What Is Islam? Shahab Ahmed,2015-11-17 What is Islam? How do we grasp a human and historical phenomenon characterized by such variety and contradiction? What is Islamic about Islamic philosophy or Islamic art? Should we speak of Islam or of islams? Should we distinguish the Islamic (the religious) from the Islamicate (the cultural)? Or should we abandon Islamic altogether as an analytical term? In What Is Islam?, Shahab Ahmed presents a bold new conceptualization of Islam that challenges dominant understandings grounded in the categories of religion and culture or those that privilege law and scripture. He argues that these modes of thinking obstruct us from understanding Islam, distorting it, diminishing it, and rendering it incoherent. What Is Islam? formulates a new conceptual language for analyzing Islam. It presents a new paradigm of how Muslims have historically understood divine revelation—one that enables us to understand how and why Muslims through history have embraced values such as exploration, ambiguity, aestheticization, polyvalence, and relativism, as well as practices such as figural art, music, and even wine drinking as Islamic. It also puts forward a new understanding of the historical constitution of Islamic law and its relationship to philosophical ethics and political theory. A book that is certain to provoke debate and significantly alter our understanding of Islam, What Is Islam? reveals how Muslims have historically conceived of and lived with Islam as norms and truths that are at once contradictory yet coherent.

The Oxford Dictionary of Islam John L. Esposito,2004-10-21 The dictionary focuses primarily on the 19th and 20th centuries, stressing topics of most interest to Westerners. What emerges is a highly informative look at the religious, political, and social spheres of the modern Islamic world. Naturally, readers will find many entries on topics of intense current interest, such as terrorism and the Taliban, Osama bin Laden and al-Qaida, the PLO and HAMAS. But the coverage goes well beyond recent headlines. There are biographical profiles, ranging from Naguib Mahfouz (the Nobel Prize winner from Egypt) to Malcolm X, including political leaders, influential thinkers, poets, scientists, and writers. Other entries cover major political movements, militant groups, and religious sects as well as terms from Islamic law, culture, and religion, key historical events, and important landmarks (such as Mecca and Medina). A series of entries looks at Islam in individual nations, such as Afghanistan, the West Bank and Gaza, Bosnia-Herzegovina, and the United States, and the

Islam Emory C. Bogle,1998-06-01 Islam is the fastest-growing religion in the world today. An understanding of its beliefs and practices has become essential knowledge not only for religious and political leaders but also for ordinary citizens who increasingly interact with Muslims as neighbors, coworkers, and schoolmates. This book is designed to offer the general public a concise overview of the origins, basic beliefs, and common practices of Islam, as well as the reasons for its dramatic resurgence in recent times. Emory Bogle details the life mission of the prophet Muhammad and describes the spread of Islam after his death. He accounts for the rise and contemporary influence of Shi'i Islam, a topic of particular interest to Western readers. Bogle also explains the basic beliefs (The Five Pillars) of Islam, as well as the role played by the Qur'an (Islam's scriptures), the hadith (the words and behavior of Muhammad), and the shari'a (Islamic law).

The Lawful and the Prohibited in Islam (Al-Halal Wal Haram Fil Islam) Yusuf Al-Qaradawi,1999-01-30 The Lawful and the Prohibited in Islam is a long-awaited translation of Dr. Yusuf Al-Qaradawi's well-known Arabic work, Al-Halal Al-Haram Fil-Islam. Over the years since its first publication in 1960, this volume has enjoyed a huge readership in the Arabic speaking world and is now in its 20th edition. It came to dispel the ambiguities surrounding the honorable Shari'ah, and to fulfill the essential needs of the Muslims in this age. It clarifies the Halal (Lawful) and why it is Halal, and the Haram (Prohibited) and why it is Haram, referring to the Book of Allah and the Sunnah of His Messenger (peace be on him). It answers all the questions which may face the Muslims today, and refutes the ambiguities and lies about Islam. In a very simple way, Al-Halal Al-Haram Fil-Islam delves into the authentic references in Islamic jurisprudence and fiqh. It therefrom extracts judgments of interest to contemporary Muslims in the areas of worship, business dealings, marriage and divorce, food and drink, dress and ornaments, patterns of behavior, individual and group relations, family and social ethics, habits and social customs. Referring to authentic texts, it clarifies that Permission is the rule in everything, unless it is otherwise specified in matters that adversely affect individuals or groups. It also clarifies that Allah is the only authority who has the right to legislate for the lawful and the prohibited.

