Richard Gentry, Ph.D., Jan McNeel, M.A.Ed.

The Watercolour Ideas Book Joanna Goss,2018-04-05 Many artists first learn to paint in watercolour. But this flexible, dynamic medium has an immediacy that is perfect for experimentation. Discover textures, applications, techniques, combinations of materials, and new ways of tackling the medium you love. Rub it, dab it, scratch it, scrunch it. Cut it, glue it, sew it and seal it. And above all, learn from what other people do! This little book is full of big ideas from contemporary artists to inspire you to think differently. With a new idea on every spread of the book, you will discover fresh ways of working with watercolour to create work that is original and exciting.

The Collage Ideas Book Alannah Moore,2018-05-01 Collage allows your creativity to run riot. It lets you juxtapose disparate elements, styles and media against each other and create something entirely novel, bizarre, arresting, beautiful, ironic or unsettling. Old and new can be fused together; digital and handproduced can be combined. What you can create with collage knows no bounds. Expertly curated with an eye to the fresh, the exciting collection of new collage ideas will inspire collage artists at every level, from those dipping a toe in the art form to experts.

Book of Ideas Radim Malinic,2016-03-01 Book of Ideas series Vol.1 - suitable for art and design students, freelancers, art directors, graphic designers and all other creatives looking to grow their careers. Book of Ideas is just that: an outpouring of what one creative director and designer has discovered from many years working in the strange and endlessly fascinating world of the creative industry. Sharing advice on everything from inspiration to inbox control, facing your fears, finding happiness in your work, the art of self-promotion and beating creative block. It is also illustrated with some of the most important and resonant portfolio projects. Book of Ideas is an invaluable tool to any creative at any stage in their career.

The LEGO Ideas Book Daniel Lipkowitz,2011-09-19 Over 2 million copies sold worldwide! Be inspired to create and build amazing models with your LEGO® bricks! The LEGO Ideas Book is packed full of tips from expert LEGO builders on how to make jet planes reach new heights, create fantastic fortresses, swing through lush jungles, have fun on the farm and send space shuttles out of this world! This awesome ideas book is divided into six themed chapters - transport, buildings, space, kingdoms, adventure, and useful makes - to inspire every member of the family to get building. With over 500 models and ideas, this book is perfect for any LEGO fan - young or young at heart - who want to make their models cool, fun and imaginative. ©2020 The LEGO Group.

Idea Makers Stephen Wolfram,2016 This book of thoroughly engaging essays from one of today's most prodigious innovators provides a uniquely personal perspective on the lives and achievements of a selection of intriguing figures from the history of science and technology. Weaving together his immersive interest in people and history with insights gathered from his own experiences, Stephen Wolfram gives an ennobling look at some of the individuals whose ideas and creations have helped shape our world today. Contents includes biographical sketches of: Richard Feynman Kurt Godel Alan Turing John von Neumann George Boole Ada Lovelace Gottfried Leibniz Benoit Mandelbrot Steve Jobs Marvin Minsky Russell Towle Bertrand Russell Alfred Whitehead Richard Crandall Srinivasa Ramanujan Solomon Golomb

Not My Idea Anastasia Higginbotham,2018-09 People of color are eager for white people to deal with their racial ignorance. White people are desperate for an affirmative role in racial justice. Not My Idea: A Book About Whiteness helps with conversations the nation is, just now, finally starting to have.

The Graphic Design Idea Book Gail Anderson,Gaile Anderson,Steven Heller,2016-04-13 This book serves as an introduction to the key elements of good design. Broken into sections covering the fundamental elements of design, key works by acclaimed designers serve to illustrate technical points and encourage readers to try out new ideas. Themes covered include narrative, colour, illusion, ornament, simplicity, and wit and humour. The result is an instantly accessible and easy to understand guide to graphic design using professional techniques.

The Ideas Book Kevin Duncan,2014 A unique and practical guide to generating ideas by using diagrams and visual thinking techniques.

