Jump Larry Miller, Laila Lacy, 2022-01-18 One of the most successful Black businessmen in the country, who has led Nike's Jordan Brand from a \$200M sneaker company to a \$4B global apparel juggernaut, tells the remarkable story of his rise from gangland violence to the pinnacles of international business. *Jump* tells Larry Miller's journey from the violent streets of West Philly in the 1960s to the highest echelons of American sports and industry. Miller wound up in jail more than once, especially as a teenager. But he immersed himself in the educational opportunities, eventually took advantage of a Pennsylvania state education-release program offered to incarcerated people, and was able to graduate with honors from Temple University. When revealing his gangland past caused him to lose his first major job opportunity, Miller vowed to keep it a secret. He climbed the corporate ladder with a number of companies such as Kraft Foods, Campbell's Soup, and Jantzen, until Nike hired him to run its domestic apparel operations. Around the time of Michael Jordan's basketball retirement, Nike Chairman Phil Knight made Larry Miller president of the newly formed Jordan Brand. In 2007 Paul Allen convinced Miller to jump to the NBA to become president of the Portland Trail Blazers, one of the first African-Americans to lead a professional sports team, before returning to Jordan Brand in 2012. All along, Miller lived two lives: the secret of his violent past haunted him, invading his days with migraines and his sleep with nightmares of getting hauled back to jail. More than a rags-to-riches story, *Jump* is also a passionate appeal for criminal justice reform and expanded educational opportunities for incarcerated and formerly incarcerated people across the United States. Drawing on his powerful personal story, as well as his vast and well-connected network, Miller plans to use *Jump* as a launching point to help expand such opportunities and to provide an aspirational journey for those who need hope.

The Reason I Jump Naoki Higashida, 2013-08-27 “One of the most remarkable books I've ever read. It's truly moving, eye-opening, incredibly vivid.”—Jon Stewart, The Daily Show NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR • The Wall Street Journal • Bloomberg Business • Bookish FINALIST FOR THE BOOKS FOR A BETTER LIFE FIRST BOOK AWARD • NEW YORK TIMES BESTSELLER You've never read a book like

The Reason I Jump. Written by Naoki Higashida, a very smart, very self-aware, and very charming thirteen-year-old boy with autism, it is a one-of-a-kind memoir that demonstrates how an autistic mind thinks, feels, perceives, and responds in ways few of us can imagine. Parents and family members who never thought they could get inside the head of their autistic loved one at last have a way to break through to the curious, subtle, and complex life within. Using an alphabet grid to painstakingly construct words, sentences, and thoughts that he is unable to speak out loud, Naoki answers even the most delicate questions that people want to know. Questions such as: “Why do people with autism talk so loudly and weirdly?” “Why do you line up your toy cars and blocks?” “Why don’t you make eye contact when you’re talking?” and “What’s the reason you jump?” (Naoki’s answer: “When I’m jumping, it’s as if my feelings are going upward to the sky.”) With disarming honesty and a generous heart, Naoki shares his unique point of view on not only autism but life itself. His insights—into the mystery of words, the wonders of laughter, and the elusiveness of memory—are so startling, so strange, and so powerful that you will never look at the world the same way again. In his introduction, bestselling novelist David Mitchell writes that Naoki’s words allowed him to feel, for the first time, as if his own autistic child was explaining what was happening in his mind. “It is no exaggeration to say that The Reason I Jump allowed me to round a corner in our relationship.” This translation was a labor of love by David and his wife, KA Yoshida, so they’d be able to share that feeling with friends, the wider autism community, and beyond. Naoki’s book, in its beauty, truthfulness, and simplicity, is a gift to be shared. Praise for The Reason I Jump “This is an intimate book, one that brings readers right into an autistic mind.”—Chicago Tribune (Editor’s Choice) “Amazing times a million.”—Whoopi Goldberg, People “The Reason I Jump is a Rosetta stone. . . . This book takes about ninety minutes to read, and it will stretch your vision of what it is to be human.”—Andrew Solomon, The Times (U.K.) “Extraordinary, moving, and jeweled with epiphanies.”—The Boston Globe “Small but profound . . . [Higashida’s] startling, moving insights offer a rare look inside the autistic mind.”—Parade

Jump Shot Tiki Barber, Ronde Barber, 2013-11-05 The Barber brothers know their way around a football field—but can they succeed on the basketball court? Find out in this slam dunk with “lively basketball action and life lessons aplenty (Kirkus Reviews)” from NFL superstars and bestselling authors Tiki and Ronde Barber. As Tiki and Ronde count the days until the start of football season, the basketball coach approaches them looking for new recruits, and Tiki and Ronde sign on. While Hidden Valley Junior High has always been a powerhouse in football, the school has never done as well in basketball. Ronde is a good passer, but he needs Tiki to get free to sink his shots. Tiki doesn’t feel the inner confidence he felt on the football field: it’s one thing to play in the driveway, but it’s another to sink one on the court, when so much is on the line. The brothers need a winning attitude—and they need to bring everyone together to win. That is their only way to victory. Can they do it?

Jabari Jumps Gaia Cornwall, 2020-10-06 Working up the courage to take a big, important leap is hard, but Jabari is almost absolutely ready to make a giant splash. Jabari is definitely ready to jump off the diving board. He’s finished his swimming lessons and passed his swim test, and he’s a great jumper, so he’s not scared at all. “Looks easy,” says Jabari, watching the other kids take their turns. But when his dad squeezes his hand, Jabari

squeezes back. He needs to figure out what kind of special jump to do anyway, and he should probably do some stretches before climbing up onto the diving board. In a sweetly appealing tale of overcoming your fears, newcomer Gaia Cornwall captures a moment between a patient and encouraging father and a determined little boy you can't help but root for.

