Celia Green, Charles McCreery

Lucid Adrienne Stoltz, Ron Bass, 2012-10-02 What if you could dream your way into a different life? What if you could choose to live that life forever? Sloane and Maggie have never met. Sloane is a straight-A student with a big and loving family. Maggie lives a glamorously independent life as an up-and-coming actress in New York. The two girls couldn't be more different—except for one thing. They share a secret that they can't tell a soul. At night, they dream that they're each other. The deeper they're pulled into the promise of their own lives, the more their worlds begin to blur dangerously together. Before long, Sloane and Maggie can no longer tell which life is real and which is just a dream. They realize that eventually they will have to choose one life to wake up to, or risk spiraling into insanity. But that means giving up one world, one love, and one self, forever. This is a dazzling debut that will steal readers' hearts.

Lucid Dreaming Celia Green, Charles McCreery, 2013-11-26 Lucid dreams are dreams in which a person becomes aware that they are dreaming. They are different from ordinary dreams, not just because of the dreamer's awareness that they are dreaming, but because lucid dreams are often strikingly realistic and may be emotionally charged to the point of elation. Celia Green and Charles McCreery have written a unique introduction to lucid dreams that will appeal to the specialist and general reader alike. The authors explore the experience of lucid dreaming, relate it to other experiences such as out-of-the-body experiences (to which they see it as closely related) and apparitions, and look at how lucid dreams can be induced and controlled. They explore their use for therapeutic purposes such as counteracting nightmares. Their study is illustrated throughout with many case histories.

Lucid Dreaming Stephen LaBerge, Stephen LaBerge Ph. D., 2009-05 Distilled from his more than 20 years of pioneering research at Stanford University and the Lucidity Institute, this volume is an effective and easy-to-learn tool available for people to begin their own fascinating nightly exploration into lucid dreaming.

Lucid Daniel Love, 2018-04-08 Lucidity through simplicity. Calling on the principles of Zen, Taoism, minimalism and oneirology, expert lucid dream and consciousness researcher Daniel Love takes you on a personal journey into the deeper practices of lucid dreaming and lucid living. Acting as a philosophical counterpart to bestselling lucid dream guidebook, 'Are You Dreaming?', 'Lucid: The Tao of Dreaming' is an enchiridion of unique insights exploring the journey of lucid dreaming and the many ways in which it may enhance and enlighten one's waking life. Sitting somewhere between philosophy and art, 'Lucid' offers the serious practitioner of lucid living a series of distilled meditations or mind-seeds designed to take root in the soil of your own awareness. Perfect for those interested in: Lucid dreaming Dream exploration Mindfulness Meditation Self-knowledge Minimalism 'Lucid' is a portable and inspiring daytime companion for those interested in the joys of living a simple and lucid life. From The Author: 'Lucid' is not just another lucid dreaming guidebook. In writing 'Lucid' I wanted to create something different, a book that acts as an explorative, inspirational and creative work that sits within a wider lucidity training ecosystem. 'Lucid' blends education, art and technique, and has been designed to complement and balance my previous work, 'Are You Dreaming?'. I would highly recommend that it is read afterwards. Where 'Are You Dreaming?' acts as a comprehensive and detailed guide, by contrast, 'Lucid' is a lighter, philosophical work, and is purposefully minimalistic (comprising of 104 pages, and 81 verses). Its objective is to inspire personal investigation into the deeper realities of lucidity, allowing the reader, through private exploration, to forge their own journey, make their own discoveries, and draw their own conclusions. The style reflects the 81 verse structure of the Tao Te Ching. This allows for it to be both a portable work, that may be dipped into for regular inspiration, and a means to condense key aspects of lucidity that prime and arouse the imagination.

