*Horse* Geraldine Brooks, 2024-01-16 "Brooks' chronological and cross-disciplinary leaps are thrilling." -The New York Times Book Review "Horse isn't just an animal story-it's a moving narrative about race and art." -TIME "A thrilling story about humanity in all its ugliness and beauty . . . the evocative voices create a story so powerful, reading it feels like watching a neck-and-neck horse race, galloping to its conclusion-you just can't look away." -Oprah Daily Winner of the Anisfield-Wolf Book Award, the Dayton Literary Peace Prize, and the Dr. Tony Ryan Book Award . Finalist for the Chautauqua Prize . A Massachusetts Book Award Honor Book A discarded painting in a junk pile, a skeleton in an attic, and the greatest racehorse in American history: from these strands, a Pulitzer Prize winner braids a sweeping story of spirit, obsession, and injustice across American history Kentucky, 1850. An enslaved groom named Jarret and a bay foal forge a bond of understanding that will carry the horse to record-setting victories across the South. When the nation erupts in civil war, an itinerant young artist who has made his name on paintings of the racehorse takes up arms for the Union. On a perilous night, he reunites with the stallion and his groom, very far from the glamor of any racetrack. New York City, 1954. Martha Jackson, a gallery owner celebrated for taking risks on edgy contemporary painters, becomes obsessed with a nineteenth-century equestrian oil painting of mysterious provenance. Washington, DC, 2019. Jess, a Smithsonian scientist from Australia, and Theo, a Nigerian-American art historian, find themselves unexpectedly connected through their shared interest in the horse-one studying the stallion's bones for clues to his power and endurance, the other uncovering the lost history of the unsung Black horsemen who were

critical to his racing success. Based on the remarkable true story of the record-breaking thoroughbred Lexington, Horse is a novel of art and science, love and obsession, and our unfinished reckoning with racism.

*The Ultimate Horse Behavior and Training Book* Linda Tellington-Jones, 2006-09-01 Finally, a comprehensive collection of world-renowned equine expert Linda Tellington-Jones' healing equine bodywork and training exercises, for use both on the ground and in the saddle. In one fabulously illustrated book, those new to Linda's approach are provided with a clear, step-by-step introduction to the Tellington Method, while those familiar with her work finally have the ultimate go-to reference. The book is divided into three parts. Part One briefly explains the background of the Tellington Method and then discusses the reasons for unwanted behavior and poor attitude in horses. Part Two, arranged alphabetically, contains a compendium of 72 common behavioral, training and health issues, many of which horse people face on a daily basis. In this A to Z format, from Aggressive to Other Horses to Weaving, Linda discusses the possible reasons for these behaviors or problems and offers conventional methods of solving these challenges, as well as training solutions using the Tellington Method. Part Three presents—for the first time in one volume—the complete body of work that makes up

the Tellington Method: the Tellington TTouches, Ground Exercises, and Ridden Work. At the end of this section, there is also a detailed case study, which includes 49 photographs showing every step along the way to successfully teaching your horse to load.

*Thoroughbred Horse Handicapping and Wagering* Andrew J. Page, 2012-05-08 Thoroughbred Horse Handicapping and wagering using the Holy Bible of Horse Racing is a book that contains a primer for folks that do not know much about thoroughbred horse racing. In addition, it provides a methodology for picking horses that will most likely finish second or better in races that are qualified for wagering. It then describes different approaches to wagering. There are what I call another section which I call special conditions that prompt special attention and will provide an avenue for Win/Place/Show bets (across the board), as well as some short stories of the some of the real characters I have met while playing the ponies.

**The Horses We Love, The Lessons We Learn** Tena Bastian, 2007-12-17 Praise for *The Horses We Love, The Lessons We Learn* Tena's real-life stories are modern-day parables for the lessons horses have to teach us: Learn from your mistakes, trust your instincts and, above all, have fun. Some stories made me laugh out loud as I recalled being in similar predicaments. Others touched an emotional chord and made me cry. I came away from them longing to be in the nurturing presence of horses, soaking up all they have to offer--and always becoming a better person for it. --Stacey Nedrow-Wigmore, Managing Editor, *Practical Horseman* This book captures the reader's attention and prompts a smile as each chapter concludes. Horsemen and non-horsemen alike will find the pages easy to read, inspiring, and down-to-earth as we are reminded to treasure all of life's experiences and practical lessons. --Coagi Long, Program Director, *Equine Affaire* A tribute to horses and a treasure for horse-lovers This unique book shares life lessons lovingly learned in the company of horses--universal lessons about facing adversity, finding your niche in life, second chances, and more. Humorous and touching, uplifting and poignant, the twenty-two stories inspire and delight.

**Herdmates to Heartmates: The Art of Bonding with a New Horse** Bonnie Ebsen Jackson, 2015-02-15 Everyone who has ever imagined owning a horse has experienced an equestrian dream of their own. They have pictured finding the perfect, beautiful animal, who would become their partner, anticipating their every request, enabling their rider to approach centaur status. However, what many people discover once they have selected and brought a horse home is that they are a long way from understanding what makes their new horse tick, let alone being able to form the kind of

