Hyundai and Kia Motors: the Early Years and Product Development Donald G. Southerton, 2012-06-20 Hyundai and Kia Motors: The Early Years and Product Development by Donald G Southerton provides deep insights into the rise of the Korean car industry. From the 1960s to early 2000s, political and economic forces impacted the growth and development of the South Korean carmakers, including Hyundai and Kia Motors. In addition, the brands at times partnered for technology with Ford, Mazda, and Mitsubishi, along with world class designers like Giorgetto Giugiaro. Expanding rapidly the Korean brands soon looked to new international markets, including the U.S. Despite the failure of Kia Motors to survive the IMF Crisis, the merger with Hyundai led to integrated technology research, development, and manufacturing-- not to mention the economies of scale needed for the Korean automaker to compete globally with industry heavyweights such as Toyota, Ford, GM, and VW. Car models discussed including the Kia's Brisa, Pride, Sephia, Sportage, and Rio along with Hyundai's Pony, Excel and Santa Fe.

Persianate Selves Mana Kia,2020-05-19 For centuries, Persian was the language of power and learning across Central, South, and West Asia, and Persians received a particular basic education through which they understood and engaged with the world. Not everyone who lived in the land of Iran was Persian, and Persians lived in many other lands as well. Thus to be Persian was to be embedded in a set of connections with people we today consider members of different groups. Persianate selfhood encompassed a broader range of possibilities than contemporary nationalist claims to place and origin allow. We cannot grasp these older connections without historicizing our conceptions of difference and affiliation. Mana Kia sketches the contours of a larger Persianate world, historicizing place, origin, and selfhood through its tradition of proper form: adab. In this shared culture, proximities and similarities constituted a logic that distinguished between people while simultaneously accommodating plurality. Adab was the basis of cohesion for self and community over the turbulent eighteenth century, as populations dispersed and centers of power shifted, disrupting the circulations that linked Persianate regions. Challenging the bases of protonationalist community, Persianate Selves seeks to make sense of an earlier transregional Persianate culture outside the anachronistic shadow of nationalisms.

KIA Thomas Holland, 2008-01-01 The Pentagon brass make the designations: AWOL. MIA. KIA. Every soldier with a designation, and no man left behind. And Dr. Kel McKelvey is the man to bring those soldiers home -- from battlefields around the world. When a soldier's remains are found in the Catholic cemetery of Thanh Lay Hamlet outside of the rechristened Ho Chi Minh City, a reluctant Vietnamese government agrees to the repatriation of the body believed to be Master Sergeant Jimmy Lee Tenkiller. Tenkiller was a Native American soldier who went missing in the chaos of Saigon during the summer of 1970. For fourteen years, his designation was AWOL, until the Status Review Board voted 2-1 to change it to KIA. Before the case can be closed, Dr. Kel McKelvey and his team at the Central Identification Lab must positively identify the body believed to be Jimmy Tenkiller. The skull's noble features suggest the sergeant's proud Choctaw-Cherokee heritage, but Kel's instincts give him pause. Using a combination of cutting-edge forensic technique and old fashioned anthropology, he sets out to unravel the chilling mystery of the body's identity. What he finds leads him deep into the Vietnamese wartime black market and into the haunted mind of Jimmy Tenkiller. Assisting Kel on the case is his colleague and friend, Chief Warrant Officer Thomas Edward Lafayette Shuck Deveroux of the Army's Criminal Investigative Division. Shuck has been assigned to solve a series of brutal murders on military bases in Kentucky and Tennessee, and he reluctantly adds Kel's identification to his caseload. But when the two investigators team up, they soon realize that all of their dead men may be telling the same tale. Dr. Kel McKelvey has devoted his life to bringing closure to the families of brave men and women who died fighting for their country. In KIA, he faces his greatest challenge yet -- to solve a chain of crimes committed by desperate men in times of war and peace. The result is a mesmerizing thriller -- an intricate forensics case involving a fallen United

States serviceman, from an author who is an expert in the field.

Take It Back Kia Abdullah, 2020-12-08 From author Kia Abdullah, *Take It Back* is a harrowing and twisting courtroom thriller that keeps you guessing until the last page is turned. One victim. Four accused. Who is telling the truth? Zara Kaleel, one of London's brightest legal minds, shattered the expectations placed on her by her family and forged a brilliant legal career. But her decisions came at a high cost, and now, battling her own demons, she has exchanged her high profile career for a job at a sexual assault center, helping victims who need her the most. Victims like Jodie Wolfe. When Jodie, a sixteen-year-old girl with facial deformities, accuses four boys in her class of an unthinkable crime, the community is torn apart. After all, these four teenage defendants are from hard-working immigrant families and they all have proven alibis. Even Jodie's best friend doesn't believe her. But Zara does—and she is determined to fight for Jodie—to find the truth in the face of public outcry. And as issues of sex, race and social justice collide, the most explosive criminal trial of the year builds to a shocking conclusion.

