Herd Mark Earls,2009-08-07 ...fascinating. Like Malcolm Gladwell on speed. —THE GUARDIAN HERD is a rare thing: a book that transforms the reader's perception of how the world works. —Matthew D'Ancona, THE SPECTATOR This book is a must. Once you have read it you will understand why Mark Earls is regarded as a marketing guru. —Daniel Finkelstein, THE TIMES This paperback version of Mark Earls' groundbreaking and award winning book comes updated with new stats and figures and provides two completely revised chapters that deal with the rise of social networking. Since the Enlightenment there has been a very simple but widely held assumption that we are a species of thinking individuals and human behaviour is best understood by examining the psychology of individuals. It appears, however, that this insight is plain wrong. The evidence from a number of leading behavioural and neuroscientists suggests that our species is designed as a herd or group animal. Mark Earls applies this evidence to the traditional mechanisms of marketing and consumer behaviour, with a result that necessitates a complete rethink about these subjects. HERD provides a host of unusual examples and anecdotes to open the mind of the business reader, from Peter Kay to Desmond Tutu, Apple to UK Sexual Health programmes, George Bush to Castle Lager, from autism to depression to the real explanation for the placebo effect in pharmaceutical testing.

The Herd Andrea Bartz,2020-03-24 Why did the founder of a glamorous coworking space for women disappear? Her best friends will risk everything to uncover the truth in this “propulsive thriller” (Marie Claire) from the New York Times bestselling author of the Reese’s Book Club pick *We Were Never Here*. “Perfect for fans of *Big Little Lies*.”—The Washington Post NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Real Simple • Marie Claire • Good Housekeeping • CrimeReads As CEO of the Herd, an elite women-only coworking space, Eleanor Walsh seems to have it all: close friends, a sweet husband, and the most glamorous and successful female-empowerment-based company in New York City. Then she vanishes on the night of a glitzy press conference—and the police suspect foul play. For Hana, the head of PR for the Herd and Eleanor’s best friend, this is a nightmare. For Hana’s sister, Katie, a journalist, this is the story that will make her career. But when the sisters launch their own investigation and begin to learn what Eleanor was hiding, they must also face the secrets they’ve been keeping from each other—and confront just how dangerous it can be when women’s perfect veneers start to crack.

The Herd Johan Anderberg,2022-03-29 In the spring of 2020, as a new and deadly virus rapidly spread across the globe, the world shut down. But a small country in Northern Europe remained open. The Swedish COVID-19 strategy has been alternately lauded and held up as a cautionary tale by

international governments and journalists alike -- with all eyes on what has been dubbed 'The Swedish Experiment'. But what made Sweden take such a deviating path? In *The Herd*, journalist Johan Anderberg narrates the improbable story of a nation that took a startlingly different approach to fighting the greatest global pandemic in over one hundred years. First, it was no restrictions. Then, it was no face masks. While the rest of the world looked on with incredulity, condemnation, admiration, or even envy, Sweden stood alone. But *The Herd* is more than just a look at the evolution of the Swedish COVID-19 strategy. With ease, Anderberg guides the reader through the history of epidemiology, R0-rates, inoculation, and international organisations and strategies. He also presents a colourful cast of characters and the ticking-clock decisions they were faced with on a daily basis. Weaving past and present with effortless buoyancy, Anderberg has written an everyman's guide to everything you want to know about the pandemic that reads like a thriller.
