The Kingdom Emmanuel Carrère, 2017-03-07 A ... fictional account of the early Christians, whose unlikely beliefs conquered the world ... With an idiosyncratic and at times iconoclastic take on the charms and foibles of the Church fathers, Carraere ferries readers through his 'doors' into the biblical narrative. Once inside, he follows the ragtag group of early Christians through the tumultuous days of the faith's founding. Shouldering biblical scholarship like a camcorder, Carraere re-creates the climate of the New Testament with the acumen of a ... storyteller, intertwining his own account of reckoning with the central tenets of the faith with the lives of the first Christians--

DISCUSSION QUESTIONS INCLUDED Story Behind the Book "When my six kids' eyes glossed over during a reading from the Bible, I paused to explain the significance of redemption to a sin-sick soul. I was rewarded with patronizing elephant nods and more blank stares. Shortly thereafter, I awoke in the middle of the night with a medieval story enveloping my mind. I wrote it down and later read it to my children. Their waning attention transformed into complete anticipation. I was amazed and disappointed. Why did it take a fictional story, not a Bible passage, to get that response? Then I realized--that is how Jesus taught! Parables are powerful! I penned the *Kingdom* series to help young people get excited about the supremely significant story of Jesus Christ and His mission to save mankind." -- Chuck Black

Jah Kingdom Monique A. Bedasse, 2017-08-11 From its beginnings in 1930s Jamaica, the Rastafarian movement has become a global presence. While the existing studies of the Rastafarian movement have primarily focused on its cultural expression through reggae music, art, and iconography, Monique A. Bedasse argues that repatriation to Africa represents the most important vehicle of Rastafari's international growth. Shifting the scholarship on repatriation from Ethiopia to Tanzania, Bedasse foregrounds Rastafari's enduring connection to black radical politics and establishes Tanzania as a critical site to explore gender, religion, race, citizenship, socialism, and nation. Beyond her engagement with how the Rastafarian idea of Africa translated into a lived reality, she demonstrates how Tanzanian state and nonstate actors not only validated the Rastafarian idea of diaspora but were also crucial to defining the parameters of Pan-Africanism. Based on previously undiscovered oral and written sources from Tanzania, Jamaica, England, the United States, and Trinidad, Bedasse uncovers a vast and varied transnational network--including Julius Nyerere, Michael Manley, and C. L. R James--revealing Rastafari's entrenchment in the making of Pan-Africanism in the postindependence period.

The Green Kingdom Rachel Maddux, Nancy A. Walker, 1993 The dream of a green kingdom, a new world, a place to start over - this is the vision that compels the five central characters in this novel to seek a hidden land. The story is at once the age-old tale of utopia and dystopia and the saga of Americans at mid-century, with a history of economic depression, the midwestern dust bowl, and two world wars. First published in 1957, The Green Kingdom was Rachel Maddux's first novel, an ambitious undertaking that had occupied nearly twenty years of her life. Central to the novel is the act of creation - from naming the plants and animals of the kingdom to bearing children. Both Justin Magnus and Erma Herrick discover the wellsprings of their creative energy as they discover the kingdom and, finally, each other in a story that is by turns mystical and realistic, the product of a vivid imagination and keen powers of observation. The Green Kingdom itself is a metaphor for whatever circumstances can make a person feel some control over fate. To live in the Green Kingdom is to inhabit what Maddux calls the climate of potentiality, and to read The Green Kingdom is an intense experience in which we imagine our own responses to this land that Maddux so carefully delineates.
