Make Your Mind Up Bethany Mota, 2017-06-13 From tips on life, love, and everything in between; to original DIYs, recipes, and style hacks; to the incredible story of a girl next door turned Internet sensation, *Make Your Mind Up* is the ultimate guide to rocking your look and ruling your world—from inspirational YouTuber, designer, entrepreneur, and digital influencer, Bethany Mota. When Bethany first propped her camera on a stack of books and pressed record on her family's handheld camera in 2009, she didn't realize her life was about to change—forever. After uploading her first video to YouTube at just thirteen years old, Bethany quickly became one of the Internet's go-to beauty, style, and lifestyle vloggers. Since then, she has filmed countless room tours and tutorials, traveled the world, experimented with hundreds of DIYs, designed her own clothing line, gone on an international tour, competed on *Dancing with the Stars*, and created health, beauty, and wellness content for multiple platforms. But before Bethany found her #MotaFam online, life wasn't looking so great: After being intensely bullied in school, the already shy Bethany retreated further into her shell, suffering from crippling anxiety and a lack of self-confidence she just couldn't shake. From growing up on a dairy farm in small-town Los Banos, California, to figuring out how to overcome anxiety and find her voice, to finally breaking out of her shell and learning to forge her own positive path, *Make Your Mind Up* is more than just a heartwarming memoir or lifestyle guide—this is a portrait of Bethany's

life, exactly how she lives it.

Beige Is Not a Color Carlos Mota,2019-09-10
Bland is anathema to Carlos Mota. As he travels the world--from Lisbon to Tangier, India to Santo Domingo, New York to Paris--producing feature stories and ad campaigns for countless publications and companies, he exults in every spark of originality and creativity he sees. Fortunately for us, he not only documents his sightings with his camera but also collects images by a Who's Who of interiors and architectural

photographers. And in this volume, he has culled some 280 of his favorite images, all wholly different but all sharing one quality: the beauty of color, both literally and figuratively. There are interiors, table settings, fabric swatches, tiles, floral arrangements, sculptures, architectural ornamentation--whatever captures his discriminating eye. Peppered with quotes about color and beauty by a host of designers, *Beige Is Not a Color* is the antithesis of bland and as aspirational as it is inspirational.

A Dictionary of the Language of Mota, Sugarloaf Island, Banks' Islands (Classic Reprint) Robert Henry Codrington, 2016-11-11 Excerpt from A Dictionary of the Language of Mota, Sugarloaf Island, Banks' Islands The language of Mota is spoken as their native tongue by some eight hundred people, and has never probably been spoken in a past generation by more than a thousand. It derives its only importance from its having become, by circum stances rather than by choice, the language used as a common medium of communication in the Melanesian Mission. Being used in translations, in the oral teaching given to natives of many widely distant islands, and in the inter-communication of those so taught which has now continued for thirty years, it has become, next to the language of Fiji, the most generally known of the Melanesian tongues. It has certainly merits of its own it is phonologically free from the difficulties which beset some of the languages of the same and of neighbouring groups; and it is full, precise and exible enough for use in teaching and in translations. A Mota Dictionary

may be taken as exhibiting a specimen of the group of languages to which it belongs; and should be followed by Dictionaries or ample Vocabularies of the languages of the principal islands in which the Melanesian Mission is at work. Pink and Blue Flordelisa Mota,2016-06-16

Flordelisa Mota has created a collection of poems which are exciting, humorous and touching. These lyrics will make the readers look at life and love differently and love to dream. They invite the reader to join in what Mota calls the feast of fulfillment. She says she wrote this collection of love poems to share her inspiration with others, which is true, but it's also true that these poems have written themselves. Clearly one senses that love's inspiration showers these poems with the real and profound impact from where true love springs. And then there is Mota's love of the Word and not just the written word. But written words

are, of course, her stock in trade and in this collection she shows how a master of words can take everyday speech and make it shine. To enhance this second edition, Mota created an outstanding narrative. The epic poem Yoruba's Fairy Tale is about a family who lived in a small village in Haiti. This poem is a journey to understand their belief, joy, sorrow and finally triumph. Book cover design, illustration and photograph by Abiezer Mota

Bethany Mota Gail Terp, 2017 Internet sensation Bethany Mota has more YouTube subscribers than pop stars such as Lady Gaga or Selena Gomez. They will also learn about the time she interviewed President Barack Obama and find out what she is planning for the future.

Malcolm Lowry's Poetics of Space Richard J. Lane, Miguel Mota, 2016-10-18 This collection focuses on Lowry's spatial dynamics, from the psychogeography of the Letterist and the Situationist International, through musical forms (especially jazz), cinema, photography, and spatial poetic writing, to the spaces of exception, bio-politics, and the creaturely. It presents previously unpublished essays by both established and new international Lowry scholars, as well as innovative ways of conceiving of his aesthetic practice. In each of the book's three sections, critics engage in the notion of Lowry as a multi-media artist who influenced and was deeply

influenced by a broad range of modernist and early postmodernist aesthetic practices. Acutely aware of and engaged in the world of film, sensitive to the role of the graphical surface in advertising and propaganda, and deeply immersed in a vast range of literary traditions and the avant-garde, Lowry worked within an intertextual space that is also a mediascape, one which tends to transgress, or at least exceed, neatly controlled borders or aesthetic boundaries. These new approaches to Lowry's life and work, which make use of new and recent theoretical perspectives, will encourage fresh debate around Lowry's writing. Publié en anglais.

G: Forever Green Carlos Mota, 2022-09-08 An exuberant celebration of the color green--in nature, art, interiors, and design Green is like water; it is everywhere, and we can't live without it. Green is the color of nature and the environment. Green is life. Interior designer and style guru Carlos Mota has such a passion for green that he has now devoted an entire book to it. G: Forever Green celebrates the color in all its manifold manifestations: in nature, food, fashion, jewelry, art, interiors, and architecture. From the brilliant markings on a butterfly's wings to the feathers of a tropical bird's breast, from Magritte's oversized apple to the brocade drapery in the background of a Holbein portrait, from a leafy arbor to a leafy wallpaper, from celadon to forest to emerald to acid to lime to kelly, the variety is astounding. Illustrated with Mota's own photographs, taken as he has traveled the world, as well as images by prominent

photographers, G: Forever Green is a testament to the power of green to soothe, inspire, and excite.
