Part-Time Husband Noelle Adams, 2018-05-29 On a Wednesday afternoon, I ask Trevor Bentley to marry me. He might be the most arrogant, obnoxious man I know, but I need him to be my husband for a year. There are reasons. He's not going to be a real husband. Just part-time. Yes, I have to live with him. And, okay, I also have to share his bed. And, sure, he's the sexiest and most exciting thing to ever happen to my controlled, organized life. But still... It's only a part-time marriage. I'm not going to give him my heart. I know what I'm doing, and I'm too smart to fall for my husband. I hope.

Stop Looking for a Husband Marina Sbrochi, 2011-03 Stop Looking for a Husband bucks the notion that a woman needs a husband to be happy. We rush into marriage only to discover that it was never meant to be. A marriage will never work when its foundation is set on shaky ground. Marina Sbrochi tells the modern woman that she will only find real love when she gets the objective of marriage out of her head. Change your goal from finding a husband to finding the love of your life, and you'll find happiness. Women have been conditioned to search for the perfect man who will fulfill the dream of a white dress, a ring, 2.5 kids, and a house in the suburbs. Nowhere in this fairy tale is there anything about falling in love with the one you can't live without! The honest advice and hilarious accounts speak to anyone who has read all the rules and tried all the tricks, yet can't seem to get off the starting line. This book will not only give the intelligent woman ideas for an enhanced approach to finding love but will also keep her in stitches.

The Husbands Chandler Baker, 2021-08-03 A GOOD MORNING AMERICA BOOK CLUB PICK "Chandler Baker, queen of the feminist thriller, has delivered once

again! The Husbands is a poignant exploration of what it would take for women to have it all. —Sally Hepworth, bestselling author of The Good Sister To what lengths will a woman go for a little more help from her husband? Nora Spangler is a successful attorney but when it comes to domestic life, she packs the lunches, schedules the doctor appointments, knows where the extra paper towel rolls are, and designs and orders the holiday cards. Her husband works hard, too... but why does it seem like she is always working so much harder? When the Spanglers go house hunting in Dynasty Ranch, an exclusive suburban neighborhood, Nora meets a group of high-powered women—a tech CEO, a neurosurgeon, an award-winning therapist, a bestselling author—with enviably supportive husbands. When she agrees to help with a resident’s wrongful death case, she is pulled into the lives of the women there. She finds the air is different in Dynasty Ranch. The women aren’t hanging on by a thread. But as the case unravels, Nora uncovers a plot that may explain the secret to having-it-all. One that’s worth killing for. Calling to mind a Stepford Wives gender-swap, New York Times bestselling author of Whisper Network Chandler Baker's The Husbands imagines a world where the burden of the “second shift” is equally shared—and what it may take to get there. “Utterly engrossing and thoroughly timely, The Husbands is both a gripping, well-crafted mystery and an insightful critique of motherhood and marriage in the modern age—working mothers everywhere will feel seen in the best possible way.” —Kimberly McCreight, New York Times bestselling author of A Good Marriage

The Better Husband Training Program Colin Milton, 2020-10-28 Another wonderful ABDL/FemDom novel by accomplished author - Colin Milton Scott and Samantha's marriage was reaching that most treacherous of troubles - complacency. But Samantha was not one to let her relationship perish without trying everything she could. At the suggestion of a friend, Samantha went to www.couplesupport.com, read up on their program and made an appointment for her and Scott. As she found out later, the guiding principle of their

counselling was the fact that all men are essentially big 'boys'. But what was truly special was that they understood that some men were little boys and some were really just babies. A wonderful story of reconciliation and success with a very unusual (to other people!) training program.

How He Lied to Her Husband George Bernard Shaw, 2024-02-06T18:00:00Z How He Lied to Her Husband is a short, one-act play by George Bernard Shaw, first performed in 1904. This comedic work serves as a satirical counterpart to Shaw's earlier play Candida and showcases Shaw's sharp wit and keen observation of human relationships and societal norms. Set in London, the play revolves around a love triangle involving a young poet, Henry Apjohn, who is enamored with Aurora Bompas, a beautiful, married woman. The intrigue begins when Aurora discovers that Henry has written passionate love poems to her, which she fears might fall into the hands of her husband, Teddy Bompas. The situation takes a humorous turn when the husband confronts Henry, leading to unexpected developments that challenge traditional notions of love, honor, and marital fidelity. Shaw cleverly subverts the conventional love triangle trope by infusing the narrative with irony and comedic misunderstandings. The characters, while seemingly adhering to societal expectations, reveal their true selves in the face of potential scandal, highlighting the absurdity and

complexity of human relationships. *How He Lied to Her Husband* is notable for its concise structure, sharp dialogue, and the way it playfully addresses themes of romantic idealism versus the realities of marriage. Shaw's comedic touch provides a light-hearted critique of the pretensions and vanities of high society, making the play a delightful and insightful exploration of love, jealousy, and the art of deception.
