The Great Book of Jewels Jean Heiniger, 1974

Jewels by JAR Adrian Sassoon, Joel Arthur Rosenthal, 2013 Called the Fabergé of our time by Diane von Furstenberg, Joel A. Rosenthal, who works in Paris under the name JAR, is one of the most acclaimed jewellery designers of the past thirty years. JAR is known for his use of precious and semi-precious stones resplendent with myriad shades of vibrant colour and set in organic shapes: one brooch, for instance, features lifelike petals in subtly differentiated hues, made from a thousand pavé sapphires and amethysts. The New York Times has described his jewellery as belligerent, stubborn, audacious, funny, contradictory, while JAR himself has characterised his work as somewhere between geometry and a bouquet of flowers. This book, featuring nearly 70 pieces from throughout JAR's career, provides a concise, accessible, elegantly designed retrospective of the best of his jewellery creations, and is the only book of its kind on his work available in English.

The Magic of Jewels and Charms George Frederick Kunz, 1915

Queens' Jewels Vincent Meylan, 2002 The history of royal jewels told through the destiny of the queens who wore them. Serving as a resplendent symbol of regal power and grandeur, royal jewels have been treasured assets of monarchies for centuries. Whether hidden or flaunted, sold or stolen, the stories behind crown jewels mirror the history of the rise and fall of the world's most legendary families. In this stunning, lavishly illustrated volume, royalty expert Vincent Meylan draws readers into the fascinating tales of passion, mystery, adventure and intrigue that surround royal jewel caches, and shows what these dazzling treasures have meant to both the royals who wear them and the public that admires them. Beginning with the state of royal jewels today, *Queens' Jewels* looks back in time to chronicle the history--sometimes glamorous, sometimes gruesome--of the glittering regalia of monarchs in Russia, Iran and all across Western Europe. From the Bonapartes to the Romanovs to the Windsors, *Queens' Jewels* recreates a mythical universe of which these jewels are the most powerful symbol, the silent witness of times of glory and times of tragedy.

The Smithsonian National Gem Collection—Unearthed Jeffrey Edward Post, 2021-03-23 The scandals, mysteries, and human stories behind the world's greatest gems are brought to life by the curator of the Smithsonian's National Gem Collection Dr. Jeffrey E. Post, curator of the National Gem Collection for more than 25 years, separates fact from fiction in an all-new and original book, revealing fresh information and regaling the reader with anecdotes and tales of some of the world's greatest and most famous gemstones. Dr. Post is the author of the now out-of-print book *The National Gem Collection* (Abrams, 1997), which has sold more than 50,000 copies. In this brand-new book, he tells the stories of the Smithsonian's most famous gems, including the Hope Diamond, Star of Asia Sapphire, Carmen Lucia Ruby, Hooker Emerald, and Blue Heart Diamond—and also presents the tales, details, and fascinating facts surrounding rarely displayed gems from the Smithsonian vault and additions made to the collection since 1997. Not only a resource for learning about rare and beautiful gems, the book also presents the stories of the people who once owned or were associated with these jewels—from ordinary people to kings, emperors, maharajas, celebrities, and captains of industry.

The Magic and Science of Jewels and Stones Isidore Kozminsky, 1922

Diamonds Penny Proddow, Marion Fasel, 1996 Bernard Williams is one of the most influential figures in recent ethical theory, where he has set a considerable part of the current agenda. In this collection, a distinguished international team of philosophers who have been stimulated by Williams' work give new responses to it. The topics covered include equality, consistency, comparisons between science and ethics, integrity, moral reasons, the moral system, and moral knowledge. Williams himself then provides a substantial reply, which in turn shows both the current directions of his own thought and also his present view of his earlier work (such as that on utilitarianism).

Stoned Aja Raden, 2015-12-01 As entertaining as it is incisive, *Stoned* is a raucous journey through the history of human desire for what is rare, and therefore precious. What makes a stone a jewel? What makes a jewel priceless? And why do we covet beautiful things? In this brilliant account of how eight jewels shaped the course of history, jeweler and scientist Aja Raden tells an original

and often startling story about our unshakeable addiction to beauty and the darker side of human desire. What moves the world is what moves each of us: desire. Jewelry—which has long served as a stand-in for wealth and power, glamor and success—has birthed cultural movements, launched political dynasties, and started wars. Masterfully weaving together pop science and history, *Stoned* breaks history into three categories—Want, Take, and Have—and explains what the diamond on your finger has to do with the GI Bill, why green-tinted jewelry has been exalted by so many cultures, why the glass beads that bought Manhattan for the Dutch were initially considered a fair trade, and how the French Revolution started over a coveted necklace. Studded with lively personalities and fascinating details, *Stoned* tells the remarkable story of our abiding desire for the rare and extraordinary.

Jewels That Made History Stellene Volandes, 2020-10-13 The history of the world—triumphs and tragedies, breakthroughs and breakups—through the iconic jewels that have inspired and influenced since the dawn of time. From ancient treasures to royal weddings, great heists to the red carpet, this book is a stunning, surprising, and glittering tour of historic turning points and gem-driven drama, delving into the passions and predilections of some of the world's most interesting and extraordinary people. Starting in the era of Cleopatra and continuing through to contemporary jewelry statements by Jennifer Lopez, Lady Gaga, and Meghan Markle, Stellene Volandes tells the stories of how shiny stones and precious metals have determined empires, inspired expeditions and

great crime, and been the communicator of status and ruin since ancient times. Each moment is placed in historic and relevant context, with Volandes drawing engaging parallels between Napoleon's gift to Marie Louise at the birth of their son and the modern push present or the insouciant story behind the brooch Jackie Kennedy famously wore to a 1962 State Dinner with the Shah of Iran. Illustrated with a mix of archival images and gorgeous photography of the jewels, this book is a beautiful, informative, and essential read for history lovers, fashion, celebrity, and pop-culture followers, as well as passionate jewel hounds.

If These Jewels Could Talk Beth Bernstein, 2015-10 Throughout the 20th century, jewellery revealed the behind-the-scenes stories and the plot twists and turns in the real lives of celebrities that will always be larger than life. Some of the world's most fabulous jewels not only illustrated power and status in society but these magical gems held tremendous sentimental value as they were linked to the most significant moments and memories of Hollywood royalty, international aristocracy and international icons of style. If These Jewels Could Talk offers a glimpse into the jewellery boxes of these celebrities - the personal tastes, heartfelt anecdotes and the true tales of the women who wore and collected the pieces. During the early- to mid-20th century, a majority of screen actresses requested to wear their own favourite pieces in films. This offered a peek into some of the great jewellers of the time who were designing for women who could choose anything. Actresses such as Merle Oberon, Paulette Goddard, Joan Crawford, Grace Kelly and Elizabeth Taylor as well as icons such as Jackie Kennedy and The Duchess of Windsor created signature styles for which they became known and which influenced generations of women, becoming part of our collective consciousness. The 20s through the 50s were a time when the renowned jewellery houses were also celebrities in their own right. They mixed with the socialites and royalty they bejewelled. In films, jewellery clearly developed and defined a character's personality - as it did in real life - whether it be a rags-to-riches story or those that figured into the plot: for example, a Cartier bracelet in Alfred Hitchcock's *Lifeboat*, or a Harry Winston necklace in *Notorious*. Whether on or off screen, worn by the famed and the legendary, and designed by the most revered houses of the day, all of these jewels take us on a narrative journey that provide fascinating insight into the intriguing worlds of early Hollywood and nobility from the 1920s through today.
