David Silkenat

The Power of Moments Chip Heath,Dan Heath,2017-10-03 The New York Times bestselling authors of Switch and Made to Stick explore why certain brief experiences can jolt us and elevate us and change us—and how we can learn to create such extraordinary moments in our life and work. While human lives are endlessly variable, our most memorable positive moments are dominated by four elements: elevation, insight, pride, and connection. If we embrace these elements, we can conjure more moments that matter. What if a teacher could design a lesson that he knew his students would remember twenty years later? What if a manager knew how to create an experience that would delight customers? What if you had a better sense of how to create memories that matter for your children? This book delves into some fascinating mysteries of experience: Why we tend to remember the best or worst moment of an experience, as well as the last moment, and forget the rest. Why “we feel most comfortable when things are certain, but we feel most alive when they’re not.” And why our most cherished memories are clustered into a brief period during our youth. Readers discover how brief experiences can change lives, such as the experiment in which two strangers meet in a room, and forty-five minutes later, they leave as best friends. (What happens in that time?) Or the tale of the world’s youngest female billionaire, who credits her resilience to something her father asked the family at the dinner table. (What was that simple question?) Many of the defining moments in our lives are the result of accident or luck—but why would we leave our most meaningful, memorable moments to chance when we can create them? The Power of Moments shows us how to be the author of richer experiences.

Defining Moments Bill Johnson,Jennifer Miskov,2016-01-08 A Prophetic Anointing for Today Defining Moments is a fascinating look at the remarkable ways in which God has used ordinary people to change history. But it is about more than history alone—it illuminates the present and unveils the future. Prophetic in nature, the book reveals how God wants to work in each of our lives to fulfill His purposes—today, tomorrow, and in the years to come. The stories in this collection of God-encounters carry a prophetic anointing for all who have ears to hear. Author Bill Johnson highlights the significant traits and contributions of many well-known revival leaders, including John Wesley, Charles Finney, Dwight L. Moody, Maria Woodworth-Etter, Carrie Judd Montgomery, Smith Wigglesworth, John G. Lake, Evan Roberts, Rees Howells, Aimee Semple McPherson, Kathryn Kuhlman, Randy Clark, and Heidi Baker. He explains the impact these leaders can have on us today as we respond to the life-changing truths revealed through their life stories. There is power in knowing the testimonies of men and women who experienced God in a defining moment and said yes to His unique call on their lives. It is a power that inspires us to hunger for God in such a way that we, too, will have an encounter with Him that launches us into the world of the “impossible,” enabling us to fulfill a greater measure of our destiny. Read this book with a sense of readiness, and watch what happens.

Moments Cristiano Ronaldo,Manuela Brandão,2008 Cristiano Ronaldo is the world famous Manchester United and Portuguese International footballer, admired around the world for his unique style of play. Football fans recognise instantly how he dribbles the ball, but there’s a great deal about him that has never been made public before. Cristiano recognises that his youth does not yet give him the right to produce an autobiography, and Moments does not set out to be one. It is an invitation to the reader to share with him some of the most fantastic moments of his career so far, and get to know him a little better. As well as an array of sumptuous photographs Cristiano Ronaldo gives his thoughts about his life so far, both on and off the pitch. Moments relates the story of his love of football from early childhood in Madeira; the homesickness he suffered as a result of the move, aged 12, to a football academy in Lisbon; through to his time with Manchester United, the club which has really made him famous and turned him into a football idol at only 22 years of age. He speaks of his love of playing for his country and the love and support of his family, as well as the sad moments in his life such as the death of his father. The book also shows glimpses of him training and enjoying his leisure time, the charity work he involves himself in, as well as off-field activities in both his professional capacity and for pleasure. He hopes that through these stories, and beautiful photographs by Jorge Monteiro, you will get to know Cristiano Ronaldo a little better. As you finish reading the last line he also trusts you will have enjoyed the book with the same enthusiasm you would get from watching him play football.

