Lea Pascal Mercier,2017-09-12 From the author of *Night Train to Lisbon*: a father's story about his daughter unravels "[a] tale of grief, fraud, guilt and madness . . . Revelatory" (The New York Times Book Review). Pascal Mercier's international bestseller *Night Train to Lisbon* mesmerized readers around the world, and was adapted into a film starring Jeremy Irons. Now, in *Lea*, Mercier returns with a mysterious tale of a father's love and a daughter's ambition in the wake of devastating tragedy. It starts with the death of Martijn van Vliet's wife. Grief-stricken, his young daughter Lea retreats into the darkness of mourning. Then she hears the unfamiliar sound of a violin being played in the hall of a train station, and she is brought back to life—vowing to learn the instrument. Martijn, witnessing this delicate spark, promises to do everything in his power to keep her happy. But as Lea blossoms into a musical prodigy, her relationship with her father starts to disintegrate. Desperate to hold on to her, Martijn is pushed to commit an act that threatens to destroy them both. A revelatory portrait of artistic genius and madness, *Lea* delves into the damaging power of jealousy as well as the poignant ways we strive to understand our families and ourselves. Lea Dives in Lisa Yee,2016 Ten-year-old Lea Clark takes a family trip to Brazil where she learns to overcome her fear of the ocean and meets a new friend who inspires her to embrace the thrills and beauty of Brazil.

Tom Lea Tom Lea, 1995 Born in 1907 in El Paso, Texas, Lea says he can't remember when he didn't like to draw pictures. Recognizing his talent, his parents and teachers encouraged him to attend the Art Institute of Chicago. After high school graduation in 1924, he boarded a train for Chicago, where for ten years he studied and worked with his mentor, the muralist John Norton. Drawn back to the Southwest in 1934, Lea lived in Santa Fe for two years and then returned to El Paso, which has been his home ever since. During World War II, Lea was a war correspondent for Life magazine, and he witnessed action in the North Atlantic, the South Pacific, Europe and North Africa. As a portraitist, he came in personal contact with men who changed the course of history, including Jimmy Doolittle, Claire Chennault, and Chiang Kai-Shek. After the war, an assignment with Life took him to Mexico where his interest was stimulated in bullfighting. That experience led to the writing of his first novel, *The Brave Bulls*, published in 1949. It became a bestseller and a successful film. In the 1950s and 1960s Lea wrote and illustrated three more novels, an autobiography, and the notable two-volume history, *The King Ranch*.--BOOK JACKET. Free: A Child and a Country at the End of History Lea Ypi, 2022-01-18 Shortlisted for the 2021 Baillie Gifford Prize for Non-Fiction Shortlisted for the 2021 Costa Biography Award The Sunday Times Best Book of the Year in Biography and Memoir A Financial Times Best Book of 2021 (Critics' Picks) The New Yorker, Best Books We Read in 2021 Times Literary Supplement Book of the Year 2021 A Guardian Best Book of the Year A reflection on freedom in a dramatic, beautifully written memoir of the end of Communism in the Balkans. For precocious 11-year-old Lea Ypi, Albania's Soviet-style

socialism held the promise of a preordained future, a guarantee of security among enthusiastic comrades. That is, until she found herself clinging to a stone statue of Joseph Stalin, newly beheaded by student protests. Communism had failed to deliver the promised utopia. One's "biography"—class status and other associations long in the past—put strict boundaries around one's individual future. When Lea's parents spoke of relatives going to "university" or "graduating," they were speaking of grave secrets Lea struggled to unveil. And when the early '90s saw Albania and other Balkan countries exuberantly begin a transition to the "free market," Western ideals of freedom delivered chaos: a dystopia of pyramid schemes, organized crime, and sex trafficking. With her elegant, intellectual, French-speaking grandmother; her radical-chic father; and her staunchly anti-socialist, Thatcherite mother to guide her through these disorienting times, Lea had a political education of the most colorful sort—here recounted with outstanding literary talent. Now one of the world's most dynamic young political thinkers and a prominent leftist voice in the United Kingdom, Lea offers a fresh and invigorating perspective on the relation between the personal and the political, between values and identity, posing urgent questions about the cost of freedom.

Leo + Lea Monica Wesolowska, 2022-08-02 A beautiful celebration of friendship, math, and art that honors different ways of seeing and being in the world. The mathematical wonder is creatively incorporated. - Kirkus Reviews It all adds up to an inventive, affecting story. - Publishers Weekly One boy loves numbers. Everywhere he looks he sees things to count. His classmates don't understand counting as he does. A new girl loves patterns. Could she be a friend for Leo? This beautiful friendship story, inspired by the Fibonacci sequence and cleverly constructed using its mathematical

pattern, celebrates our differences, as well as how math connects us to one another. Young readers will love counting the number of words per page and discovering how they echo the Fibonacci Sequence, a mathematical series in which each number is the sum of the previous two: 0, 1, 1, 2, 3, 5, 8, 13, 21, and so on to infinity! Text and art are masterfully conceived and constructed to reflect Leo's love of numbers. Even the color scheme in the striking illustrations follows a mathematical progression, bringing an underlying order and tranquility to the story. The mesmerizing symmetry of this fascinating and compulsively playable game of addition can also be found in the natural world and is an intriguing metaphor for the interconnectedness of all things.