Brightly Burning Alexa Donne,2018-05-01 "One of the most anticipated YA debuts of 2018, Brightly Burning is a gothic, romantic mystery with hints of Jane Eyre, Marissa Meyer, and Kiera Cass." –Entertainment Weekly "Brightly Burning delivers a brooding gothic mystery and a swoony romance, all set in space. Donne's atmospheric, twisty update of a cherished classic will keep you up late into the night!" –Elly Blake, NYT bestselling author of the Frostblood Saga Stella Ainsley leaves poverty behind when she quits her engineering job aboard the Stalwart to become a governess on a private ship. On the Rochester, there's no water ration, more books than one person could devour in a lifetime, and an AI who seems more friend than robot. But no one warned Stella that the ship seems to be haunted, nor that it may be involved in a conspiracy that could topple the entire interstellar fleet. Surrounded by mysteries, Stella finds her equal in the brooding but kind nineteen-year-old Captain Hugo. When several attempts on his life spark more questions than answers, and the beautiful Bianca Ingram appears at Hugo's request, his unpredictable behavior causes Stella's suspicions to mount. Without knowing who to trust, Stella must decide whether to follow her head or her heart. Alexa Donne's lush and enthralling reimagining of the classic Jane Eyre, set among the stars, will seduce and beguile you.

Ideas Arrangements Effects The Design Studio for Social Intervention,2020-06-25 Ideas are embedded in social arrangements, which in turn produce effects. With this simple premise, this radically accessible systems design book makes a compelling case for arrangements as a rich and overlooked terrain for social justice and world building. Unpacking how ideas like racism and sexism remain sturdy by embedding themselves in everything from physical and social infrastructure to everyday speech and thought habits, this book gives readers the tools to sense, intervene in and imagine new arrangements.

The Idea Hunter Andy Boynton,Bill Fischer,2011-04-04 A different way of discovering and developing the best business ideas Jack Welch once said, Someone, somewhere has a better idea. In this myth-busting book, the authors reveal that great business ideas do not spring from innate creativity, or necessarily from the brilliant minds of people. Rather, great ideas come to those who are in the habit of looking for great ideas all around them, all the time. Too often, people fall into the trap of thinking that the only worthwhile idea is a thoroughly original one. Idea Hunters know better. They understand that valuable ideas are already out there, waiting to be found - and not just in the usual places. Shows how to expand your capacity to find and develop winning business ideas Explains why ideas are a critical asset for every manager and professional, not just for those who do creative Reveals how to seek out and select the ideas that best serve your purposes and goals and define who you are, as a professional Offers practical tips on how to master the everyday habits of an Idea Hunter, which include cultivating great

conversations The book is filled with illustrative accounts of successful Idea Hunters and stories from thriving idea companies. Warren Buffet, Walt Disney, Thomas Edison, Mary Kay Ash, Twitter, and Pixar Animation Studios are among the many profiled.

Ideas Against Ideocracy Mikhail Epstein,2021-09-09 This groundbreaking work by one of the world's foremost theoreticians of culture and scholars of Russian philosophy gives for the first time a systematic examination of the development of Russian philosophy during the late Soviet period. Countering the traditional view of an intellectual wilderness under the Soviet regime, Mikhail Epstein provides a comprehensive account of Russian thought of the second half of the 20th century that is highly sophisticated without losing clarity. It provides new insights into previously mostly ignored areas such as late-Soviet Russian nationalism and Eurasianism, religious thought, cosmism and esoterism, and postmodernism and conceptualism. Epstein shows how Russian philosophy has long been trapped in an intellectual prison of its own making as it sought to create its own utopia. However, he demonstrates that it is time to reappraise Russian thought, now freed from the bonds of Soviet totalitarianism and ideocracy but nevertheless dangerously engaged into new nationalist aspirations and metaphysical radicalism. We are left with not only a new and exciting interpretation of recent Russian intellectual history, but also the opportunity to rethink our own philosophical heritage.