Jump Mike Lupica, 2013-04-17 When a high-profile basketball star is accused of rape, ex-lawyer and pro sports investigator DiMaggio is called into the case and must sift through a media circus of innuendo and lies in order to discern the truth.

A totally wild, crazy jump from a restrictive life with her family into a life of total adventure—rock-climbing out west with a guy she barely knows. At first, everything's amazing. Not only are they climbing in awesomely beautiful national parks like Yosemite but they seem awesomely made for one another. P.K. is in heaven. And then the cops show up . . . with an arrest warrant. And P.K. has to decide who to believe: this amazing guy whom she trusts with her life—or the cops, who want her to believe that he may take her life.

Jump at the Sun Alicia D. Williams, 2021-01-12 From the Newbery Honor-winning author of *Genesis Begins Again* comes a shimmering picture book that shines the light on Zora Neale Hurston, the extraordinary writer and storycatcher extraordinaire who changed the face of American literature. Zora was a girl who hankered for tales like bees for honey. Now, her mama always told her that if she wanted something, “to jump at de sun”, because even though you might not land quite that high, at least you'd get off the ground. So Zora jumped from place to place, from the porch of the general store where she listened to folktales, to Howard University, to Harlem. And everywhere she jumped, she shined sunlight on the tales most people hadn't been bothered to listen to until Zora. The tales no one had written down until Zora. Tales on a whole culture of literature overlooked...until Zora. Until Zora jumped.

Delving into the serpent's nest of vicious lies and violence, a tough sports investigator soon confronts some shocking truths.

Bungee Jump Pam Withers, 2016-08-30 Thirteen-year-old Chris and his family are setting up a bungee jump in his backyard. It's a real large-scale bungee jump off a bridge that connects his backyard to a small island owned by his family. Not only is it going to be the coolest attraction around, but it also provides Chris with an opportunity to watch a real engineer in action. Chris would be excited about it if things didn't keep going wrong. The rumors of hauntings on the island, once the site of a hospital for children with leprosy, are getting out of control. And there are mysterious mishaps on the bridge. Chris worries that all of these problems will keep customers away. And if the bungee jump isn't a success, his family will lose everything.

When to Jump Mike Lewis, 2018-01-09 “A lively and inspiring guidebook for anyone who wants to make the jump from normal to extraordinary.”

—Tony Robbins, #1 New York Times bestselling author of *Unshakeable* and *MONEY: Master the Game* An inspirational book that lays out the “Jump Curve”—four steps to wholeheartedly pursuing the career of your dreams—through experiences from a variety of people who have jumped and never looked back When Mike Lewis was twenty-four and working in a prestigious corporate job, he eagerly wanted to leave and pursue his dream of becoming a professional squash player. But he had questions: When is the right time to move from work that is comfortable to a career you have only dared to dream of? How have other people made such a jump? What did they feel when making that jump—and afterward? Mike sought guidance from others who had “jumped,” and the responses he got—from a banker who started a brewery, a publicist who became a Bishop, a garbage collector who became a furniture designer, and on and on—were so clear-eyed and inspiring that Mike wanted to share what he had learned with others who might be helped by those stories. First, though, he started playing squash professionally. The right book at the right time, *When to Jump* offers more than forty heartening stories (from the founder of Bonobos, the author of *The Big Short*, the designer of the Lyft logo, the Humans of New York creator, and many more) and takeaways that will inspire, instruct, and reassure, including the ingenious four-phase Jump Curve.

Jump David McPhail, 2018-07-17 For the very newest readers, a funny story with charming illustrations--about friendship, animals, and jumping!--by a beloved author-illustrator. I can jump. She can jump. A bug, a cow (over the moon, of course) . . . even a hippo can jump. Delightful illustrations by David McPhail and simple text will have new readers jumping for joy!

SLAY Brittney Morris, 2019-09-24 “Gripping and timely.” —People “The YA debut we’re most excited for this year.” —Entertainment Weekly “A book that knocks you off your feet while dropping the kind of knowledge that’ll keep you down for the count. Prepare to BE slain.” —Nic Stone, New York Times bestselling author of *Dear Martin* and *Odd One Out* Ready Player One meets *The Hate U Give* in this dynamite debut novel that follows a fierce teen game developer as she battles a real-life troll intent on ruining the Black Panther-inspired video game she created and the safe community it represents for Black gamers. By day, seventeen-year-old Kiera Johnson is an honors student, a math tutor, and one of the only Black kids at Jefferson Academy. But at home, she joins hundreds of thousands of Black gamers who duel worldwide as Nubian personas in the secret multiplayer online role-playing card game, *SLAY*. No one knows Kiera is the game developer, not her friends, her family, not even her boyfriend, Malcolm, who believes video games are partially responsible for the “downfall of the Black man.” But when a teen in Kansas City is murdered over a dispute in the *SLAY* world, news of the game reaches mainstream media, and *SLAY* is labeled a racist, exclusionist, violent hub for thugs and criminals. Even worse, an anonymous troll infiltrates the game, threatening to sue Kiera for “anti-white discrimination.” Driven to save the only world in which she can be herself, Kiera must preserve her secret identity and harness what it means to be unapologetically Black in a world intimidated by Blackness. But can she protect her game without losing herself in the process?

Jump Introduction

In today's digital age, the availability of Jump books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Jump books and

manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Jump books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Jump versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Jump books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Jump books and manuals, several platforms offer an extensive collection of

resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Jump books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Jump books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of

acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Jump books and manuals for download and embark on your journey of knowledge?