This is a great starting point for learning the basics, and having your FIRST lucid dream as soon as possible. EXPERIENCE THE IMPOSSIBLE - Experience things you never thought you could before, such as flying across the sky, and soaring like an eagle. It will all feel very real. INCREASE YOUR CONFIDENCE - After lucid dreaming for a few weeks, your self confidence will skyrocket. You'll feel like you can do anything! SLEEP BETTER - By lucid dreaming you can actually have a much better nights sleep! You'll feel much more refreshed and start each day with more energy, awareness and love. ADD HOURS TO YOUR LIFE - Think about it, we're asleep for over a third of our lives. Imagine if you could not only get those hours back, but experience your wildest fantasies in those lost 'extra' hours, every night. The memories will feel vivid, real, and POWERFUL. Want to be able to control your dreams while you sleep? Lucid Dreaming is the ability to control your dreams and become 'self aware' or 'conscious' in them. This allows you to do impossible things while you sleep, and be completely aware you're doing them. Most lucid dreaming books are either a load of nonsense, or they're so padded that the information is just repeated 5 times over! This one is CONCISE, and USEFUL. ONLY teaching what works, based on my years of experience, research and curation of other master lucid dreamers experience and research. Who am I? I'm Stefan, founder of HowToLucid, and I've been a lucid dreamer for years now. I've learned from many other gurus, researchers, and philosophers about this incredible ability. I've taught millions of people all around the world, to control their dreams, and grown my YouTube channel (where I answer peoples questions about lucid dreaming) to over 141,000 subscribers. We now have over 21,000 Instagram followers. I'm not saying this to brag, but instead to say, I wouldn't have that many, if I didn't know what I was talking about. For example, when the brain 'thinks' about doing something or dreams about it, the SAME neural circuits fire as when the person is ACTUALLY doing it.. This means that by practicing a skill in a Lucid Dream, such as the guitar or driving a car, you can actually get REAL life results.. This beginners guide teaches easy to understand powerful lucid dreaming techniques and principles. There's no 'fluff' and time wasting. Just what WORKS. This will save you time, because you'll only be learning what you need to know. Here are just a FEW of the things you can do with Lucid Dreaming - 1. Fly and teleport yourself to other planets 2. Remove fears from your life and stop having nightmares so you can sleep better and wake up feeling refreshed 3. Experience anything you can imagine, and no this is not an exaggeration 4. See the answers to problems that were otherwise 'impossible' 5. Meet up with lost loved ones again in your dreams so you can finally say goodbye properly, or just have a nice chat with them! 6. Tasting beautiful 'dream food' which tastes better than real food so you'll wake up with beautiful memories of how it tasted 7. Have lucid dream SEX that feels better than REAL sex in some cases so you can have a crazy night with your fantasy girl or guy 8. Simulating ANY experience you can possibly imagine, Skydiving, Superhuman strength, super powers, etc... 9. Lucid Dreaming Pamela Cohn, 2020-05-07 In these engaging, challenging and beguiling dialogues, Pamela Cohn expertly draws from her subjects, personal biography and conceptual intent, process and nearly subconscious motivation, personal revelation and political mission. The result is a work that not only provides a road map to

the furthest regions of cinematic possibility in the early 21st century but one whose spirited back-and-forth inspires the reader to think anew about artistic possibility. —Scott Macaulay, editor-in-chief of *Filmmaker Magazine* “Pamela Cohn has curated and conducted a series of interviews that simultaneously invite you to turn the page, and pause for a moment of reverie. Her interviews furrow the grounds where sensibilities become cinema, and attitudes become forms. —Luke Moody *Lucid Dreaming* is an unprecedented global collection of discussions with documentary and experimental filmmakers, giving film and video its rightful place alongside the written word as an essential medium for conveying the most urgent concerns in contemporary arts and politics. In these long-form conversations, film curator and arts journalist Cohn draws out the thinking of some of the most intriguing creators behind the rapidly developing movement of moving-image nonfiction. The collection features individuals from a variety of backgrounds who encounter the world, as Cohn says, “through a creative lens based in documentary practice.” Their inspirations encompass queer politics, racism, identity politics, and activism. The featured artists come from a multiplicity of countries and cultures including the U.S., Finland, Serbia, Syria, Kosovo, China, Iran, and Australia. Among those Cohn profiles and converses with are Karim Aïnouz, Khalik Allah, Maja Borg, Ramona Diaz, Samira Elagoz, Sara Fattahi, Dónal Foreman, Ja’Tovia Gary, Ognjen Glavonic, Barbara Hammer, Sky Hopinka, Gürcan Keltek, Adam and Zack Khalil, Khavn, Kaltrina Krasniqi, Roberto Minervini, Terence Nance, Orwa Nyrabia, Chico Pereira, Michael Robinson, J. P. Sniadecki, Brett Story, Deborah Stratman, Maryam Tafakory, Mila Turajlic, Lynette Wallworth, Travis Wilkerson, and Shengze Zhu. Can nonfiction film be defined? How close to reality can or should documentary storytelling be, and is film and video in its less restrictive iterations “truer” than traditional narratives? How can a story be effectively conveyed? As they consider these and many other questions, these passionate, highly articulate filmmakers will inspire not only cinema enthusiasts, but activists and artists of all stripes.

Lucid Dreaming Robert Waggoner, 2008-10-01 *Lucid Dreaming: Gateway to the Inner Self* is the account of an extraordinarily talented lucid dreamer who goes beyond the boundaries of both psychology and religion. In the process, he stumbles upon the Inner Self. While lucid (consciously aware) in the dream state and able to act and interact with dream figures, objects, and settings, dream expert Robert Waggoner experienced something transformative and unexpected. He was able to interact consciously with the dream observer - the apparent Inner Self - within the dream. At first this seemed shocking, even impossible, since psychology normally alludes to such theoretical inner aspects as the Subliminal Self, the Center, the Internal Self-Helper in vague and theoretical ways. Waggoner came to realize, however, that aware interaction with the Inner Self was not only possible, but actual and highly inspiring. He concluded that while aware in the dream state, one has both a psychological tool and a platform from which to understand dreaming and the larger picture of man's psyche as well. Waggoner proposes 5 stages of lucid dreaming and guides readers through them, offering advice for those who have never experienced the lucid dream state and suggestions for how experienced lucid dreamers can advance to a new level. *Lucid Dreaming* offers exciting insights and vivid illustrations that will intrigue not only avid dreamworkers but anyone who is interested in consciousness, identity, and the definition of reality.
