Death by Meeting Patrick M. Lencioni, 2010-06-03 A straightforward framework for creating engaging and exciting business meetings Casey McDaniel had never been so nervous in his life. In just ten minutes, *The Meeting*, as it would forever be known, would begin. Casey had every reason to believe that his performance over the next two hours would determine the fate of his career, his financial future, and the company he had built from scratch. “How could my life have unraveled so quickly?” he wondered. In his latest page-turning work of business fiction, best-selling author Patrick Lencioni provides readers with another powerful and thought-provoking book, this one centered around a cure for the most painful yet underestimated problem of modern business: bad meetings. And what he suggests is both simple and revolutionary. Casey McDaniel, the founder and CEO of Yip Software, is in the midst of a problem he created, but one he doesn’t know how to solve. And he doesn’t know where or who to turn to for advice. His staff can’t help him; they’re as dumbfounded as he is by their tortuous meetings. Then an unlikely advisor, Will Peterson, enters Casey’s world. When he proposes an unconventional, even radical, approach to solving the meeting problem, Casey is just desperate enough to listen. As in his other books, Lencioni provides a framework for his groundbreaking model, and makes it applicable to the real world. *Death by Meeting* is nothing short of a blueprint for leaders who want to eliminate waste and frustration among their teams and create environments of engagement and passion.

100 Tricks to Appear Smart in Meetings Sarah Cooper, 2016-10-04 Funny because it's true. From the creator of the viral sensation *10 Tricks to Appear Smart in Meetings* comes the must-have book you never knew you needed, *100 Tricks to Appear Smart in Meetings*. In it, you will learn how to appear smart in less than half the time it takes to actually learn anything. You know those subtle tricks your coworkers are all guilty of? The constant nodding, pretend concentration, useless rhetorical questions? These tricks make them seem like they know what they’re doing when in fact they have no clue. This behavior is so ingrained, so subtle, and so often mistaken for true intelligence that identifying it, calling it out, or compiling it into an exhaustive digest has never been attempted. Until now. Complete with illustrated tips, examples, and scenarios, *100 Tricks* gives you actionable ways to use words like “actionable,” in order to sound smart. Every type of meeting is covered, from general meetings where you stopped paying attention almost immediately, to one-on-one meetings you zoned out on, to impromptu meetings you were painfully subjected to at the last minute. It’s all here. Open this book to any page and find an easy-to-digest trick with an even easier-to-digest illustration, guiding you on: how to nail the big meeting by pacing and nodding most effective ways to listen to your coworkers while still completely ignoring them the key to making your presentations “interactive.” If you hadn’t noticed these behaviors before, you will see them now—from your colleagues, your managers, and soon yourself. Each trick is a mirror to the reality of what happens in meetings, told in the form of hilariously bad advice—advice that you might just want to take. But probably not. But maybe.

Marriage Meetings for Lasting Love Marcia Naomi Berger,2014-01-15 Most couples — because they watch so many of their peers divorce and are themselves the products of failed marriages — don't have many successful long-term-relationship role models. Parenting and communication issues are perennial, while some challenges, like increasingly 24-7 work lives and economic hardships, mark the current decade. Despite all this, psychotherapist and clinical social worker Marcia Naomi Berger asserts that most couples can make love last — they just need to learn how. Berger answers this need with a deceptively simple prescription: have an interruption-free thirty-minute (or even shorter) meeting each week and follow an agenda that includes the kind of appreciation and planning for fun that foster intimacy and pave the way for collaborative conflict resolution. Berger has refined these techniques while working with hundreds of couples — with results that are both practical and profound.

Jackie Weaver, Chief Officer of the Cheshire Association of Local Councils Zoom fatigue? Calendar full of meetings that could just be an email? Online and offline, too much valuable time is wasted in meetings. Often little advance planning takes place, resulting in productivity drains rather than productivity gains. Providing realistic and practical advice, productivity professionals Graham Allcott and Hayley Watts show how to reduce the amount of time you spend in meetings, and ensure that the ones that you do attend are genuine opportunities to collaborate and get things done. Learn how to hold and attend meetings where the focus is on the outcome; get to grips with the 40-20-40 Continuum, so that only 20 per cent of your attention for each meeting is spent in the meeting itself - the rest is in the preparation and the follow-through; and understand when it's necessary to say that you won't be attending - and how best to do so.