Where Do You Get Your Ideas? Fred White,2012-11-05 Discover the Journal From Initial Idea to Completed Story A wardrobe that leads to a fantasy world...a rendition of Hamlet told by Rosencrantz and Guildenstern...the life and times of the Wicked Witch of the West.... Just where do successful writers get their ideas? Author Fred White demystifies the creative process of idea generation by breaking it down into six essential stages: idea recognition, idea incubation, outlining, research, drafting, and revision. In *Where Do You Get Your Ideas?* you will learn: • How to create, organize, and keep a writer's notebook. • Where to look for ideas--in daily observations, books, news articles, and magazines--and how to recognize a story when you see one. • Techniques for developing ideas into creative works of fiction and non-fiction: free-associating, listing, mapping, and collaging. • How to transform a good idea into a great story, novel, or memoir. With practical advice, techniques, and exercises, plus 75 seminal ideas to jump-start your creativity, *Where Do You Get Your Ideas?* will pull back the curtain on the magic of idea generation and reveal the wealth of writing inspiration right in front of you.

The Sociology of Educational Ideas Julia Evetts,2017-05-08 This study, first published in 1973, examines the principles that lie behind educational dilemmas, and helps to clarify the difficulties of explanation, justification and practical action in the educational system. The author explores various key concepts in the education process, such as Intelligence, Equal Opportunity, Knowledge and Selection. She shows that different and often contrasting interpretations of these concepts imply certain assumptions about the nature of man, the genesis and knowledge, the education process and its relation to society. This title will be of interest to students of sociology and education.

Greek and Roman Political Ideas Melissa Lane,2014-05-01 What is politics? What are the origins of political philosophy? What can we learn from the Greeks and Romans? In *Greek and Roman Political Ideas*, acclaimed classics scholar Melissa Lane introduces the reader to the foundations of Western political thought, from the Greeks, who invented democracy, to the Romans, who created a republic and then transformed it into an empire. Tracing the origins of political philosophy from Socrates to Cicero to Plutarch, Lane reminds us that the birth of politics was as much a story of individuals as ideas.

The Flow of Management Ideas Stefan Heusinkveld,Marlieke van Grinsven,Claudia Groß,David Greatbatch,Timothy Clark,2021-06-10 The widespread promotion of management ideas, their regular inclusion in textbooks and business school curricula and their use in organizational change programs has engendered debates about the impact of these ideas on management and organizational practice. Based on analyses of managerial audience members' activities and related meaning-making prior to, during and after guru events with leading management thinkers, this book sheds new light on how management practitioners come to use management ideas in the different relevant contexts of their working lives. The authors argue that a broader, more differentiated and more dynamic view of managerial audiences is essential in understanding the impact of management ideas as well as the nature of contemporary managerial work. For scholars and students in organisation studies, knowledge management and management consultancy, as well as reflective management practitioners.

Bobby Cinema 20 Movie and Tv Show Plot Summary Ideas! Bobby Cinema,2013-11-15 This well help people show that we can pitch movie and tv synopsis to producers and network president. Watch it reject it, We can use this book here peoples opinion and ask them if this belongs in the silver screen or television

The A-Z of Visual Ideas John Ingledew,2011-10-10 The A-Z of Visual Ideas explains the key ideas, sources of inspiration and visual techniques that have been used throughout design history. Showing where ideas and inspiration come from, the book provides numerous strategies to help unlock the reader's creativity. Using a dynamic and easy-to-understand A-Z format, the book reveals techniques that can be exploited to deliver ideas with greater impact, each entry offering a different starting point. Looking at everything from, Art to Zeitgeist, Intuition and Instinct to Happy Accidents and Hidden Messages, the book also features a section explaining how to use the idea or technique, providing readers with an infallible 'tool kit' of inspiration. Including hundreds of inspirational quotes and packed with great examples of advertising campaigns, posters, book and magazine covers and illustrations, this is an indispensable primer that shows design students and professionals how to solve any creative brief.

Writing Lesson Level 1--Ideas Thinking Chart Richard Gentry, Ph.D.,Jan McNeel, M.A.Ed.,2014-02-01 Incorporate writing instruction in your classroom as an essential element of literacy development while implementing best practices. Simplify the planning of writing instruction and become familiar with the Common Core State Standards of Writing.

Aphorisms Concerning Ideas, Science, and the Language of Science William Whewell,1840