Movements & Moments Sonja Eismann, Maya, and Ingo Schöningh,2022-11-15 In 1930s Bolivia, self-described Anarchist Cholas form a libertarian trade union. In the Northern Highlands of Vietnam, the songs of one girl’s youth lead her to a life of activism. In the Philippines, female elders from Kalinga blaze a trail when pushed into an impromptu protest. Equally striking accounts from, Chile, Ecuador, India, Nepal, and Peru weave a tapestry of trauma and triumph, shedding light on not-too-distant histories otherwise overlooked. Indigenous Peoples all over the world have always had to stand their ground in the face of colonialism. While the details may differ, what these stories have in common is their commitment to resistance in a world that puts profit before respect, and western notions of progress before their own. Movements & Moments is an introductory glimpse into how Indigenous Peoples tell these stories in their own words. From Southeast Asia to South America, vibrant communities must grapple with colonial realities to assert ownership over their lands and traditions. This project was undertaken in cooperation with the Goethe-Institut Indonesien in Jakarta. These stories were selected from an open call across forty-two countries to spotlight feminist movements and advocacies in the Global South.

Native Moments Nic Schuck ,2016-09-15 In the tradition of other great ex-patriot stories like The Sun Also Rises or All the Pretty Horses, Native Moments is a coming-of-age adventure set among the lush landscape of Costa Rica. After the death of his brother, Sanch Murray leaves for a surf trip as a way to cope and sets out on a quixotic search for an alternative to the American Dream. Set in 1999 Costa Rica, Sanch and his friend Jake Higdon wander the dirt roads of Tamarindo and surrounding areas chasing waves as a way to live out the romantic fantasy lifestyle of traveling surfers. Jake Higdon, six years Sanch's senior, takes on the role of the wise leader and Sanch as his young apprentice. Sanch's adventure leads to encounters with people who share world views he had never considered and could potentially shape his own changing perceptions about life. Through sometimes humorous episodes such as trying his hand as a matador at a roadside rodeo or in his not so humorous battle with dysentery, Sanch explores life's beauty and wonder alongside the darker undercurrents of humanity. Along his journey, Sanch befriends a shamanic traveler named Rob, young revolutionaries from Venezuela, numerous expatriates from around the world trying to escape whatever it is that keeps chasing them, and a beautiful local girl named Andrea, who Sanch suspects is a prostitute but can't help falling for.

Moments of the Heart Dorice Horenstein, 2019-10-29 There are many paths to Jewish ideals, and Moments of the Heart, 2020 Gold winner of the Nonfiction Book Awards and Finalist of the International Book Award, takes readers by the hand in a non-intimidating way to explore Jewish thoughts, choose a kinder life, and be empowered. Our heart has a tremendous influence on how we view life, how we act, and how we build relationships. Just as the heart has four chambers, Moments of the Heart lays out four different types of relationships: with oneself, with others, with the Creator, and once-in-a-life time moments that define people. Each chamber contains several entries introducing topics that stem from Jewish thought and practice that inspire readers to live their best lives, utilizing Hebrew knowledge, wisdom, and word play to dig deep, explore, and bring light to a concept. Native Israeli and educator Dorice Horenstein provides a self-empowering road map that leads readers towards the positive aspects of their lives with a Lev Moment opportunity at the end of each entry that sparks questioning, presents tangible tools and activities, and jump starts reflection to aid personal exploration. Approachable and inviting to both secular readers and all walks of faith who wish to cultivate a deeper ethical awareness and spiritual connection, Moments of the Heart serves to encourage everyone to live fully and wholeheartedly?heart, mind, and soul.

Defining Moments Joseph L. Badaracco Jr., 2016-08-16 When Business and Personal Values Collide “Defining moments” occur when managers face business decisions that trigger conflicts with their personal values. These moments test a person’s commitment to those values and ultimately shape their character. But these are also the decisions that can make or break a career. Is there a thoughtful, yet pragmatic, way to make the right choice? Bestselling author Joseph Badaracco shows how to approach these dilemmas using three case examples that, when taken together, represent the escalating responsibilities and personal tests managers face as they advance in their careers. The first story presents a young manager whose choice will affect him only as an individual; the second, a department head whose decision will influence his organization; the third, a corporate executive whose actions will have much larger, societal ramifications. To guide the decision-making process, the book draws on the insights of four philosophers—Aristotle, Machiavelli, Nietzsche, and James—who offer distinctly practical, rather than theoretical, advice. Defining Moments is the ultimate manager’s guide for resolving issues of conflicting responsibility in practical ways.

