Official Liverpool FC Book of Records Jeff Anderson, 2015-10 Celebrate one of the most successful soccer teams in the world with this book of groundbreaking facts and statistics The first edition of The Official Liverpool FC Football Records set a new standard in fact and stat publishing, offering not only all the important statistics in the history of Liverpool Football Club--one of the world's most successful--but complemented the numbers with stories and background information on them. Fully revised and updated to include the amazing 2013-14 season--the Reds' most prolific campaign since the 1890s--when the club came so close to the Premier League title, and with outstanding action photographs to bring them to life. Liverpool fans and all students of world and domestic soccer history have, in The Official Liverpool FC Football Records, the perfect volume from which to understand just why the club is unique. As well as all of the club records, player records, and general statistics, a special section focuses on 10 of the legends of Anfield who helped to shape the club and make Liverpool FC the sporting behemoth it is.

Liverpool Anton Rippon, 2021-01-13 A history of the team as told through stories of 101 players and managers who guided it through lows and highs to success. Liverpool: The Story of a Football Club in 101 Lives tells the history of the Anfield club through the biographies of key individuals associated with the Merseysiders from their formation in the gas-lit days of

Victorian Britain through to the present day. From John Houlding, the Lord Mayor of Liverpool who was the founder of the club in controversial circumstances, to their greatest manager Bill Shankly, and the great players who have worn the famous red shirt throughout its history, the in-depth stories of the characters—players and managers—here paint a fascinating picture of how the club—indeed, the game of football itself—has developed from workers playing for fun to today's multi-million-pound business. "This wonderful book looks specifically at 101 men who have dominated the club and its successes and failures from the club's formation through to the present day. No self-respecting Liverpool fan should be without this book!" —Books Monthly

Liverpool Peter Aughton, 2012-09-15 Liverpool: A People's History tells the full story of this unique place in a way which celebrates the individuals who have shaped it, often allowing witnesses from the past to speak for themselves.

Liverpool in the Headlines Daniel K. Longman, 2016-02-15 A history of Liverpool, told through the archives of the Liverpool Echo.

Liverpool: The Hurricane Port Andrew Lees, 2013-03-22 Scousers believe they live in a special place, one that has more in common with Salvador da Bahia, New Orleans or Gdansk than anywhere in England, and the city has always punched above its weight. In less than a hundred years, however, Liverpool's image has declined from a major mercantile player known as the Second City of

the Empire to what some social commentators have described as a cultural backwater remembered largely as the place where the Beatles were born. In *Liverpool: The Hurricane Port*, Andrew Lees reveals how Liverpool's pre-eminence in the slave trade left an indelible scar on the psychogeography of the city. He also explores the roots of Liverpool's contrary nature, its rebelliousness and its hedonism, as well as some of the recent hurricanes that have battered the city, including the anger of Toxteth, the Hillsborough disaster and the murder of James Bulger. In this distinctly personal account, Lees defines the characteristics of this Celtic enclave, with her loudmouthed, big-hearted people who have created a city quite different from anywhere else in the world.

They Say Our Days Are Numbered Ian Salmon,2016-08-25 In 1985, a much younger Ian Salmon wanted to become a Liverpool FC season-ticket holder, and a regular at Anfield - but life had other plans in store. Finally, in 2015 he inherited his late father's season ticket and took ownership of his seat, one which had been in his family for decades, arriving just in time for a season of change. A season which would see the redevelopment of the main stand around it and make his new seat's very future an uncertain one. Uncertainty was also just as apparent out on the field; high-profile signings arrived, Brendan Rodgers departed and bespectacled German Jurgen Klopp, who'd achieved legendary status via his exploits at Borussia Dortmund, entered in a blaze of

glory. Still, inconsistency and injury threatened to derail all hope. Fighting on two fronts, at home and in Europe, could Klopp make it a season to remember for the Anfield faithful? They Say Our Days are Numbered is Liverpool Football Club's 2015/16 season through one fan's eyes.

Around Liverpool Dorianne Elitharp Gutierrez and Joyce M. Mills,2015
Liverpool, on the shore of Onondaga Lake, was settled by John Danforth and his family due to the natural brine springs near the lakeshore. The population of salt boilers quickly grew. The Oswego Canal opened in 1828, and the village was incorporated in 1830. German immigrants brought willow weaving to the village in the mid-1850s, and by the 1890s, Liverpool willow products were being shipped all over the nation. In the 20th century, as more lucrative work became available and the automobile ruled, the basket weavers gave way to factory workers, nurses, teachers, and engineers. Around Liverpool takes you on a tour of the unique history of Liverpool, with images of its salt boilers, weavers, firefighters, schoolchildren, churchgoers, ice boaters--the people and places that made the community.

Liverpool's Own Christine Dawe,2008-09-22 Liverpool has been the birthplace or home to literally hundreds of extraordinary men and women. In this book Christine Dawe features a great many of them - from all eras and walks of

life. Locally noteworthy figures, such as Kitty Wilkinson, who started the first public wash-houses in the city, Father Nugent, who rescued hundreds of starving orphans after the Irish Potato Famine, and Teddy Dance, who played a grand piano outside Marks & Spencers for many years and raised over £16,356,000 for Cancer Research, appear alongside some of the more famous faces from the past, including Rex Harrison and Bessie Braddock, as well as more contemporary figures, such as Ken Dodd, Cilla Black, Carla Lane, Ricky Tomlinson and Sir Simon Rattle. This book contains more than a hundred mini-biographies of Liverpool's famous sons and daughters - all of whom are illustrated. A perfect souvenir for visitors to the city, this is also essential reading for Liverpudlians everywhere, and is sure to appeal to those wanting to know more about these people's contributions to the great city we know today.

Liverpool Park Estates Susan George,2000-01-01 The rapid growth of nineteenth-century English cities produced leafy suburbs, and an occasional feature of these was the development of the estate park of modestly secluded Victorian villas. To preserve their valued amenities, such parks bound the middle-class owners of houses within them by restrictive legal covenants. The documents relating to such parks are often inaccessible, but for three of them in Liverpool, the available records enable their early history to be studied. The first part of this book deals with the legal basis and evolution of the restrictive covenant, a device still of considerable importance in housing development and amenity protection across England. The second part deals individually with the three Liverpool parks, the social reasons for

their foundation and growth, and the problems that beset the entrepreneurs who established them in the mid-nineteenth century (and often then lived in them) during the early years of the parks' existence. After more than a hundred years, all three of the parks studied continue not only as highly favored residential areas, but also as exemplars of the success of the deployment of the restrictive covenant.
