Tales from the Visitor Class in Montreal James Cummins, 2012-11 In 2005, at the age of 23, James Cummins moved to Montreal, Quebec after living his entire life in Alberta. Over the following seven years Cummins wrote three major unpublished works—two novels and an absurdist piece of theatre—in addition to many published non-fiction books and articles. Each of his unpublished works though, exposes the soul of an artist discovering his love for a new and wondrous city he came to call home, and living in a place isolating him with culture and language barriers seemingly impenetrable at times. By the end of these seven years Cummins had gone from an obscure stage manager, technical director, actor, and writer from the Concordia University College of Alberta to the winner of the 2009 BookTelevision award for the best Canadian writer under the age of 30, having written books published on major publishers, and ghostwritten dozens more. It is, however, these most sensitive, until now unpublished works that express the things hidden from his other works—the abstract sublimations of an Anglophone living isolated in a foreign place. From *GuidingHand_777*, written in his first years in Montreal and inspired fake news culture, to *A Temple for Oysters and Ferns*, written for the 2009 Canadian 3-Day Novel Contest, to *The Sublime*, his most recent abstract dramatic work, these pieces exhibit the private work of one of Canada's brightest new writers. Cummins currently resides in Ottawa, Ontario, serving as Chief Operating Officer of the Internet company WikiExperts.us and President of In Fusion Productions.

Metropolitan Natures Stéphane Castonguay, Michèle Dagenais, 2011-06-12 One of the oldest metropolitan areas in North America, Montreal has evolved from a remote fur trading post in New France into an international center for services and technology. A city and an island located at the confluence of the Ottawa and St. Lawrence Rivers, it is uniquely situated to serve as an international port while also providing rail access to the Canadian interior. The historic capital of the Province of Canada, once Canada's foremost metropolis, Montreal has a multifaceted cultural heritage drawn from European and North American influences. Thanks to its rich past, the city offers an ideal setting for the study of an evolving urban environment. *Metropolitan Natures* presents original histories of the diverse environments that constitute Montreal and its region. It explores the agricultural and industrial transformation of the metropolitan area, the interaction of city and hinterland, and the interplay of humans and nature. The fourteen chapters cover a wide range of issues, from landscape representations during the colonial era to urban encroachments on the Kahnawake Mohawk reservation on the south shore of the island, from the 1918-1920 Spanish flu epidemic and its ensuing human environmental modifications to the urban sprawl characteristic of North America during the postwar period. Situations that politicize the environment are discussed as well, including the economic and class dynamics of flood relief, highways built to facilitate recreational access for the middle class, power-generating facilities that invade pristine rural areas, and the elitist environmental hegemony of fox hunting. Additional chapters examine human attempts to control the urban environment through street planning, waterway construction, water supply, and sewerage.

The History of Montréal Paul André Linteau, 2013 This book tells the fascinating story of Montreal, Canada, from prehistoric time through the 21st century. Outlining Montreal's diverse ethnic and cultural origins and its strategic geographical position, this lively account shows how a small missionary colony founded in 1642 developed into a leading economic city and cultural center, the thriving cosmopolitan hub of French-speaking North America.

Montreal's Irish Mafia D'Arcy O'Connor,2011-03-21 Their names resonate with organized crime in Montreal: the Matticks, MacAllisters, Johnstons and Griffins, and Peter Dunne Ryan. They are the Irish equivalent of the infamous Rizzuto and Cotroni families, and the Mom Bouchers and Walter Stadnicks of the Hells Angels. Award-winning producer, journalist and author D'Arcy O'Connor narrates the genesis and rise to power of one of Montreal's most powerful, violent and colorful criminal organizations. It is the West End Gang, whose members controlled the docks and fought the Hells Angels and Mafia for their share of the city's prostitution, gambling, loan sharking and drug dealing. At times, they did not disdain forging alliances with rival gangs when huge profits were at stake, or when a killing needed to be carried out. The West End Gang—the Irish Mafia of Montreal—is a legendary beast. They sprang out of the impoverished southwest of the city, some looking for ways to earn enough just to survive, some wanting more than a job in an abattoir or on a construction site. In that sense, they were no different from other immigrants from Italy and other European countries. A shortcut to wealth was their common goal. And Montreal, with its burgeoning post-WWII population, was ripe for the picking. The Irish Mob made headlines with a spectacular Brinks robbery in 1976, using the money to broker a major heroin and cocaine trafficking ring. It took over the Port of Montreal, controlling the flow of drugs into the city, drugs which the Mafia funnelled to New York. The West End Gang had connections to the cocaine cartel in Colombia; hashish brokers in Morocco and France; and marijuana growers in Mexico. The gang imported drugs on an enormous scale. One bust that took place off the coast of Angola in 2006 involved 22.5 tonnes of hashish, destined for Montreal. The West End Gang is a ripping tale that unveils yet another chapter in Montreal's colorful criminal underworld.
