**Why Cities Lose** Jonathan A. Rodden, 2019-06-04 A prizewinning political scientist traces the origins of urban-rural political conflict and shows how geography shapes elections in America and beyond Why is it so much easier for the Democratic Party to win the national popular vote than to build and maintain a majority in Congress? Why can Democrats sweep statewide offices in places like Pennsylvania and Michigan yet fail to take control of the same states' legislatures? Many place exclusive blame on partisan gerrymandering and voter suppression. But as political scientist Jonathan A. Rodden demonstrates in *Why Cities Lose*, the left's electoral challenges have deeper roots in economic and political geography. In the late nineteenth century, support for the left began to cluster in cities among the industrial working class. Today, left-wing parties have become coalitions of diverse urban interest groups, from racial minorities to the creative class. These parties win big in urban districts but struggle to capture the suburban and rural seats necessary for legislative majorities. A bold new interpretation of today's urban-rural political conflict, *Why Cities Lose* also points to electoral reforms that could address the left's under-representation while reducing urban-rural polarization.

**What We Lose** Zinzi Clemmons, 2017-07-11 A National Book Foundation 5 Under 35 Honoree NBCC John Leonard First Book Prize Finalist Aspen Words Literary Prize Finalist Named a Best Book of the Year by Vogue, NPR, Elle, Esquire, Buzzfeed, San Francisco Chronicle, Cosmopolitan, The

Huffington Post, The A.V. Club, The Root, Harper's Bazaar, Paste, Bustle, Kirkus Reviews, Electric Literature, LitHub, New York Post, Los Angeles Review of Books, and Bust "The debut novel of the year." —Vogue "Like so many stories of the black diaspora, *What We Lose* is an examination of haunting." —Doreen St. Félix, The New Yorker "Raw and ravishing, this novel pulses with vulnerability and shimmering anger." —Nicole Dennis-Benn, O, the Oprah Magazine "Stunning. . . . Powerfully moving and beautifully wrought, *What We Lose* reflects on family, love, loss, race, womanhood, and the places we feel home." —Buzzfeed "Remember this name: Zinzi Clemmons. Long may she thrill us with exquisite works like *What We Lose*. . . . The book is a remarkable journey." —Essence From an author of rare, haunting power, a stunning novel about a young African-American woman coming of age—a deeply felt meditation on race, sex, family, and country Raised in Pennsylvania, Thandi views the world of her mother's childhood in Johannesburg as both impossibly distant and ever present. She is an outsider wherever she goes, caught between being black and white, American and not. She tries to connect these dislocated pieces of her life, and as her mother succumbs to cancer, Thandi searches for an anchor—someone, or something, to love. In arresting and unsettling prose, we watch Thandi's life unfold, from losing her mother and learning to live without the person who has most profoundly shaped her existence, to her own encounters with romance and unexpected motherhood. Through exquisite and emotional vignettes, Clemmons creates a stunning portrayal of what it means to choose to live, after loss. An elegiac distillation, at once intellectual and visceral, of a young woman's understanding of absence and identity that spans continents and decades, *What We Lose* heralds the arrival of a virtuosic new voice in fiction.

Lose Well Chris Gethard, 2018-10-16 A laugh-out-loud, kick-in-the-pants self-help narrative for anyone who ever felt like they didn't fit in or couldn't catch a break—comedian and cult hero Chris Gethard shows us how to get over our fear of failure and start living life on our own terms. Let's face it: we all want a seat at the cool table, a great job, and loads of money. But most of us won't be able to achieve this widely accepted, black-or-white, definition of winning, which makes us feel like failures, that we're destined to a life of loserdom. That's the conventional wisdom. It's also crap, according to comedian and cult hero Chris Gethard, who knows a thing or two about losing. Failing is an art form, he argues; in fact, it's the only the way we're ever going to discover who we are, what we really want, and how to live the kind of life we only dreamed about. Setting flame to vision boards and tossing out the seven simple steps to achieving anything, the host of the eponymous Trutv talk show and the wildly popular podcast Beautiful Stories from Anonymous People illustrates his personal and professional manifesto with hilarious and ultimately empowering stories about his own set-backs, missteps, and public failures, from the cancellation of his Comedy Central sitcom after seven episodes to rediscovering his comedic voice and life's purpose on a public access channel. With his trademark wit and inspiring storytelling—a cross between David Sedaris and Jenny Lawson—Gethard teaches us how to power through our own hero's journey, whether we're a fifteen-year-old starting a punk band or a fifty-year-old mother of three launching an Etsy page. In the process, he shows us how to fail with grace, laugh on the way down, and as we dust ourselves off, how to transform inevitable failures into endless opportunities. It might get a little messy, but that's exactly the point. Because the first step in living on your own terms is learning how to lose well, and more often than not, the revolutionary act