What Every Christian Should Know About Islam Ruqaiyyah Waris Maqsood,2009-11-01 Of the many books explaining Islam, few specifically address the concerns and questions of those from a Christian background. Moreover, the commonalities between the Abrahamic faiths—Judaism, Christianity, and Islam—are too often ignored. Set out in an easy and informative question-and-answer format, the book addresses the specific theological points of agreement and difference between Christianity and Islam, explains the core religious beliefs and practices of Islam, and answers today's most common questions of Islam and Muslims in an age when there is much conflict and misunderstanding. Islam is best judged not by the limitations and transgressions of its most extreme, ignorant, and outlandish followers, but by the example of its moderate majority, and Ruqaiyyah Waris Maqsood presents this introduction to the theology and practice of Islam in an attempt to explore some of the false impressions that surround it. Table of Contents: Section 1: The Religious Beliefs of Islam Explained Section 2: the Religious Duties of Islam Explained Section 3: Miscellaneous Questions Section 4: Christianity and Islam Ruqaiyyah Waris Maqsood gained an honors degree in Christian Theology from the University of Hull in 1963 and then taught religious studies at various state schools until her retirement in 1996. She converted to Islam in 1986 and now lectures and writes on Islam.

The Search for Beauty in Islam Khaled Abou El Fadl,2006 Khaled Abou El Fadl is a classically-trained Islamic jurist, an American lawyer and law professor, and one of the most important Islamic thinkers today. In this updated and expanded edition of The Search for Beauty in Islam, Abou El Fadl offers eye-opening and enlightening insights into the contemporary realities of the current state of Islam and the West. Through a 'conference of the books, ' an imagined conference of Muslim intellectuals from centuries past, Abou El Fadl examines the ugliness that has come to plague Muslim realities and attempts to reclaim what he maintains is a core moral value in Islam—the value of beauty. Does Islamic law allow, or even call for, the gruesome acts of ugliness that have become so commonly associated with Islam today? Has Islam become a religion devoid of beauty, compassion and love? Based on actual cases, this book tackles different issues and problems in each chapter through a post-9/11 lens, discussing such topics as marriage, divorce, parental rights, the position of women, the veil, sexual abuse, wife-beating, terrorism, bigotry, morality, law, and the role of tradition. Abou El Fadl argues that the rekindling of the forgotten value of beauty is essential for Muslims today to take back what has been lost to the fundamentalist forces that have denigrated their religion

Blaming Islam John R. Bowen,2012-03-02 Why fears about Muslim integration into Western society—propagated opportunistically by some on the right—misread history and misunderstand multiculturalism. In the United States and in Europe, politicians, activists, and even some scholars argue that Islam is incompatible with Western values and that we put ourselves at risk if we believe that Muslim immigrants can integrate into our society. Norway's Anders Behring Breivik took this argument to its extreme and murderous conclusion in July 2011. Meanwhile in the United States, state legislatures' efforts to ban the practice of Islamic law, or sharia, are gathering steam—despite a notable lack of evidence that sharia poses any real threat. In Blaming Islam, John Bowen uncovers the myths about Islam and Muslim integration into Western society, with a focus on the histories, policy, and rhetoric associated with Muslim immigration in Europe, the British experiment with sharia law for Muslim domestic disputes, and the claims of European and American writers that Islam

threatens the West. Most important, he shows how exaggerated fears about Muslims misread history, misunderstand multiculturalism's aims, and reveal the opportunism of right wing parties who draw populist support by blaming Islam.

