The Book of Light Lucille Clifton,2023-08-29 With a powerful introduction by Ross Gay and a moving afterword by Sidney Clifton, this special anniversary edition of The Book of Light offers new meditations and insights on one of the most beloved voices of the 20th century. Though The Book of Light opens with thirty-nine names for light, we soon learn the most meaningful name is Lucille—daughter, mother, proud Black woman. Known for her ability to convey multitudes in few words, Clifton writes into the shadows—her father’s violations, a Black neighborhood bombed, death, loss—all while illuminating the full spectrum of human emotion: grief and celebration, anger and joy, empowerment and so much grace. A meeting place of myth and the Divine, The Book of Light exists “between starshine and clay” as Clifton’s personas allow us to bear the world’s weight with Atlas and witness conversations between Lucifer and God. While names and dates mark this text as a social commentary responding to her time, it is haunting how easily this collection serves as a political palimpsest of today. We leave these poems inspired—Clifton shows us Superman is not our hero. Our hero is the Black female narrator who decides to live. And what a life she creates! “Won’t you celebrate with me?”

The Light Gail Pate,2016-10-24 Christi Randolph is a strong-willed sixteen-year-old free spirit who is facing family decisions that will result in disrupting her whole life. Ben, whose family was killed in a tragic boating accident, is staying with the Carltons, friends who live next door to their beach home in South Carolina. When their paths cross, sparks will not only fly but Christi also discovers there is something very strange happening . . . and Ben is a part of it. The quest plunges her into a mystery that will leave her with more questions than answers but will awaken her purpose and sense of belonging. The Light is a YA Science-Fantasy where the readers become part of the adventure and leaves them excited to see what happens next.

The Light Mike Evans,2011

Moving Toward the Light Lanie Goodman,Betsy Dillard Stroud,David Pagel,2015 There will be a traveling exhibits of Joseph Raffael's work: * Nancy Hoffman Gallery, NYC - September 10 through October 31, 2015 * Canton Museum, Canton Ohio - December 2015 through early March 2016 * Southern Ohio Museum, Portsmouth, Ohio - March through June 2016 * Flint Institute of Arts, Flint, Michigan - June through August, 2016Extraordinary in scale, infinitesimal in detail, and sumptuous in color, the paintings of master watercolorist Joseph Raffael plumb the depths of nature's beauty. Eighty-eight works of deep reflection, awe, and joy selected for this volume were created in his home and garden in Cap D'Antibes, France, overlooking the sparkling Mediterranean Sea. Raffael's radiant vision of the natural world, including flowers, fish and water, has garnered critical praise throughout his long career. Despite their iconic serenity when seen from a distance, wrote art critic Robert Hughes, Raffael's paintings disclose a bejeweled profusion of incident close up, concluding that the artist's color-drenched canvases display a tender virtuosity without parallel in other American figurative painting today. It might be said that water, a symbol of life and constant change, is both Raffael's muse and teacher. The artist becomes its conduit as his colour-saturated brush glides along the surface of the white paper. Watercolors have a mind of their own. I just need to show up and be present, he tells Betsy Dillard Stroud in her interview with the 81-year old artist. Lanie Goodman, a fellow resident in the South of France, visits Raffael at work in his light- filled studio, which she describes, in her biographical profile of the artist, as his haven and heaven. With tables of brushes and glass dishes of paint, the carefully cultivated garden by his wife Lannis, and the blue sea beyond, Raffael joins the long legacy of artists - Cezanne, Matisse, Leger among them - nourished by this life and vista. Raffael's home, where artist and nature are in constant dialogue, accounts for the artist's luminous painting, their symphonic color, and the splendour we behold in them. In his essay A Walk in Beauty, David Pagel identifies Raphael's worlds within worlds as profound instances of big-picture thinking - the best possible experience of both Nature and Art.

Embraced by the Light Betty J. Eadie,2002-10-29 #1 NEW YORK TIMES BESTSELLER • The groundbreaking account of life after death that has become a source of comfort, inspiration, and solace to millions “I felt a surge of energy, and my spirit was suddenly drawn through my chest and pulled upward. My first impression is that I was free. . . .” On the night of November 19, 1973, following surgery, thirty-one-year-old wife and mother Betty J. Eadie died. This is her extraordinary story of the events that followed, her astonishing proof of life after physical death. She saw more, perhaps than any other person has seen before and shares her almost photographic recollections of the remarkable details. Compelling, inspiring, and infinitely reassuring, her vivid account gives us a glimpse of the peace and unconditional love that awaits us all. More important, Betty's journey offers a simple message that can transform our lives today, showing us our purpose and guiding us to live the way we were meant to—joyously, abundantly, and with love. Praise for Embraced by the Light “The most detailed and spellbinding near-death experience I have ever heard.”—Kimberly Clark-Sharp, president, Seattle International Association of Near-Death Studies

Color and Light James Gurney,2010-11-30 Unlike many other art books only give recipes for mixing colors or describe step-by-step painting techniques, *Color and Light* answers the questions that realist painters continually ask, such as: What happens with sky colors at sunset?, How do colors change with distance?, and What makes a form look three-dimensional? Author James Gurney draws on his experience as a plain-air painter and science illustrator to share a wealth of information about the realist painter's most fundamental tools: color and light. He bridges the gap between abstract theory and practical knowledge for traditional and digital artists of all levels of experience.

Our Love Could Light the World Anne Leigh Parrish,2013-03-23 You know the Dugans. They’re that scrappy family that lives down the street. Their yard is overgrown, they don’t pick up after their dog, their five children run free—leaving chaos in their wake—and the father hasn’t earned a cent in years. The wife holds them together on her income alone. You wouldn’t want them for neighbors—but from a distance, they’re quite entertaining. You can tell from the empty bottles lying under the bush out front that alcohol is an issue in the household—and all things considered, you can hardly blame the wife for leaving one day. Without her at the helm, the rest carry on the best they can. Their strong sense of family keeps them going. They help—and in some cases, rescue—each other as they struggle for a better life. And while they never follow the rules, or completely conquer the adversity with which they’re faced, they do manage to meet their challenges—and even earn some much-needed respect. Along the way, they might even make you proud. Set in the Finger Lakes region of upstate New York, the twelve linked stories of Our Love Could Light The World depict a dysfunctional family that’s messy and rude, cruel and kind, and loyal to the end.
