*The International Journal of Indian Psychology, Volume 3, Issue 4, No. 57* IJIP.In,2016-07-27 It gives me immense pleasure to welcome all to explore/publish/ comment in/on our journal, The International Journal of Indian Psychology (IJIP). There are a lot of challenges which the growing psychological face in the realms of basic necessities in life. Psychological thoughts can play a very distinct role in bringing about this change. One of the key objectives of research should be its usability and application. This journal attempts to document and spark a debate on the research focused on psychological research and ideas in context of emerging geographies. The sectors could range from psychological education and improvement, mental health, environmental issues and solution, health care and medicine and psychological related areas. The key focus would however be the emerging sectors and research which discusses application and usability in social or health context. We intended to publish case reports, review articles, with main focus on original research articles. Over objective is to reach all the psychological practitioners, who have knowledge and interest but have no time to record the interesting cases, research activities and new innovative procedures which helps us in updating our knowledge and improving our treatment. Finally, I would like to thank RED'SHINE International Publications, Inc for this keepsake, and my editorial team, technical team, authors and well wishers, who are promoting this journals. With these words, I conclude and promise that the standards policies will be maintained. We hope that the research featured here sets up many new milestones. I look forward to make this endeavour very meaningful.

*Values Education on Human Sexuality* Marie Adelaide D. Murrf Trinidad,Charming May DA Guce,Ma. Concha B. De La Cruz,Theresa Ma. B. Cortes,Robert Z. Cortes, MARRIAGE AND FAMILY LIFE (FOR GRADE 10, THE AGE OF AWAKENING) The book series is all about education in human sexuality, based on the nourishment and cultivation of the natural gift of a person's character. The series is based on the premise that SEXUALITY EDUCATION is, basically, CHARACTER EDUCATION, which in turn is founded on human dignity and encompasses formation in moral standards and human conduct; hence, covering the key elements of "life and love, and everything in between". Comprising an introductory volume for parents and teachers; a volume for classroom use of teachers; a volume for parents; and eight volumes for Grades 5 to 12, respectively, this current volume is specifically addressed to Grade 6 pupils, about 16 to 17 year olds in their late adolescence. It talks about MARRIAGE AND FAMILY LIFE: the crucial need to know oneself little by little but well; what marriage is and is not; what responsible parenthood truly is; and the source of genuine fulfillment in family life. Marriage and family life are the end goal of the education of most people, except for those who decide to remain single for higher ends. Until the day of the wedding, the script of life has as its "happy ending", the shaping of a home exuding with "love, life, and everything in between". The book series is characterized by sound, perennial concepts and by teaching and learning tools geared towards the age group being addressed.

Devotions from Moose Manor Judi Collins,2016-01-28 Jesus never fails. I did. My husband and I had been living large for nearly thirty years and were in debt up to our eyeballs when the housing market crashed. As went the economy, so went my husbands job. Crushed with depression, he left for Hollywood to reinvent himself and his career. I was left with a huge home, a huge debt, two college-aged sons, my husbands eighty-nine-year-old mother who had lived in our home for seventeen years, and a badly bruised self-esteem. Within four months, the bank foreclosed on our debt. I sold what I could, shipped the rest to California, and helped my sons and mother-in-law find places to live. From my crisis came deliverance. From my loneliness came a newfound intimacy with the One who loves me unconditionally. He stands beside me drawing me near to Him in prayer, praise and Bible study, constantly reminding me of the Bible verses I memorized as a child. Each day I see His flavor in my life. God has never left my side. When others ride off into the sunset and you are left without a horse, let the dust settle. Lay down the burden of anger, resentment and fear. You were never meant to carry the heavy load. Jesus has said: My yoke is easy and my burden is light! (Matthew 11:30) Jesus Christ restores through forgiveness: His and yours.

Terrorism: Creating a Climate of Fear Saghir Iqbal,2018-08-07 This book looks at the concept of ‘terrorism’ and its primary aim of creating a climate of fear. Any discussion of terrorism has to firstly define its terms: what do we mean by terrorism and how does it manifest itself in contemporary accounts and moreover, what is the difference between legitimate military action and one based on terror? The definitions of terrorism are complex and depend, to a very large extent, on who one is asking. A government defence adviser would, for instance, have a markedly different notion of what constitutes terrorism than a member of a paramilitary organisation and an ordinary member of the public might have a notion based somewhere on the interaction between these two depending on their socio-cultural background. This is primarily the main reason why the term has not been universally accepted by all scholars or academics. There are many reasons why political groups attempt to bring about radical change through terrorism. People are often frustrated with their position in society. They may in some way feel persecuted or oppressed because of their race, religion, or they feel exploited by a government. Any group that uses terrorist actions have very complex and powerful reasons to engage in those activities. The usual experience of violence by a stronger party has historically turned victims into terrorists. State terror very often breeds collective terror. Because ‘terrorism’ is a word that has been used so much and so loosely that it has lost a clear meaning. It can be argued that terrorists are not born, but created as issues of today develop into the conflicts of tomorrow.