bond that would lead to a safe and enjoyable riding experience. In the words of foundational horseman Ray Hunt, "Horses don't care how much you know until they know how much you care." In other words, you could have an encyclopedic knowledge of horses, but until you spend enough time in front of the horse you now own, you'll never learn the important aspects of forming a good bond. These include understanding a horse's hierarchy of needs, being able to read your horse's temperament and spirit level, and being prepared to match your horse's energy in order to convince them of your leadership skills. Chapters deal with recognizing and working with horse's thresholds--situations where a horse's warning system is overloaded and he is feeling the need to respond with a fight or flight response--as well as explaining how a horse's physical health and a rider's confidence can all play a role in developing a horse-human bond. Author Jackson explains that the quickest way to draw a horse closer is to present yourself as the "beneficent and omnipotent source of supply," or the B.O.S.S., which needn't lead to bullying or abusive behavior. The horse owner simply needs to be seen as the-one-with-the-good-ideas. Since horses are born followers, who rely on a savvy leader for survival in the wild, they are biologically wired to go looking for this kind of leadership, especially when they feel threatened in a strange new environment. Convincing a horse that you can keep them safe--that you've "got their back" is a major key to helping them to trust in your leadership. The author uses examples of mistakes she's made along the way to developing bonds with her own horses in hopes that readers will learn to avoid common traps and pitfalls. Strangely, learning a more natural and horse-centered way of being with an equine can have the added benefit of developing good people leadership skills, along with a

greater understanding and appreciation of all species.

**Land of the Horses** Chris Lombard, 2022-01-04 An intensely moving memoir of a young man who left heartbreak in Maine to seek healing Out West in the company of horses. Growing up in a small Maine town, Chris Lombard had never ridden a horse—never even touched one. But on one fateful night, as what he'd thought was a happy twenty-something life full of love and possibility fell suddenly apart, he met two horses and looked into their eyes. What he saw inspired him to leave everything he had, and everything he didn't have, behind, and go in search of what was missing. With the little he needed packed in his ten-year-old Pontiac Grand Prix, and little more to go on than a belief that someone would give him a chance, Chris headed west to find work on a horse ranch. His journey took him first to the mountains of Colorado, then the Hollywood Hills of California, and finally, the wild borderlands of Southern Arizona. The settings changed but the same lessons came in quiet moments, movingly captured in these pages: watching horses, reaching out to them, swinging upon their backs. Chris learned new meanings for words—presence, connection, softness, and balance—the elements of good horsemanship feeding a deep hunger he didn't know he had. But learning to ride a horse, learning to communicate with him, to teach him things, these required qualities Chris was only beginning to cultivate. Human nature plans; it pushes and it rushes. And it would take a terrible accident to awaken a whole new awareness for time and space, and Chris's place within it, beside a horse. In the austere beauty of the Sonora Desert, Chris met a cowboy whose intense love for life on the back of a horse held a deep sadness at bay, but only for so long. Their brief time together, working land and livestock, would bring Chris to the realization

that the richly fulfilling new life he'd found held all the answers he sought, but only if he could ultimately leave it behind. Evocatively written, interweaving the author's growing understanding of horses and how we connect with them with his deeply personal experiences, *Land of the Horses* brings to life a young man's transformation alongside the horses, people, and dramatic landscapes of the American West. Healing heartbreak, falling and getting back on, searching for something true—this is a story that is in all of us. And it shows we are all capable of creating the life we truly want to live.

**The Last Diving Horse in America** Cynthia A. Branigan, 2021-10-19 Named Best Equine Non-Fiction Book at the 2022 Equus Film & Arts Fest The rescue of the last diving horse in America and the inspiring story of how horse and animal rescuer were each profoundly transformed by the other—from the award-winning animal rescuer of retired racing greyhounds and author of the best-selling *Adopting the Racing Greyhound* It was the signature of Atlantic City's Steel Pier in the golden age of "America's Favorite Playground": Doc Carver's High Diving Horses. Beginning in 1929, four times a day, seven days a week, a trained horse wearing only a harness ran up a ramp, a diving girl in a bathing suit and helmet jumped onto its mighty bare back, and together they sailed forty feet through the air, plunging, to thunderous applause, into a ten-foot-deep tank of water. Decades later, after cries of animal abuse and changing times, the act was shuttered, and in May 1980, the last Atlantic City Steel Pier diving horse was placed on the auction block in Indian Mills, New Jersey. The author, who had seen the act as a child and had been haunted by it, was now working with Cleveland Amory, the founding father of the modern animal protection movement, and she was, at the last minute, sent on a rescue mission: bidding for

the horse everyone had come to buy, some for the slaughterhouse (they dropped out when the bidding exceeded his weight). The author's winning bid: \$2,600—and Gamal, gleaming-coated, majestic, commanding, was hers; she who knew almost nothing about horses was now the owner of the last diving horse in America. Cynthia Branigan tells the magical, transformative story of how horse and new owner (who is trying to sort out her own life, feeling somewhat lost herself and in need of rescuing) come to know each other, educate each other, and teach each other important lessons of living and loving. She writes of providing a new home for Gamal, a farm with plentiful fields of rich, grazing pasture; of how Gamal, at age twenty-six, blossoms in his new circumstances; and of the special bond that slowly grows and deepens between them, as Gamal tests the author and grows to trust her, and as she grows to rely upon him as friend, confidant, teacher. She writes of her search for Gamal's past: moved from barn to barn, from barrel racer to rodeo horse, and ending up on the Steel Pier; how his resilience and dignity throughout those years give deep meaning to his life; and how in understanding this, the author is freed from her own past, which had been filled with doubts and fears and darkness. Branigan writes of the history of diving horses and of how rescuing and caring for Gamal led to her saving other animals—burros, llamas, and goats—first as company for Gamal and then finding homes for them all; and, finally, saving a ten-year-old retired greyhound called King—despondent, nearly broken in spirit—who, running free in the fields with Gamal, comes back to his happy self and opens up for the author a whole new surprising but purposeful world. A captivating tale of the power of animals and the love that can heal the heart and restore the soul.
