The Last Magazine Michael Hastings,2014-06-17 “The funniest, most savage takedown of the American news media since Fear and Loathing: On the Campaign Trail ’72.”—The Washington Post Michael Hastings’ untimely death at the age of thirty-three rocked the journalism community. But the New York Times bestselling author of *The Operators* left behind an unexpected legacy: a wickedly funny novel based on Hastings’s own journalistic experiences in the mid-2000s. Discovered in his files, the novel features a wet-behind-the-ears intern named Michael M. Hastings who must choose between his career and the truth. A searing portrait of print journalism’s last glory days, *The Last Magazine* earned Hastings comparisons to Evelyn Waugh and Hunter S. Thompson and stands as a testament to one of America’s most treasured reporters.

Rolling Stone Magazine Robert Draper,1991 The colorful, illustrated history of Rolling Stone magazine and its equally controversial founder and editor, Jann Wenner. Draper's history is an intelligent and witty behind-the-scenes look at this cultural icon and its course from its hippie beginnings to a high-profile magazine. 16 pages of photographs.

PS Magazine Will Eisner,Eddie Campbell,2012-12-01 Will Eisner—best known for his influential comic book series *The Spirit* and his groundbreaking graphic novel *A Contract with God*—believed in the teaching power of comics, and from 1951 to 1971 he produced PS magazine for the U.S. Army. This Preventive Maintenance Monthly (called PS because it was a postscript to the standard technical manuals) was aimed at teaching American soldiers everything about weapons safety for vehicles, aircraft, firearms, and electronics. Eisner illustrated these vital lessons in drawings, pinups, step-by-step guides, and comic strips. This collection contains the best of Eisner’s 227 issues of PS, reproduced in a portable digest format. This relatively unknown work by Eisner is finally explored—the missing link between his comic books and his later, more mature graphic novel style. Praise for PS Magazine: For the first time, Will Eisner’s superlative work for the U.S. Army has been assembled into a single collection. The result shows the artist’s keen understanding of the educative power of graphic storytelling. From 1951 to 1971, between *The Spirit* and *A Contract with God*, Eisner produced PS Magazine for the army in order to teach the common soldier how best to use, maintain, repair, and requisition their equipment. From explaining how to load a truck correctly to why it won’t start, Eisner used a combination of humor, sound technical writing, and graphic storytelling to educate the soldiers. His magazines could be found at the front lines, in the officer’s mess, and in the quarters of senior military officials. It featured a cast of recurring characters like the loveable Joe Dope and the voluptuous Connie Rodd, who headlined featured segments like “Joe’s Dope Sheet” and the provocatively named “Connie Rodd’s Briefs.” With Eisner’s wonderful artwork and clarity of style making sometimes difficult concepts easy to understand, it’s no wonder PS Magazine was so popular with military personnel. A fascinating document for both fans of Eisner and military history buffs. - Publishers Weekly starred review “These amusing yet pragmatic sketches provide a ‘missing-link’ comics document for fans and demonstrate the same mastery of his craft that marked Eisner’s better-known works.” —Booklist “An instructional model for today’s producers of nonfiction comics, which too often lack such visual traction, this also has appeal for military buffs, vehicle junkies, and Eisner fans.” —Library Journal “The enthusiast who’s been nurturing a curiosity about Eisner’s lost years will find all he needs to know from this beautifully produced little volume.” —The Comics Journal Eisner understood comics' potential for education decades before his peers, and PS magazine was his first laboratory. This thoughtful new collection is an essential addition to the Eisner library. -Scott McCloud, author of *Understanding Comics*

The Best American Magazine Writing 2018 The American Society of Magazine Editors,2018-12-18 In a time of reckoning, this year’s National Magazine Awards finalists and winners focus on abuse of power in many forms. Ronan Farrow’s Pulitzer Prize-winning revelation of Harvey Weinstein’s depredations (*New Yorker*), along with Rebecca Traister’s charged commentary for *New York* and Laurie Penny’s incisive *Longreads* columns, speak to the urgency of the #MeToo moment. Ginger Thompson’s reporting on the botched U.S. operation that triggered a cartel massacre in Mexico (*National Geographic/ProPublica*) and Azmat Khan and Anand Gopal’s *New York Times Magazine* investigation of the civilian casualties of drone strikes in Iraq amplify the voices of those harmed by U.S. actions abroad. And Alex Tizon’s “My Family’s Slave” (*Atlantic*) is a powerful attempt to come to terms with the cruelty that was in plain sight in his own upbringing. Responding to the overt racism of the Trump era, Ta-Nehisi Coates’s “My President Was Black” (*Atlantic*) looks back at the meaning of Obama. Howard Bryant (*ESPN the Magazine*) and Bim Adewunmi (*Buzzfeed*) offer incisive columns on the intersections of pop culture, sports, race, and politics. In addition, David Wallace-Wells reveals the coming disaster of our climate-change-ravaged future (*New York*); Don Van Natta Jr. and Seth Wickersham’s *ESPN the Magazine* reporting exposes the seamy sides of the NFL; Nina Martin and Renee Montagne investigate America’s shameful record on maternal mortality (*NPR/ProPublica*); Ian Frazier asks “What Ever Happened to the Russian Revolution?” (*Smithsonian*); and Alex Mar considers “Love in the Time of Robots” (*Wired* with *Epic Magazine*). The collection concludes with Kristen Roupenian’s viral hit short story “Cat Person” (*New Yorker*).

