covering his tracks. Plagued by doubts about her mother's murder, and her own role in exonerating her father in that case, Nell can't help but ask questions about who killed the two women and why. But she may not like the answers she finds--not just about those she loves, but about herself.

Half of a Whole Marilyn Peterson Haus, 2021-06-08 Just when Marilyn Peterson Haus thought she had escaped life as the child of born-again farmers on the Minnesota plains, her twin brother's manic violence catapults her back to the fissures of her childhood. *Half of a Whole* is the haunting chronicle of her twin's encroaching mental illness, her mother's blatant favoritism, and the stultifying strictures of her family's religious zealotry.

Sentence by sentence, she battles to break free from a painful past and live life on her own terms. "This is the unadorned, compelling story of the author's struggle to both protect and individuate from her bipolar twin brother, while enmeshed in the repressive, stifling culture of her evangelical family. An inspiring, courageous, and complex journey toward the freedom we all need to fulfill our own individual potential as human beings." —Joan Kavanaugh, Minister, Psychotherapist, Author of *For the Living of These Days: Prayers for a Troubled World*

Afghan Napoleon Sandy Gall,2021-09-07 The first biography in a decade of Afghan resistance leader Ahmad Shah Massoud. When the Soviets invaded Afghanistan in 1979, the forces of resistance were disparate. Many groups were caught up in

fighting each other and competing for Western arms. The exception were those commanded by Ahmad Shah Massoud, the military strategist and political operator who solidified the resistance and undermined the Russian occupation, leading resistance members to a series of defensive victories. Sandy Gall followed Massoud during Soviet incursions and reported on the war in Afghanistan, and he draws on this first-hand experience in his biography of this charismatic guerrilla commander. *Afghan Napoleon* includes excerpts from the surviving volumes of Massoud's prolific diaries—many translated into English for the first time—which detail crucial moments in his personal life and during his time in the resistance. Born into a liberalizing Afghanistan in the 1960s, Massoud ardently opposed communism, and he rose to prominence by coordinating the defense of the Panjsher Valley against Soviet offensives. Despite being under-equipped and outnumbered, he orchestrated a series of victories over the Russians. Massoud's assassination in 2001, just two days before the attack on the Twin Towers, is believed to have been ordered by Osama bin Laden. Despite the ultimate frustration of Massoud's attempts to build political consensus, he is recognized today as a national hero.

Heinz-Uwe Haus on Culture and Politics Daniel Meyer-Dinkgräfe, Heinz-Uwe Haus, 2018-07-27 The late 1980s saw the dissolution of the Iron Curtain and the development of democracy in Eastern European countries that had been oppressed by a range of varieties of communist totalitarian regimes. In Germany, this development led to the abolition of the so-called German Democratic Republic (GDR) and the re-unification of Germany. Heinz-Uwe Haus was one of the leading voices of the movement credited with being instrumental in the collapse of communism in the GDR. In addition, as a leading theatre director in GDR times and beyond, his thinking and action have always combined politics and theatre and the arts overall. In this book, Haus provides a unique narrative of the context before German

unification, unification itself, and the aftermath of unification across the decades since. He explores the difficulties on the way, from the perspective of the insider. Haus then widens the context from post-unification Germany to encompass issues of broader current relevance, such as Europe, America and Islam. Theatre provides the conceptual framework for this wide-ranging debate.

Thinking outside the box Haus Konstruktiv (Zurich, Switzerland), 2016 What began in 1986 as a small circle of avid fans of constructive-concrete art, has since grown into a museum with an impressive collection. Today, the Haus Konstruktiv can name over 900 works as its own, including around 100 new additions just in the past five years. The Thinking Outside the Box volume on the collection is more than a mere continuation of the already out-of-stock 2011 overview *Ganz Konkret*; it is a richly illustrated tour of the anniversary exhibition that presents the new acquisitions as well as key figures in constructive-concrete art. Contemporary guest interventions by Olaf Breuning, Claudia Comte, Martin Creed, Sylvie Fleury, Christian Jankowski, Yves Netzhammer, Nedko Solakov, and Martin Walde provide new commentary on the collection in a way that is as humorous as it is subversive. With works by: Saâdane Afif, Ian Anüll, Andrew Bick, Carlos Bunga, Claudia Comte, Philippe Decrauzat, Raphael Hefti, Rodrigo Hernández, Joseph Kosuth, Jill Magid, Haroon Mirza, Vera Molnar, Thomas Moor, Sadie Murdoch, Tobias Putrih, Bernd Ribbeck, Gerwald Rockenschaub, Carissa Rodriguez, Kilian Rüthemann, Dominik Stauch, Jürg Stäubli, Ulla von Brandenburg Exhibition: Museum Haus Konstruktiv, Zurich 2.6.-4.9.2016

Heinz-Uwe Haus and Brecht in the USA Daniel Meyer-Dinkgräfe, Heinz-Uwe Haus, 2019-08-22 Heinz-Uwe Haus was the first renowned director from the German Democratic Republic to (be allowed to) direct in the USA. This book presents relevant material written in relation to his productions, specifically of Bertolt Brecht's plays. This includes Haus's notes for his casts,

announcements of the productions in the media, newspaper reviews and academic articles about the productions, conference contributions, and reflections by cast members (both professional actors and university faculty) and designers (set, costume, light, music). The material on the productions is then discussed in the contexts of approaches to directing, actor training, the academic debate of Brecht in the USA, and historical and biographical dimensions. A conversation with Haus as the final chapter of the book further contextualises the material brought together here.