Autobiography of Ma-ka-tai-me-she-kia-kiak, or Black Hawk. Illustrated Ma-ka-tai-me-she-kia-kiak, 2023-01-04 Dictated to government interpreter Antoine LeClair following nearly a year in captivity, *Black Hawk's Autobiography* captures his youth among the Sauk in the American Midwest, his union with British forces during the War of 1812, and his eventual rebellion against white settlers during the 1832 Black Hawk War. Revered by generations for his bravery and leadership, Black Hawk was also the first Native American to publish an autobiography. "My reason teaches me that land cannot be sold. The Great Spirit gave it to his children to live upon and cultivate as far as necessary for their subsistence, and so long as they occupy and cultivate it they have the right to the soil, but if they voluntarily leave it, then any other people have a right to settle on it. Nothing can be sold but such things as can be carried away."

In his own words, Black Hawk tells the story of his life and of his people. Long mistreated and betrayed by American settlers and government forces alike.

A Hundred Other Girls Iman Hariri-Kia, 2022-07-26 The most delightful, absorbing, and hilarious book I have read in ages. —Christina Lauren, New York Times bestselling author of *The Soulmate Equation* For fans of *The Devil Wears Prada* and *The Bold Type* comes a smart, modern story about the shifting media landscape and one Middle Eastern-American writer finding her place in it. How far would you go to keep the job a hundred other girls are ready to take? Noora's life is a little off track. She's an aspiring writer and amateur blogger in New York—which is a nice way of saying that she tutors rich Upper East Side kids and is currently crashing on her sister's couch. But that's okay. Noora has Leila, who has always been her rock, and now she has another major influence to lean on: Vinyl magazine. The pages of Vinyl practically raised Noora, teaching her everything from how to properly insert a tampon to which political ideology she subscribes to. So when she lands a highly coveted job as assistant to Loretta James, Vinyl's iconic editor-in-chief, Noora can't believe her luck. Her only dream is to write for Vinyl, and now with her foot firmly in the door and the Loretta James as her mentor, Noora is finally on the right path... or so she thinks. Loretta is an unhinged nightmare, insecure and desperate to remain relevant in an evolving media landscape she doesn't understand. Noora's phone buzzes constantly with Loretta's bizarre demands, particularly with tasks Loretta hopes will undermine the success of Vinyl's wunderkind digital director Jade Aki. The reality of Noora's job is nothing like she expected, and a misguided crush on the hot IT guy only threatens to complicate things even more. But as Loretta and the old-school print team enter into a turf war with Jade and the woke-for-the-wrong-reasons digital team, Noora soon finds herself caught in the middle. And with her dream job on the line, she'll need to either choose a side or form her own.

Clever, incisive, and thoroughly fun, *A Hundred Other Girls* is an insider's take on the changing media industry, an ode to sisterhood, and a profound exploration of what it means to chase your dreams.

Moon and the Mars Kia Corthron, 2021-09-07 An exploration of NYC and America in the burgeoning moments before the start of the Civil War through the eyes of a young, biracial girl—the highly anticipated new novel from the winner of the Center for Fiction's First Novel Prize. Corthron, a true heir to James Baldwin, presents a startlingly original exposure of the complex roots of American racism. —Naomi Wallace, MacArthur Genius Playwriting Fellow and author of *One Flea Spare* In *Moon and the Mars*, set in the impoverished Five Points district of New York City in the years 1857-1863, we experience neighborhood life through the eyes of Theo from childhood to adolescence, an orphan living between the homes of her Black and Irish grandmothers. Throughout her formative years, Theo witnesses everything from the creation of tap dance to P.T. Barnum's sensationalist museum to the draft riots that tear NYC asunder, amidst the daily maelstrom of Five Points work, hardship, and camaraderie. Meanwhile, white America's attitudes towards people of color and slavery are shifting—painfully, transformationally—as the nation divides and marches to war. As with her first novel, *The Castle Cross the Magnet Carter*, which was praised by Viet Thanh Nguyen, Robin D.G. Kelley, and Angela Y. Davis, among many others, Corthron's use of dialogue brings her characters to life in a way that only an award-winning playwright and scriptwriter can do. As Theo grows and attends school, her language and grammar change, as does her own vocabulary when she's with her Black or Irish families. It's an extraordinary feat and a revelation for the reader. *Moon and the Mars*, [Corthron's] latest masterpiece, is an absorbing story of family and community, of Africans and Irish, of settler and native, of slavery and abolition, of a city and a nation wracked by Civil

War and racist violence, of love won and lost. —Robin D. G. Kelley, author of *Thelonious Monk: The Life and Times of an American Original*
