The Hunt Andrew Fukuda,2012-05-08 Don't Sweat. Don't Laugh. Don't draw attention to yourself. And most of all, whatever you do, do not fall in love with one of them. Gene is different from everyone else around him. He can't run with lightning speed, sunlight doesn't hurt him and he doesn't have an unquenchable lust for blood. Gene is a human, and he knows the rules. Keep the truth a secret. It's the only way to stay alive in a world of night—a world where humans are considered a delicacy and hunted for their blood. When he's chosen for a once in a lifetime opportunity to hunt the last remaining humans, Gene's carefully constructed life begins to crumble around him. He's thrust into the path of a girl who makes him feel things he never thought possible—and into a ruthless pack of hunters whose suspicions about his true nature are growing. Now that Gene has finally found something worth fighting for, his need to survive is stronger than ever—but is it worth the cost of his humanity?

We're Going on a Lion Hunt David Axtell,2015-12-01 This charming version of a well-known chant takes place on the African savanna In this beautifully illustrated rendition of a well-known children's chant, two sisters are looking not for a bear but for a lion—a lion that lives on the African savanna, where the girls go through swishy-swashy long grass, a splishy-splashy lake, and a Big Dark Cave. When they finally meet their lion, they have to run, run, run through it all again to get back home. Young readers will enjoy the playful language and beautiful paintings that reset a familiar story in a far-off part of the world.

The Unicorn Hunt Dorothy Dunnett, 2010-08-11 With the bravura storytelling and pungent authenticity of detail she brought to her acclaimed Lymond Chronicles, Dorothy Dunnett, grande dame of the historical novel, presents The House of Niccolo series. The time is the 15th century, when intrepid merchants became the new knighthood of Europe. Among them, none is bolder or more cunning than Nicholas vander Poele of Bruges, the good-natured dyer's apprentice who schemes and swashbuckles his way to the helm of a mercantile empire. Scotland, 1468: a nation at the edge of Europe, a civilization on the threshold of the Modern Age. Merchants, musicians, politicians, and pageantry fill the court of King James III. In its midst, Nicholas seeks to avenge his bride's claim that she carries the bastard of his archenemy, Simon St. Pol. When she flees before Nicholas can determine whether or not the rumored child is his own—or exists at all—Nicholas gives chase. So begins the deadly game of cat and mouse that will lead him from the infested cisterns of Cairo to the misted canals of Venice at carnival. Breathlessly paced, sparkling with wit. The Unicorn Hunt confirms Dorothy Dunnett as the genre's finest practitioner.

The End of the Hunt Thomas Flanagan,2016-04-05 Volume 3 of Thomas Flanagan's Irish History Trilogy This third volume of Thomas Flanagan's best-selling Irish-history trilogy (which begins with *The Year of the French* and continues with *The Tenants of Time*) brings to epic life the events of the Irish War of Independence. Flanagan's gaze is both world historical and intimate as he tells the story of Janice Nugent, a recent war widow who strikes up a romance with Christopher Blake, a historian and propagandist for the IRA; of Patrick Prentiss, discharged from the British army after losing an arm in World War I to find Dublin engulfed in civil turmoil; of a Virgil-toting gunman named Frank Lacy; and of a panorama of meticulously drawn historical figures on both sides of the conflict, from Winston Churchill and Lloyd George to Eamon de Valera and Michael Collins. While violence escalates and losses mount, the once-mighty British Empire shows signs of strain and Irish independence finally glimmers on the horizon.

On the run and hunted by society, they must find a way to survive in The Vast... and avoid the hungry predators tracking them in the dark. But they're not the only things following Gene. He's haunted by the girl he left behind and his burgeoning feelings for Sissy, the human girl at his side. When they discover a refuge of exiled humans living high in the mountains, Gene and his friends think they're finally safe. Led by a group of intensely secretive elders, the civilisation begins to raise more questions than answers. A strict code of behaviour is the rule, harsh punishments are meted out, young men are nowhere to be found - and Gene begins to wonder if the world they've entered is just as evil as the one they left behind. As life at the refuge grows more perilous, he and Sissy only grow closer. In an increasingly violent world, all they have is each other . . . if they can only stay alive.

Nut Job Sonia Hunt, 2021-08-13 Every three minutes, a food allergy reaction sends someone to the emergency room. Each year in the United States, 200,000 people require emergency medical care for allergic reactions to food. Approximately 90% of food allergy reactions occur to one of eight common foods in the U.S. called The Big 8. These foods include Milk, eggs, peanuts, tree nuts, fish, crustacean shellfish, wheat, and soy. And while 1 in 10 adults have a food allergy, nearly twice as many adults think that they are allergic to foods while their symptoms may suggest food intolerance or other food-related conditions. It's time to wake up to the fact that food in the United States is killing us. I am one of over 32 million Americans who suffer from severe food allergies, environmental allergies, and asthma since the age of three. As a first-generation American, I was the broken child of parents from India and had never heard the words food allergy before. My entire life had been focused on one thing: making sure my body could withstand another attack. Because there is no cure for food allergies in Western medicine, for four decades, I became a test subject, was poked and prodded to determine the best way to manage my allergies. After I found myself almost dead on the emergency room table (for the fourth time) in 2008, I knew that it might be the last chance I would get to find another way. I felt like I was doing everything wrong. I was doing life wrong. Apparently, I wasn't managing my food allergies well because I wouldn't have been back in the hospital. It was yet another traumatic event in my life due to food, and I had officially hit rock bottom. It was during that time that I made a pact: I whispered into the Universe that if it allowed me to survive that day, I would change everything. With a fire finally lit in my soul, I completely dissected and overhauled my life created the Three to Be(TM) Program, a holistic health, and well-being program that guides people with food allergies and food restrictions to Be Healthy, Be Safe + Be Well(TM) (my mantra), in order to thrive. I needed a program that I could follow daily, using small steps to reclaim my health. None of the existing health and wellness programs on the market really catered to someone in my situation, so I created my own having dealt with severe food allergies for four decades. In facing the demons that had been with me for so long, with conviction, I took charge, I worked my program, and I eliminated my food allergies. In reclaiming my health, I transformed my life. And this is how I did it.

Dark Hunt Kim Richardson,2018-06-19 Dark Hunt is a thrilling paranormal story, which will have you reading late into the night. I devoured it, and I couldn't stop. —Boundless Book Reviews Have a demon problem? I'm your girl. I'm the best there is at what I do, and what I do isn't pretty. If a demon crosses over to our side of the Veil, or if a werewolf goes feral and kills an innocent—they send me. It's not all sunshine and rainbows, and the pay usually sucks. But I do what it takes to keep my belly full and a roof over my head. When the Council, the group of angel-born who'd shunned me all those years ago, offer me a job, I have no choice but to take it. Everything would have worked out fine if the Council hadn't forced me to work the case with Jax—the devilishly handsome and mysterious angel-born warrior. I'm a bad-girl hunter for hire. He's an angel-born golden boy. What could possibly go wrong? *Recommended for mature YA+ due to language Dark Hunt is a sassy, fast-paced urban fantasy by award-winning author Kim Richardson.
