Win Me Something Kyle Lucia Wu,2021-11-02 A NPR, Electric Lit, and Entropy Best Book of the Year A Washington Post, Shondaland, NPR Books, Parade, Lit Hub, PureWow, Harper's Bazaar, PopSugar, NYLON, Alta, Ms. Magazine, Debutiful and Good Housekeeping Best Book of Fall A perceptive and powerful debut of identity and belonging—of a young woman determined to be seen. Willa Chen has never quite fit in. Growing up as a biracial Chinese American girl in New Jersey, Willa felt both hypervisible and unseen, too Asian to fit in at her mostly white school, and too white to speak to the few Asian kids around. After her parents' early divorce, they both remarried and started new families, and Willa grew up feeling outside of their new lives, too. For years, Willa does her best to stifle her feelings of loneliness, drifting through high school and then college as she tries to quiet the unease inside her. But when she begins working for the Adriens—a wealthy white family in Tribeca—as a nanny for their daughter, Bijou, Willa is confronted with all of the things she never had. As she draws closer to the family and eventually moves in with them, Willa finds herself questioning who she is, and revisiting a childhood where she never felt fully at home. Self-examining and fraught with the emotions of a family who fails and loves in equal measure, Win Me Something is a nuanced coming-of-age debut about the irreparable fissures between people, and a young woman who asks what it really means to belong, and how she might begin to define her own life.

For the Love of Letters John O'Connell,2013-01-01 Remember letters? They were good, weren't they? The thrill of receiving that battered envelope, all the better for

the wait . . . In this richly entertaining book, paper geek John O’Connell puts forward a passionate case for the value of letter-writing in a distracted, technology-obsessed world. Drawing on great examples from the past, he shows that the best letters have much to teach us – Samuel Richardson’s ‘familiar letters’; Wilfred Owen’s outpourings to his mother; the sly observational charms of Jane Austen. And in doing so he reminds us of the kind of letters we would all write if we had the time – the perfect thank-you letter, a truly empathetic condolence letter, and of course the heartfelt declaration of love. Was there a Golden Age of Letters? Why is handwriting so important? Can we ever regain the hallowed slowness of the pre-Twitter era? In answering these questions O’Connell shows how a proper letter is an object to be cherished, its crafting an act of exposure which gives shape and meaning to the chaos of life. *** ‘The nib touches the paper. And instinctively I follow the old formula: address in top right-hand corner; date just beneath it on the left-hand side. My writing looks weird. I hand-write so infrequently these days that I’ve developed a graphic stammer - my brain’s way of registering its impatience and bemusement. What are you doing? Just send an email! I haven’t got all night . . .’

They were marketed to and used by a wide spectrum of society, from maidservants and apprentices, through military officers and merchants, to gentlemen, parents and children. This work presents the most influential manuals from both sides of the Atlantic.

Epistolary Spaces James S. How,2003 The author argues that the world of letter writing has not disappeared in the wake of the cyberspace revolution and that there is great value in reading letters as literary devices.
