Hunting Jan E. Dizard,Mary Zeiss Stange,2022-10-04 The history of hunting, from Stone Age hunter-gatherers to today's sport hunters. Hunting has a long history, beginning with our hominid ancestors. The invention of the spear allowed early humans to graduate from scavenging to actual hunting. The famous cave paintings at Lascaux show a meticulous knowledge of animal behavior and anatomy that only a hunter would have. This volume in the MIT Press Essential Knowledge series traces the evolution of hunting, from Stone Age hunting and gathering to today's regulated sport hunting. Humans have been hunting since we became human—but did hunting make us human? The authors consider and question the “hunting hypothesis of human origins,” noting that according to this theory, “hunting” meant hunting by men. They explore hunting in the Stone Age and how, beginning some ten thousand years ago, the spread of agriculture led to the emergence of empires and attempts by elites to monopolize hunting. They examine the democratization of hunting in the American colonies and how hunters decimated, but then, in the twentieth century, rallied to save game animals from extinction. They describe how some European and postcolonial societies have managed wildlife and hunting, consider the difficulties of living with abundant wildlife—even as many nongame species are disappearing—and trace the implications of the increasing participation of women in hunting for the future

of hunting.

*The Ghosts of Autumn* Joel Spring, 2016-04-12 "This is my cathedral. These are my meditations. I was raised Methodist, but this is my religion." "The fields and woods and old orchards here are sacred ground. I feel the presence of my old friends. I am humbled in the face of the

beauty of the place and experience the quiet only found in nature. The peace for which we all search envelops me. On my worst days I've never failed to find it here." The Ghosts of Autumn joins Joel Spring for one brief season in the life of an avid outdoorsman. Stories of dogs and deer, friendship and adventure, heartache and triumph are set against a backdrop of the vivid colors of autumn. From the first few wisps of cool north wind in September, through the frigid mountain cold of a late December morning, the author treats you like a welcomed friend. Spring's carefully crafted prose revisits the ghosts of hundreds of past hunts with good dogs and good friends will appeal not only to avid hunters and outdoorsmen but also anyone who appreciates fine writing about nature. Spend some time with Joel Spring and The Ghosts of Autumn. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. *The Hunter's Way* Craig Raleigh,2018-10-02 "Craig Raleigh puts hunting into modern perspective, combining higher sensibilities and his firsthand insight into the hunting world to gently illuminate a part of human nature that was, and still is, among the purest of human endeavors." —Jim

Shockey, award-winning writer and host of Jim Shockey's Hunting Adventures and Uncharted A thoughtful appreciation of hunting and a celebration of the outdoors that illuminates the hunter's psyche, role, and influence on our culture. As we began to set foot in the outdoors we didn't expect to learn something beyond where the deer were running or where the ducks were flying. Once we realized what these creatures really wanted, it was the opening of truth for us as hunters. A long-time hunter and fisherman and senior writer at Wide Open Spaces, Craig Raleigh has spent most of the last forty-five years of his life trying to find that elusive Holy Grail of hunting, that unimagined outdoor reality where one's training, instinct, and experience converge into extraordinary bliss and accomplishment. He is the first to admit, that this does not entail the capture of a deer or an ever-evasive pheasant. It is the freedom to give back to the outdoors as much as one takes from it. For hunters, a life lived in the outdoors is massively rewarding and offers non-stop pleasures. It comes with the love of camaraderie, choice, and reward, and provides a deep appreciation for the nature world. The Hunter's Way is his meditative and philosophical journey into the soul of a hunter. Divided into four parts that mirror the hunting experience—the background, the preparation, the hunt, and the harvest—it addresses the paradox of hunting as conservationism, ruminates on the failures and successes of hunting as sport and as a way of life, and reveals how hunting influences our society. As Raleigh explains, the hunt is so much more than the kill. Most often, the hunter leaves the woods and fields empty-handed. Rather, the beauty of hunting is in the experience itself. As a hunter, you are constantly looking for clues. Yet in nature, signs are changeable, confusing, and never the same the second time. A captivating synthesis of On Trails,

Norwegian Wood, and Shop Class as Soulcraft, The Hunter's Way is a literary reflection and love letter to the value of hunting as both sport and way of life.