of failing lets us witness firsthand what awaits us on the other side.

*The American War in Afghanistan* Carter Malkasian, 2021-06-15 A New York Times Notable Book Winner of 2022 Lionel Gelber Prize The first authoritative history of American's longest war by one of the world's leading scholar-practitioners. The American war in Afghanistan, which began in 2001, is now the longest armed conflict in the nation's history. It is currently winding down, and American troops are likely to leave soon but only after a stay of nearly two decades. In *The American War in Afghanistan*, Carter Malkasian provides the first comprehensive history of the entire conflict. Malkasian is both a leading academic authority on the subject and an experienced practitioner, having spent nearly two years working in the Afghan countryside and going on to serve as the senior advisor to General Joseph Dunford, the US military commander in Afghanistan and later the chairman of the joint chiefs of staff. Drawing from a deep well of local knowledge, understanding of Pashto, and review of primary source documents, Malkasian moves through the war's multiple phases: the 2001 invasion and after; the light American footprint during the 2003 Iraq invasion; the resurgence of the Taliban in 2006, the Obama-era surge, and the various resets in strategy and force allocations that occurred from 2011 onward, culminating in the 2018-2020 peace talks. Malkasian lived through much of it, and draws from his own experiences to provide a unique vantage point on the war. Today, the Taliban is the most powerful faction, and sees victory as probable. The ultimate outcome after America leaves is inherently unpredictable given the multitude of actors there, but one thing is sure: the war did not go as America had hoped. Although the al-Qa'eda leader Osama bin Laden was killed and no major

attack on the American homeland was carried out after 2001, the United States was unable to end the violence or hand off the war to the Afghan authorities, which could not survive without US military backing. The American War in Afghanistan explains why the war had such a disappointing outcome. Wise and all-encompassing, The American War in Afghanistan provides a truly vivid portrait of the conflict in all of its phases that will remain the authoritative account for years to come.

**Lose to Win** Winfield Tanya, 2017-07 Known for her spirited, bubbly personality, Tanya Winfield, instantly became a fan favorite on Season 15 of the hit TV show, The Biggest Loser. Millions watched as she took the world on her 87lb weight loss journey that would eventually land her as one the Top 6 Finalists and Fan Favorite for the acclaimed NBC show. Underneath the calories and pounds that

Tanya brought to the set every day, was a woman who had been badly hurt, broken, and rejected through childhood trauma and adult failures. Nonetheless, she took on the tedious task of being a Divorcee, a single mother and wore the hat of a boss lady commanding a six figure income as an Executive Leader in Corporate America. But not one to halt at mediocrity, Tanya decided to try her hand at entrepreneurship. This turned out to be one of her best decisions, as she made her first million by the age of 35 through her ownership of several successful business ventures including one of America's most popular food chains--Harold's Chicken. She would eventually go on to own several stores and other lucrative investments. Despite the tough battles that weren't always easily won, and through the rigorous struggle of losing physical weight for the show; Tanya discovered that sometimes in life you have to lose people, things, and most importantly the weight of emotional baggage in order to be pushed to greatness. This book highlights intimate moments in Tanya's life that will inspire, educate, and motivate you to see the WIN in every LOSS.