Islam and Asia Chiara Formichi,2020-05-07 An accessible, transregional exploration of how Islam and Asia have shaped each other's histories, societies and cultures from the seventh century to today.

An Insider's Guide To Islam Yushau Sodiq,2010-12-30 Islam, the religion of total submission to God, is the belief of more than one fifth of all human beings and is the second largest religion in the world. Despite its large number of followers, little was known about it in America until after the tragic event of September 11, 2001. Unfortunately, the media portrayed Islam negatively after September 11th and distorted its true nature. Hence, some people do not want to hear anything about Islam while many others began to ask many questions about it. An Insider's Guide to Islam is a practical guide that explains Islam as understood and practiced by Muslims of diverse background. To Muslims, Islam is a way of life and a religion of peace which brings tranquility and harmony to their lives. Islam is a rich culture and a unique tradition which must be understood on its own merits. The author brings insight into what Islam means, how it is practiced and its relationship with other religions. He also analyzes the concept of Jihad, the role of women in Islam and the values that Islam cherishes. The development of Islam in America and the roles that Muslims play in the United States are also elaborated upon in this volume.

The Facts on Islam John Ankerberg, John Weldon,1991 The Facts on Islam spotlights Islam's explosive growth and increasing influence in the world. Probing Muslim tradition, it answers the questions people have today: Why do Islamic nations hate Israel? Who was Muhammad? What do Muslims believe?

Hashtag Islam Gary R. Bunt,2018-09-25 Gary R. Bunt is a twenty-year pioneer in the study of cyber-Islamic environments (CIEs). In his new book, Bunt explores the diverse and surprising ways digital technology is shaping how Muslims across vast territories relate to religious authorities in fulfilling spiritual, mystical, and legalistic agendas. From social networks to websites, essential elements of religious practices and authority now have representation online. Muslims, embracing the immediacy and general accessibility of the internet, are increasingly turning to cyberspace for advice and answers to important religious questions. Online environments often challenge traditional models of authority, however. One result is the rise of digitally literate religious scholars and authorities whose influence and impact go beyond traditional boundaries of imams, mullahs, and shaihs. Bunt shows how online rhetoric and social media are being used to articulate religious faith by many different kinds of Muslim organizations and individuals, from Muslim comedians and women's rights advocates to jihad-oriented groups, such as the Islamic State and al-Qaeda, which now clearly rely on strategic digital media policies to augment and justify their authority and draw recruits. This book makes clear that understanding CIEs is crucial for the holistic interpretation of authority in contemporary Islam.

Islam and Democracy John L. Esposito, John O. Voll,1996-05-09 Are Islam and democracy on a collision course? Do Islamic movements seek to hijack democracy? How have governments in the Muslim world responded to the many challenges of Islam and democracy today? A global religious resurgence and calls for greater political participation have been major forces in the post-Cold War period. Across the Muslim world, governments and Islamic movements grapple with issues of democratization and civil society. Islam and Democracy explores the Islamic sources (beliefs and institutions) relevant to the current debate over greater political participation and democratization. Esposito and Voll use six case studies--Algeria, Egypt, Iran, Malaysia, Pakistan, and Sudan--to look at the diversity of Muslim experiences and experiments. At one end of the spectrum, Iran and Sudan represent two cases of militant, revolutionary Islam establishing political systems. In Pakistan and Malaysia, however, the new movements have been recognized and made part of the political process. Egypt and Algeria reveal the coexistence of both extremist and moderate Islamic activism and demonstrate the complex challenges confronting ruling elites. These case studies prove that despite commonalities, differing national contexts and identities give rise to a multiplicity of agendas and strategies. This broad spectrum of case studies, reflecting the multifaceted relationship of Islam and Democracy, provides important insight into the powerful forces of religious resurgence and democratization which will inevitably impact global politics in the twenty first century.

