God Doesn't; We Do James A. Lindsay,2012-09-15 Does God exist? Does He do anything in this world? Famous authors like Richard Dawkins suggest strongly that it is very unlikely, but how unlikely is it? *God Doesn't; We Do* brings James A. Lindsay's mathematical expertise to the question and is able to put the matter under a microscope only available through an understanding of abstract mathematics, which he makes accessible to any reader. Because of that, this book will change the conversation about the existence of God. The central theme of this book, though, points out that even if there were a God, we have no reason to believe He does anything at all in this world. Thus the responsibility is on us, as it always has been, to make our world what it will be. From the back cover: Our world is one that is full of difficult challenges, and many people still turn to God for solutions or credit Him with ones that they find. The time for that kind of superstition is long passed. *God Doesn't; We Do* seeks to address the topic on philosophical grounds, making appeals to a scientific mindset and evidence-based decision making in fields where religion has dominated for centuries, including morality, politics, and even spirituality. The title really says it all-God Doesn't; We Do: Only Humans Can Solve Human Challenges.

Why are there massive and precise prehistoric megalithic structures throughout the world? Was early man a Neolithic Stone Age caveman or did he receive knowledge from other sources? Are aliens actually fallen angels? Who are the Nephilim, and are they returning to Earth? Discover how important these questions are, from both a personal and global perspective. Read this book and open your eyes to the dangers that await mankind, and humanity's only hope.

Miss Me with That Rachel Lindsay,2022-01-25 A candid, witty, and inspiring collection of essays from *The Bachelor's* first Black Bachelorette, exploring everything from relationships and love to politics and race "The Bachelor gave me an opportunity, but I created my own happy ending." Rachel Lindsay rose to prominence as *The Bachelor's* first Black Bachelorette and has since become one of the franchise's most well-known figures—and outspoken critics. But there has always been more to Lindsay than meets the eye, and in this book, she finally tells her own story, in her own words. In wide-ranging essays, Lindsay opens up about her experience on ABC's hit show and reveals everything about her life off-camera, from a childhood growing up in Dallas, Texas, as the daughter of a U.S. District Judge, to her disastrous dating life prior to appearing on *The Bachelor*, to her career in law, and the decision to become a reality-TV contestant. She also brings a sharp wit and keen intellect to weigh in on issues such as the lack of diversity in reality television and the importance of political engagement, protest, and the Black Lives Matter movement. Told in the down-to-earth, no-nonsense voice she's become known for, Lindsay's book of essays provides an intimate look at the life of one of reality TV's most

beloved stars, as well as advice and inspiration that will make her a role model for anyone who has ever struggled to find their way in love and life. As she says, “Contrary to popular belief, the best gift I ever received was not a wedding ring. It was the permission I gave myself to be imperfect.” And if you don’t believe her, you know the saying: Miss me with that.