Moments of Despair David Silkenat, 2011-03-07 During the Civil War era, black and white North Carolinians were forced to fundamentally reinterpret the morality of suicide, divorce, and debt as these experiences became pressing issues throughout the region and nation. In Moments of Despair, David Silkenat explores these shifting sentiments. Antebellum white North Carolinians stigmatized suicide, divorce, and debt, but the Civil War undermined these entrenched attitudes, forcing a reinterpretation of these issues in a new social, cultural, and economic context in which they were increasingly untethered from social expectations. Black North Carolinians, for their part, used emancipation to lay the groundwork for new bonds of community and their own interpretation of social frameworks. Silkenat argues that North Carolinians’ attitudes differed from those of people outside the South in two respects. First, attitudes toward these cultural practices changed more abruptly and rapidly in the South than in the rest of America, and second, the practices were interpreted through a prism of race. Drawing upon a robust and diverse body of sources, including insane asylum records, divorce petitions, bankruptcy filings, diaries, and personal correspondence, this innovative study describes a society turned upside down as a consequence of a devastating war.

Made to Stick Chip Heath, Dan Heath, 2007-01-02 NEW YORK TIMES BESTSELLER • The instant classic about why some ideas thrive, why others die, and how to make your ideas stick. “Anyone interested in influencing others—to buy, to vote, to learn, to diet, to give to charity or to start a revolution—can learn from this book.”—The Washington Post Mark Twain once observed, “A lie can get halfway around the world before the truth can even get its boots on.” His observation rings true: Urban legends, conspiracy theories, and bogus news stories circulate effortlessly. Meanwhile, people with important ideas—entrepreneurs, teachers, politicians, and journalists—struggle to make them “stick.” In Made to Stick, Chip and Dan Heath reveal the anatomy of ideas that stick and explain ways to make ideas stickier, such as applying the human scale principle, using the Velcro Theory of Memory, and creating curiosity gaps. Along the way, we discover that sticky messages of all kinds—from the infamous “kidney theft ring” hoax to a coach’s lessons on sportsmanship to a vision for a new product at Sony—draw their power from the same six traits. Made to Stick will transform the way you communicate. It’s a fast-paced tour of success stories (and failures): the Nobel Prize-winning scientist who drank a glass of bacteria to prove a point about stomach ulcers; the charities who make use of the Mother Teresa Effect; the elementary-school teacher whose simulation actually prevented racial prejudice. Provocative, eye-opening, and often surprisingly funny, Made to Stick shows us the vital principles of winning ideas—and tells us how we can apply these rules to making our own messages stick.

My Moment Kristin Chenoweth, Kathy Najimy, Linda Perry, Chely Wright, Lauren Blitzer, 2022-05-24 A collection of essays accompanied by beautiful black-and-white photography from a diverse group of women on the moment they realized they were ready to fight for themselves—including Gloria Steinem, Lena Waithe, Joanna Gaines, Brandi Carlile, Beanie Feldstein, Cynthia Erivo, and Billie Jean King, among others. This powerful essay collection is a natural extension of the #MeToo movement, revealing the interior experience of women after they’ve inevitably been underestimated or hurt—the epiphany that the world is different than they thought it to be—and how they’ve used this knowledge to make change. In My Moment, Gloria Steinem tells the story of how a meeting with writer Terry Southern drew blood. Carol Burnett shares how CBS discouraged her from pursuing The Carol Burnett Show, because comedy variety shows were “a man’s game.” Joanna Gaines reveals how coming to New York City as a young woman helped her embrace her Korean heritage after enduring racist bullying as a child. Author Maggie Smith details a career crossroads when her boss declined her request to work from home after the birth of her daughter, leading her to quit and never look back. Over and over again, when told “no” these women said “yes” to themselves. This hugely inspiring, beautiful book will move people of all ages and make them feel less alone. More than the sum of its parts, My Moment is also a handbook for young women (or any woman) making their way through the world.

Hinge Moments D. Michael Lindsay,2021-04-27 In life we have moments in time in which we have an opportunity before us to make a change or to respond to a situation. According to Michael Lindsay, president of Gordon College, what follows these instances will depend intrinsically on the decisions we make and the actions we take. These are what he calls hinge moments—opportunities to open (or close) doors to various pathways of our lives. Lindsay maintains that getting these moments right can change our lives for the better, and getting them wrong can pose problems for years to come: Some transitions have a disproportionate impact on our happiness, our contribution to society, and our family's well-being. In these pages Lindsay shares faith-based stories of success and failure from his ten-year study of 550 PLATINUM leaders. He has charted seven phases of transition, providing both practical and spiritual insights for making the most of each stage. In uncertain and tumultuous times, there is no better advantage than wisdom gained early.