What the Qur'an Meant Garry Wills,2018-12-04 America's leading religious scholar and public intellectual introduces lay readers to the Qur'an with a measured, powerful reading of the ancient text Garry Wills has spent a lifetime thinking and writing about Christianity. In What the Qur'an Meant, Wills invites readers to join him as he embarks on a timely and necessary reconsideration of the Qur'an, leading us through perplexing passages with insight and erudition. What does the Qur'an actually say about veiling women? Does it justify religious war? There was a time when ordinary Americans did not have to know much about Islam. That is no longer the case. We blundered into the longest war in our history without knowing basic facts about the Islamic civilization with which we were dealing. We are constantly fed false information about Islam—claims that it is essentially a religion of violence, that its sacred book is a handbook for terrorists. There is no way to assess these claims unless we have at least some knowledge of the Qur'an. In this book Wills, as a non-Muslim with an open mind, reads the Qur'an with sympathy but with rigor, trying to discover why other non-Muslims—such as Pope Francis—find it an inspiring book, worthy to guide people down through the centuries. There are many traditions that add to and distort and blunt the actual words of the text. What Wills does resembles the work of art restorers who clean away accumulated layers of dust to find the original meaning. He compares the Qur'an with other sacred books, the Old Testament and the New Testament, to show many parallels between them. There are also parallel difficulties of interpretation, which call for patient exploration—and which offer some thrills of discovery. What the Qur'an Meant is the opening of a conversation on one of the world's most practiced religions.

This title is especially useful for those seeking to enhance their understanding of Islam through personal and group study.

Islam in Modern Turkey Sukran Vahide,2012-02-16 Islam in Modern Turkey presents one of the most comprehensive studies in English of the seminal Turkish thinker and theologian, Bediuzzaman Said Nursi (1876–1960). A devout Muslim who strongly believed in peacefully coexisting with the West, Nursi inspired a faith movement that has played a vital role in the revival of Islam in Turkey and now numbers several million followers worldwide. While Nursi's ideas have been afforded considerable analysis, this book is the first to situate these ideas and his related activities in their historical contexts. Based on the available sources and

Nursi's own works, here is a complete and balanced view of this important theologian's life and thought.

Understanding the Hadith Ram Swarup,2011-04-29 Noted Indian writer and polymath Ram Swarup explores the meaning of Islam through the words of the Sahih Muslim, considered by Muslims to be one of the most authoritative of the collections of traditions (Arabic Hadith) about the life of the Prophet Muhammad. Like the Koran, these traditions are believed to be divinely revealed by Allah and they complement the verses of the Koran, in many cases expanding upon them and explaining the context of their revelation. As Swarup notes in his introduction, to Muslims the Hadith literature represents the Koran in action, stories of revelation made concrete in the life of the Prophet. Among the orthodox they are considered as sacred as the Koran itself.Swarup is plainly skeptical of the claim that the Hadith literature is divinely inspired. In the introduction he says, The Prophet is caught as it were in the ordinary acts of his life - sleeping, eating, mating, praying, hating, dispensing justice, planning expeditions and revenge against his enemies. The picture that emerges is hardly flattering. . . . One is . . . left to wonder how the believers, generation after generation, could have found this story so inspiring. The answer is that the believers are conditioned to look at the whole thing through the eyes of faith. To them morality derives from the Prophet's actions. . . .his actions determine and define morality.The Sahih Muslim, a massive work consisting of 7,190 traditions divided into 1,243 chapters, is hardly accessible to the average reader; so Swarup quotes representative selections that touch upon the main tenets of Islam: faith, purification, prayer, fasting, pilgrimage, marriage and divorce, crime and punishment, religious wars (jihad), paradise, hell, repentance, and many other features of the religion.To non-Muslims this work provides many insights into the mindset of the average Muslim who is raised on these traditions about Muhammad. It also underscores the gulf that exists between the sanctum of orthodox Islam and an increasingly secularized Westernized world.