"*Cosmo Woman*" Oliver Whitehorne,1997 COSMO WOMAN This is one of the few full-length explorations of the 'women's magazine' market. Focussing on *Cosmopolitan* magazine, Oliver Whitehorne considers every aspect of the women's magazine, from themes and issues to images and style. The feminism in women's magazines is discussed in detail, and is related to second wave feminism and third wave or 'postmodern' feminism. As well as *Cosmopolitan*, the author also studies many other magazines in the women's magazine market, and related magazines, such as lifestyle magazines and men's magazines. The author looks at the use of advertizing and consumerism in women's magazines and other lifestyle and consumer magazines, drawing on many examples of ads which are deconstructed in detail. EXTRACT FROM CHAPTER TWO, THE COSMO WOMAN Let's start with the typical front page of *Cosmopolitan*. As with most other women's magazines, *Cosmopolitan* features a woman, a model, smiling. It's not a

movie star, or someone with a name (the model, we see inside, is called 'Rohini'. Models/ supermodels are known by their first names: Naomi, Claudia, Kate). The imagery of the woman is 'positive', 'exuberant', 'young', 'tanned', 'smart', 'in control', 'self-confident'. The photographs on the covers of women's magazines speak of healthy living, clean-washed clothes, where white is truly sparkling white. Teeth are perfect. There are no wrinkles or unsightly flabby bits of skin. The models' skin is blemishless. Jewellery is perfect and there are no 'bad hair' days for cover stars. This woman is nameless but she is also 'Cosmo woman', centrepiece of the image chosen to sell this month's issue of the magazine. The model is selected to portray the mood and aims of the magazine, and to leap out of the other magazines on the racks. She is, of course, also the mirror of the audience, but a stylized, idealized mirror. The cover of Cosmo shows the would-be buyer and audience what they could be like. It is a piece of advertizing, the magazine cover. It invites the browser into the world of the magazine. It has to make a direct and instantaneous appeal to the potential buyer. Booksellers know that the most important aspect of a book's sales potential is its cover. Magazines have developed cover design to a refined artform, and each magazine has its house style, its code of subtle laws that consumers read in a very sophisticated manner. There may not be much to read on the cover, but it takes a while to really explain and understand the significance of every aspect of a cover. Like a movie poster or a burger bar menu, a magazine cover is a highly stylized product (physical details of the magazine cover include type size, shape and colour; size and texture of paper; the sell-lines; the lay-out; it's also crucial where the magazine is displayed - high or low, or next to particular magazines).

The Girl on the Magazine Cover Carolyn Kitch, 2009-11-15 From the Gibson Girl to the flapper, from the vamp to the New Woman, Carolyn Kitch traces mass media images of women to their historical roots on magazine covers, unveiling the origins of gender stereotypes in early-twentieth-century American culture. Kitch examines the years from 1895 to 1930 as a time when the first wave of feminism intersected with the rise of new technologies and media for the reproduction and dissemination of visual images. Access to suffrage, higher education, the professions, and contraception broadened women's opportunities, but the images found on magazine covers emphasized the role of women as consumers: suffrage was reduced to spending, sexuality to sexiness, and a collective women's movement to individual choices of personal style. In the 1920s, Kitch argues, the political prominence of the New Woman dissipated, but her visual image pervaded print media. With seventy-five photographs of cover art by the era's most popular illustrators, *The Girl on the Magazine Cover* shows how these images created a visual vocabulary for understanding femininity and masculinity, as well as class status. Through this iconic process, magazines helped set cultural norms for women, for men, and for what it meant to be an American, Kitch contends.

Confidential Confidential Samantha Barbas, 2018-09-04 In the 1950s, Confidential magazine, America's first celebrity scandal magazine, revealed Hollywood stars' secrets, misdeeds, and transgressions in gritty, unvarnished detail. Deploying a vast network of tipsters to root out scandalous facts about the stars, including their sexual affairs, drug use, and sexuality, publisher Robert Harrison destroyed celebrities' carefully constructed images and built a media empire. Confidential became the bestselling magazine on American newsstands, surpassing Time, Life, and the Saturday Evening Post. Confidential's spectacular rise was followed by an equally spectacular fall. Stars filed multimillion dollar libel suits against the magazine, and the state of California, prodded by the film studios, prosecuted its publisher for obscenity, culminating in a famous, star-studded Los Angeles trial in 1957. The lawsuits forced Confidential to end its scandalmongering, and it stopped printing its sleazy gossip in 1958. However, the magazine's legacy lives on in our culture's obsession with gossip and celebrity scandal. Confidential's success marked the end of an era of hush-hush—of secrets, closets, and sexual taboos—and the beginning of our age of tell-all exposure.