Children of God Revd Dr Edmund Newey, 2012-12-28 *Children of God* uncovers the significant, but largely unnoticed, place of the child as a prototype of human flourishing in the work of four authors spanning the modern period. Shedding new light on the role of the child figure in modernity, and in theological responses to it, the book makes an important contribution to the disciplines of historical theology, theology and literature and ecumenical theology. Through a careful exploration of the continuities and differences in the work of Thomas Traherne, Jean-Jacques Rousseau, Friedrich Schleiermacher and Charles Péguy, it traces the ways in which their distinctive responses to human childhood structured the broader pattern of their theology, showing how they reached beyond the confines of academic theology and exercised a lasting influence on their literary and cultural context.

Wondering Who You Are: A Memoir Sonya Lea, 2015-07-13 In exploring her husband's traumatic brain injury and loss of memory, Sonya Lea has written a memoir that is both a powerful look at perseverance in the face of trauma and a surprising exploration into what lies beyond our fragile identities. In the twenty-third year of their marriage, Sonya Lea's husband, Richard, went in for surgery to treat a rare appendix cancer. When he came out, he had no recollection of their life together: how they met, their wedding day, the births of their two children. All of it was gone, along with the rockier parts of their past—her drinking, his anger. Richard could now hardly speak, emote, or create memories from moment to moment. Who he'd been no longer was. *Wondering Who You Are* braids the story of Sonya and Richard's relationship, those memories that he could no longer conjure, together with his fateful days in the hospital—the internal bleeding, the near-death experience, and eventual traumatic brain injury. It follows the couple through his recovery as they struggle with his treatment, and through a marriage no longer grounded on decades of shared experience. As they build a fresh life together, as Richard develops a new personality, Sonya is forced to question her own assumptions, beliefs, and desires, her place in the marriage and her way of being in the world. With radical candor and honesty, Sonya Lea has written a memoir that is both a powerful look at perseverance in the face of trauma and a surprising exploration into what lies beyond our fragile identities.

Homer Lea Lawrence M. Kaplan, 2010-10-01 “The unlikely story of Lea's attempts to train a cadre of soldiers in American Chinatowns who would return to their homeland to make it a modern world power.” —Pacific Historical Review As a five-feet-three-inch

hunchback who weighed about 100 pounds, Homer Lea (1876–1912), was an unlikely candidate for life on the battlefield, yet he became a world-renowned military hero. *Homer Lea: American Soldier of Fortune* paints a revealing portrait of a diminutive yet determined man who never earned his valor on the field of battle, but left an indelible mark on his times. Lawrence M. Kaplan draws from extensive research to illuminate the life of a “man of mystery,” while also yielding a clearer understanding of the early twentieth-century Chinese underground reform and revolutionary movements. Lea’s career began in the inner circles of a powerful Chinese movement in San Francisco that led him to a generalship during the Boxer Rebellion. Fixated with commanding his own Chinese army, Lea’s inflated aspirations were almost always dashed by reality. Although he never achieved the leadership role for which he strived, he became a trusted advisor to revolutionary leader Dr. Sun Yat-sen during the 1911 revolution that overthrew the Manchu Dynasty. As an author, Lea garnered fame for two books on geopolitics: *The Valor of Ignorance*, which examined weaknesses in the American defenses and included dire warnings of an impending Japanese-American war, and *The Day of the Saxon*, which predicted the decline of the British Empire. More than a character study, this biography provides insight into the establishment and execution of underground reform and revolutionary movements within US immigrant communities and in southern China, as well as early twentieth-century geopolitical thought.

Somebody to Love Lea Coll, 2023-10-10 Don't date your best friend's brother. My best friend, Gia, has a rule for her employees and her friends: No dating her brothers. But Leo Giovanni is the guy I'd secretly crushed on since high school—who also happens to be Gia's

eldest brother. The Giovannis are the family I never had, and I refuse to do anything to mess that up. Leo has always had a special relationship with my daughter, but when he starts coming around more, taking us out on dates, building Evie a playhouse, and whispering sweet Italian words to me, I find myself lowering the walls I'd erected around my heart. He says all the right words and has made it clear he wants both Evie and me, knowing we come as a packaged deal. The only problem is, he wants to keep our relationship a secret. His parents want him to marry a nice Italian girl, and his sister—my best friend and employer—would feel betrayed if she ever found out. Not to mention, the expansion of his family's restaurant hinges on his parents' approval. We both have a lot on the line if this goes south, but I refuse to be anybody's dirty little secret. How can we make a relationship last when everything is so stacked against us?

The Valor of Ignorance Homer Lea,1909 One of the foremost strategists of the American Army in the first decade of the twentieth century warns of the great danger of militarized Japan and forecasts -- 44 years before it actually happened -- the Japanese invasion of the Philippines. Determined to find her place in the couple's social circles, Heddy nurtures a romance with the

hip surfer down the beach while wondering if the better man for her might be a quiet college boy instead. But no one she meets on the summer island--socialite, starlet, or housekeeper--is as picture perfect as they seem, and she quickly learns that the right last name and a house in a tony zip code may guarantee privilege, but that rarely equals happiness.--Page 4 of cover

The Strength Switch Lea Waters, 2017-05-29 This game-changing book reveals the extraordinary results of focusing on our children's strengths rather than always trying to correct their weaknesses. By showing us how to throw the 'strength switch', Dr Lea Waters demonstrates how we can help our children build resilience, optimism and achievement. As a strength-based scientist for more than 20 years, Waters has seen how this approach enhances self-esteem and energy in both children and teenagers - and how parents find it an exciting and rewarding way to raise them. With many suggestions for specific techniques to interact with your children, Waters demonstrates how to discover their strengths and talents, use positive emotions as a resource, build strong brains, and even how to deal with problem behaviour and talk about difficult situations and emotions. *The Strength Switch* will show parents that a small shift can yield enormous results.
