Historic Inns of Southern West Virginia Ed Robinson,2007-11-05 Southern West Virginia possesses great natural beauty and a rich history in which lodging has played a significant role. This book traces the evolution of lodging in the area from the late 1700s to the present. The various types of accommodations included log cabins; lodging in rail, coal, and lumber communities; picturesque stagecoach stops; state parks; bed-and-breakfasts; and opulent mineral springs hotels. During the Civil War, many of the springs hotels and stagecoach stops were used for army hospitals and headquarters. This volume provides glimpses of quaint towns such as Bramwell, Fayetteville, Union, and Lewisburg, as well as the more commercial towns of Princeton, Bluefield, Hinton, Beckley, Glen Jean, Gary, Cass, Ronceverte, Marlinton, Coalwood, Rainelle, and Glen Rogers.

The Newsboys' Lodging-House Jon Boorstin,2004-02-23 A riveting tale of intrigue and philosophical exploration set in Old New York. Late Medieval Lodging Ranges Sarah Kerr,2023-10-03 This book draws on architectural and archaeological analysis to consider the form, function, use and meaning of late medieval lodging ranges. While we know a great deal about most elements of the late medieval great house, we understand very little about their lodging ranges, and even less on their contributions to the lived experience of the household and wider society. Why were lodging ranges built, for example, and how were they used? It is this gap in our knowledge which the present book aims to fill. It draws on archaeological and architectural analysis of lodging ranges to show that they were some of the finest living spaces within the great house, built as accommodation for high-ranking members of the household. Their low-, even single-, occupancy rooms, accessible via individual doors, were innovatory, showing how the idea of privacy developed. The explicit displays of uniformity upon the lodging ranges' symmetrical facades were juxtaposed with variations within. Surviving lodging ranges (including Wingfield Manor, Middleham Castle and Dartington Hall) are examined, alongside the lost example of Caister Castle, demonstrating how lodging ranges simultaneously reflected and shaped medieval life; the author argues that their very form and stones, and their manipulation of space, enabled them to have multi-faceted functions, including the representation of multiple and even conflicting identities.

Marketing Essentials for Independent Lodgings Pamela Lanier,Marie Lanier,2017-07-03 Marketing a small, independently owned lodging business can be difficult. Marketing Essentials for Independent Lodgings outlines how to get a business's name out there, attract consumers, and navigate the dicey world of social media and an online presence. Descriptions of traveler demographics, how to get the word out about a property, and how to make a property unique are all talked about at length. The goal of this book is to help small lodgings flourish, and it does so by including lists of actions that can be taken this week, this month, or this year to help positively impact the bottom line. Also included is a specific marketing outline that can be adapted to an individual business, giving business owners a timeline and plan they can follow.