*Ours to Lose* Amy Starecheski, 2016-11-07 "The fascinating and little-known tale of the Lower East Side squatters of the Eighties . . . a radical, European-inspired housing movement" (The Village Voice). Though New York's Lower East Side today is home to high-end condos and hip restaurants, it was for decades an infamous site of blight, open-air drug dealing, and class conflict—an emblematic example of the tattered state of 1970s and '80s Manhattan. Those decades of strife, however, also gave the Lower East Side something unusual: a radical movement that blended urban homesteading and European-style squatting in a way never before seen in the United States. *Ours to Lose* tells the oral history of that movement through a close look at a diverse group of Lower East Side squatters who occupied abandoned city-owned buildings in the 1980s, fought to keep them for decades, and eventually began a long, complicated process to turn their illegal occupancy into legal cooperative

ownership. Amy Starecheski here not only tells a little-known New York story, she also shows how property shapes our sense of ourselves as social beings and explores the ethics of homeownership and debt in post-recession America. “There are many books about the Lower East Side and its recent transformation, yet none has included engagement or oral history with primary organizers in the way Starecheski has. Ours to Lose is a unique and substantive contribution to our understanding of a most distinct practice in the shaping of urban space.” —Metropolitiques “What is significant is that the author demonstrates how some New Yorkers addressed the housing crisis in an unconventional manner. Recommended.” —Choice

**The Dark Lord** Thomas Harlan, 2016-01-12 Tom Harlan brings his Oath of Empire series to a shattering conclusion in *The Dark Lord*. In what would be the 7th Century AD in our history, the Roman Empire still stands, supported by the twin pillars of the Legions and Thaumaturges of Rome. The Emperor of the West, the Augustus Galen Atreus, came to the aid of the Emperor of the East, the Avtokrator Heraclius, in his war with the Sassanad Emperor of Persia. But despite early victories, that war has not gone well, and now Rome is hard-pressed. Constantinople has fallen before the dark

sorceries of the Lord Dahak and his legions of the living and dead. Now the new Emperor of Persia marches on Egypt, and if he takes that ancient nation, Rome will be starved and defeated. But there is a faint glimmer of hope. The Emperor Galen's brother Maxian is a great sorcerer, perhaps the equal of Dahak, lord of the seven serpents. He is now firmly allied with his Imperial brother and Rome. And though they are caught tight in the Dark Lord's net of sorcery, Queen Zoe of Palmyra and Lord Mohammed have not relinquished their souls to evil. Powerful, complex, engrossing --Thomas Harlan's Oath of Empire series has taken fantasy readers by storm. The first three volumes, The Shadow of Ararat, The Gate of Fire, and The Storm of Heaven have been universally praised. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**When Words Lose Their Meaning** James Boyd White, 2012-12-21 Through fresh readings of texts ranging from Homer's Iliad, Swift's Tale of a Tub, and Austen's Emma through the United States Constitution and McCulloch v. Maryland, James Boyd White examines the relationship between an individual mind and its language and culture as well as the textual community established between writer and audience. These striking textual analyses develop a rhetoric—a way of reading that can be brought to any text but that, in broader terms, becomes a way of learning that can shape the reader's life. In this ambitious and demanding work of literary criticism, James Boyd White seeks to communicate 'a sense of reading in a new and different way.' . . . [White's] marriage of lawyerly acumen and classically trained literary sensibility—equally evident in his earlier work, *The Legal Imagination*—gives the best parts of *When Words Lose Their Meaning* a gravity and moral earnestness rare in the pages of contemporary literary criticism.—Roger Kimball, *American Scholar* James Boyd White makes a state-of-the-art attempt to enrich legal theory with the insights of modern literary theory. Of its kind, it is a singular and standout achievement. . . . [White's] selections span the whole range of legal, literary, and political offerings, and his writing evidences a sustained and intimate experience with these texts. Writing with natural elegance, White manages to be insightful and

inciteful. Throughout, his timely book is energized by an urgent love of literature and law and their liberating potential. His passion and sincerity are palpable.—Allan C. Hutchinson, Yale Law Journal  
Undeniably a unique and significant work. . . . *When Words Lose Their Meaning* is a rewarding book by a distinguished legal scholar. It is a showcase for the most interesting sort of inter-disciplinary work: the kind that brings together from traditionally separate fields not so much information as ideas and approaches.—R. B. Kershner, Jr., Georgia Review
